Subject: Draft letters for Cong. Wynn and Cabinet Secretaries

Maria:

Second document attached is at the request of Cong. Wynn to underline administration's support for the EEOC taskforce. He's also talked about releasing the report at the time of the Cong. Black Caucus meeting in Sept. with Ida doing the presentation. See note in cover email about additional opening paragraph on memo from you as well. I don't have any problem with it, however, I suspect John Podesta writes to Cab. secretaries, not you. Since this task force has been the project of the PMC or Dep. Sec.s I'd be happy to co-sign with you a memo to them instead. Wynn talked about involving Cabinet Secretaries which is why Karen Freeman, NPR staff, wrote the memo the way she did. We could always cc the Cabinet secs. Let me know what you think.

Morley,

Per our earlier conversation, attached are two draft letters:

1. to Albert Wynn for your signature
2. to Cabinet Secretaries for Maria Echaveste's signature. This letter may need a lead paragraph reflecting the Administration's position on the importance of a fair and effective EEO process.

The Honorable
Congressman Albert Wynn

Dear Congressman Wynn:

Thank you for your continued interest and support of the NRP/EEOC Interagency Federal EEO Task Force. As you know, our initial goals were to undertake a thorough examination of the Federal EEO complaint process, specifically in the areas of data collection, dispute prevention strategies, early dispute resolution, and best practices. I am happy to report that the teams plan to issue their findings at our next Senior Leadership Committee meeting on August 7th. We would like to ask that you be present and address the members, urging them to continue their efforts, individually and collectively, in the years to come.

As a result of our work, we plan to issue our report in September, 2000. To that end, we would like to explore with you and your staff, ways in which we can release the report, possibly during this years' Congressional Black Caucus conference.

Again, thank you for your leadership and support of our joint efforts. We look forward to continuing our partnership.

Sincerely,

Morley Winograd

Re: NPR/EEOC Interagency Federal Task Force

The National Partnership for Reinventing Government and the Equal Employment Opportunity Commission have partnered with your agency to put forth recommendations for reforming the federal EEO complaint process. Over the past year, we have depended on your agency representatives assigned to the Task Force, to develop findings and recommendations that will be compiled in a report and issued on or about September, 2000.

To that end, we ask that you continue to allow your agency representatives to participate during this final, and most critical phase. I know that you can appreciate the importance of the work that remains to be accomplished and we appreciate your continued support.
