Subject: White House Request

In an effort to aid the White House in putting together an important
project that perhaps US businesses doing business in Africa could aid in,
Ed Casselle's office is trying to assemble a list of the US compnaies
doing business in Africa. We ask your help in adding to the list, the
names and contact information of US companies that you are in contact with
that operate in Africa. We have received faxes and e-mails from diplomatic
post all over the world.

I appreciate your help.

Subject: White House Request

In an effort to aid the White House in putting together an important project that perhaps US businesses doing business in Africa could aid in, Ed Casselle's office is trying to assemble a list of the US compnaies doing business in Africa. We ask your help in adding to the list, the names and contact information of US companies that you are in contact with that operate in Africa. We have received faxes and e-mails from diplomatic post all over the world.

I appreciate your help.
