Dear Miss Bowyer:

Thank you for your interest in photos of an Efficacy classroom. Unfortunately, our selection is very limited. We rarely take photos in schools because they require a release from every student in the class. We do, however, have a handful that have release permission. They were not taken by a professional photographer and the two I have included are the best of the bunch.

If I can be of further assistance, feel free to contact me at extension 522.

Sincerely,

Victoria Van Cleef
Director of Product Development
