SUBJECT: 1993 Annual Meeting and Special Program at the Annual Meeting of AHSR

Stan Wallack
617-736-3901
Kathy Reskin
617-736-3901

It's always a treat to catch up with you and a special pleasure to receive word about your latest career accomplishments and research activities. I want to call your attention to two important upcoming activities:

1993 Annual Meeting

This year's annual meeting will be held June 6-9 in Boston, and will focus on the theme of "Health Care Reform and Special Populations." A tentative agenda is enclosed. Please let us know if you would be interested in participating in the meeting. We are especially eager to have the contribution of former Fellows with special expertise in the areas under discussion. We have some (but limited) funds to help subsidize the travel/hotel costs associated with the meeting. If you are interested, please call me or my assistant, Karen Orlando, as soon as possible.

Pew Roundtable at the Annual Meeting of the Association for Health Services Research

We are planning a Pew activity at this year's annual AHSR meeting to be held in Washington, June 27-29. Brandeis' Stan Wallack is coordinating one of the major plenary sessions on Monday, June 28 entitled "Caring for the Disabled: Establishing a Boundary for Acute Care." A number of Pew Fellows and alumni will participate in the panel discussion. Following that session, there will be a roundtable from 2:30 - 4:30 p.m. to continue the dialogue that will showcase the expertise of Pew students, faculty, and alumni in the areas of the frail elderly, the mentally ill, and the physically disabled from the perspectives of policy researchers and decision makers. *Please let us know if you would like to participate in this session.*

Re: Format of Policy Roundtable Breakout Groups

Date: May 25, 1993

Thank you for agreeing to participate in the Policy Roundtable Discussions on "Desirable Outcomes and Implementation Issues" at the Pew Annual Meeting. The Roundtable Discussions will take place on Monday, June 7, 1993 from 2:00 pm to 4:00 pm. We have selected two facilitators for each of the vulnerable population groups as noted on the attached agenda. Also enclosed is a two-page outline describing the objectives for the Roundtable Discussions and instructions for conducting the discussions. The role of the facilitator is to get the group started, help the group stay on track and ensure that the group addresses the three questions in the allotted time.

Jon Chilingirian is the moderator for the Roundtable Discussions. We are planning to meet with all of the facilitators at lunch on Monday, June 7th at 1:00 pm to discuss the format of the breakout groups. In the meantime, please get in touch with the co-facilitators for your discussion group and divide up the responsibilities for your session. Each room will be equipped with a flipchart and markers. Please call me at (617) 736-3953 if you need any other materials for the session.

The Pew Annual Meeting will be held at the Hyatt Regency Cambridge located at 575 Memorial Drive right on the Charles River. For your information, the telephone number of the hotel is (617) 492-1234. For local participants, parking is available at the Hyatt on a first come, first served basis at the flat rate of \$12.00 per car/per day.

The Institute of Medicine (IOM) in Washington, D.C. is responsible for making hotel and flight reservations and planning meals for the conference. IOM has booked a block of rooms for

out-of-towners for Sunday night, June 6th through Tuesday night, June 8th. If you are from out-of-town and need an overnight reservation for any of the three nights, please call Karen Orlando at IOM as soon as possible at (202) 334-1573 to place your reservation. IOM will pay any travel expenses associated with your attendance at the conference. A travel voucher to itemize your reimbursement request will be provided at the meeting.

We encourage out-of-towners to use the IOM Travel Office to book flight reservations. Please call (800) 235-2210 and mention the Pew Health Policy Program Annual Meeting in Cambridge. The Institute of Medicine's office will be billed directly for your ticket and they will be notified of your flight arrangements.

**POLICY ROUNDTABLE ON DESIRABLE OUTCOMES AND
IMPLEMENTATION ISSUES**

Objectives for the Roundtable

1. To give conferees an opportunity to share their perspectives about the impact of the coming reforms on various community segments and/or vulnerable groups.
2. To generate ideas about the community population segments that may need more attention during the implementation phase of the coming reforms.
3. To define the policy issues for a vulnerable population group in terms of: (a) outcomes, (b) scope of services, and (c) implementation.
4. To provide an opportunity to pool individual judgments about the reforms issues into a written product.

Instructions

1. Complete introductions of all members of your group.
2. Each group has 2 facilitators. The facilitator's role is to get the group started, help the group stay on track, and ensure that the group addresses the three questions in the allotted time. Both facilitators should participate in the discussion.
3. At the end of the session the facilitator will report out the results of the discussion to the large group and write up notes for the proceedings.

POLICY ROUNDTABLE ON ISSUES AND HYPOTHESES

In this session we want everyone to have an opportunity to share their ideas. The first 20 - 30 minutes will involve a discussion of the desirable outcomes. The next 60 minutes will be a discussion of the scope of services needed and the implementation issues.

1. What are the desirable health status outcomes for your special population group?
2. To accomplish these outcomes, what scope of services in a benefit package would be necessary?
3. To implement the scope of services, what changes will be needed in the service delivery systems?

Dear Ms Gebbie:

Thank you for agreeing to participate in the Annual Pew Fellows Conference. The three-day conference will be held at the Hyatt Regency Hotel in Cambridge from June 6-9, 1993 and will be hosted by the Institute for Health Policy at Brandeis University. The theme of the conference is "National Health Care Reform: Meeting Community Needs?"

You will be a respondent at the plenary session entitled, "National Health Reform: The Needed Steps." This session will take place on Monday, June 7 from 8:30 am to 10:30 a.m. Rick Curtis, the President of the Institute for Health Policy Solutions, will speak on the major elements needed in the reform -- the processing (insurance reform) and delivery services (managed care organizations). There are two other respondents on your panel: Janet Scott-Harris and Wayne Lerner who will discuss the impact of the reform on hospitals and medical professionals and the public health system. I, as moderator of the panel, will be in touch with you regarding the format of your session.

Enclosed is a copy of the tentative agenda and a logistics memo from Kathy Raskin regarding the arrangements for the meeting. Please call me at (617) 736-3901 if you have any questions about the agenda. Once again, thank you and I look forward to seeing you in Cambridge in June.

SUBJECT: Logistics for Pew Health Policy Program Annual Meeting
Hyatt Regency Cambridge, June 6-9, 1993

DATE: May 20, 1993

We are delighted that you are able to participate in the upcoming Pew Health Policy Program Annual Meeting in Cambridge and want to confirm some program and logistical details with you. A tentative conference agenda is enclosed for your information.

The conference will be held at the Hyatt Regency Cambridge located at 575 Memorial Drive right on the Charles River. For your information, the telephone number of the hotel is (617) 492-1234. For local participants, parking is available at the Hyatt on a first come, first served basis at the flat rate of \$12.00 per car/per day.

The Institute of Medicine (IOM) in Washington, D.C. is responsible for making hotel and flight reservations and planning meals for the conference. IOM has booked a block of rooms for out-of-towners for Sunday night, June 6th through Tuesday night, June 8th. If you are from out-of-town and need an overnight reservation for any of the three nights, please call Karen Orlando at IOM as soon as possible at (202) 334-1573 to place your reservation. IOM will pay any expenses associated with your attendance at the conference. A travel voucher to itemize your reimbursement request will be provided at the meeting.

We encourage out-of-towners to use the IOM Travel Office to book flight reservations. Please call (800) 235-2210 or (202) 334-2850 and mention the Pew Health Policy Program Annual Meeting in Cambridge. The Institute of Medicine's office will be billed directly for your ticket and they will be notified of your flight arrangements.

Please notify Karen Orlando at IOM at (202) 334-1573 if you require any audio visual equipment or have any special requests for your presentation. In addition, please fax a brief biographical sketch for introductory purposes to Karen at (202) 334-1694 by Friday, May 21.

Once again, we look forward to your participation and hope that you can stay for some of the other sessions during the conference. We also invite you to attend any of the meals served before/after your presentation. If you have any questions regarding these arrangements or any last minute changes in your plans, please contact Karen Orlando as soon as possible.

SUBJECT: Materials for the Annual Meeting and
1993 Pew Directory and *Spring Pew Fellows News*

We are busily pulling together the final details for the 1993 Pew Health Policy Program Annual Meeting which is just two short weeks away. Enclosed is the current program agenda and participant list for this event. I think you'll all agree that Brandeis has done an excellent job putting together an exciting program. This year's theme is "Health Care Reform: Meeting Community Needs." The conference, which begins on Sunday, June 6th at 6:00 p.m. and concludes on Wednesday, June 9th at 1:30 p.m., is being held at the Cambridge Hyatt which is located at 575 Memorial Drive (right along the Charles River). Also enclosed is information on the hotel as well as directions to the facility. For your information, the phone number of the hotel is (617) 492-1234.

We also are delighted to include your copy of the 1993 Pew Health Policy Program Directory of Fellows and Alumni as well as the latest edition of the *Pew Fellows News*. We hope you enjoy catching up on all of the most recent accomplishments of the Pew family.

We are looking forward to seeing you shortly. If you have any questions or need any additional information, please don't hesitate to contact us.

Health System Reform from the State Perspective

Kristine Gebbie will discuss building a framework for health reform which includes prevention and public health, both from a state perspective and a national perspective.

Ms. Gebbie previously served as the Washington State Secretary of Health and is currently a senior consultant in the Office of the Assistant Secretary for Health, HHS, working on the public health portion of health reform nationally. She is a Dr. P.H. Candidate at the Univ. of Michigan School of Public Health. Her career includes work in nursing education and practice, hospital administration, and state public health administration (Oregon and Washington). Ms. Gebbie is a member of the Institute of Medicine and a fellow of the American Academy of Nursing, and has published and spoken on topics which include nursing diagnosis and nursing record-keeping systems, public health system development, HIV/AIDS policy, and community roles in health.

(Dan and Karen--please edit, revise, etc. as appropriate to fit what is needed for the program. The less you say about me the better, as far as I'm concerned, but I've given you a few items. As for the title/topic of my share of the discussion--what I think I can offer is the view of a state official now sitting within the Beltway, trying to keep a focus on the "why" of the reform process, and not let it be merely fiscal--if what I have written doesn't convey that, let me know. I'm looking forward to the meeting, and to the breakout session)

Dear Kristine:

We are delighted that you and Dan have agreed to organize a breakfast breakout session for the upcoming Pew Health Policy Program Annual Meeting in Cambridge, June 6-9, 1993. I am writing to follow-up on your telephone conversation with Karen Orlando and to complete the details for your session on State Health Reforms. Enclosed is a list of the breakout sessions. Please note that we have included your phone number for people to contact you about the session. Under separate cover, we are sending you the current program agenda along with a participants list.

Your breakout session is scheduled for Wednesday, June 9 from 8:00 am - 9:30 am. We anticipate that approximately 10-15 participants will attend each session. A continental breakfast will be available in each room.

We would like to get a formal title for your presentation, as well as a brief description of the session, to include in the program agenda. Also, we need to know if you will need any audiovisual equipment. Lastly, please submit a brief biographical sketch to be included in the background materials. Please fax this information to me at (202) 334-1694 by Friday, May 28th.

Many thanks for your help and contribution to the program. If you have any questions or concerns, please don't hesitate to contact me or Karen at (202) 334-1506.

Sincerely,

SUBJECT: OUR JUNE 9 BREAKOUT AT THE PEW ANNUAL MEETING

I'm so glad you can come! I had in mind a chance for discussion about state level reform using Washington and Massachusetts (where my classmate John McDonough is a legislator) as the point of departure. I think if John, you and I each prepare 10 to 15 minutes (maximum) we'll have plenty to talk about.

What would you like to speak on? I personally would find it very interesting to hear you discuss what the Beltway view of state reform (and state policy more generally) looks like to a person with strong state ties. Of course you also could speak on the cross-pressures in developing Washington's reform directions, or any of a dozen other topics.

My starting point on a session description is below. The correct order will depend on what you want to say. I'm off to Michigan Wednesday morning so it would be good if you can call, fax or send a note via MTS by the end of Tuesday. If I haven't heard from you I'll get a skeleton to Karen Orlando and tell her to consult with you about how to modify it.

Health System Reform from the State Perspective: Washington, Massachusetts, [... ?? ...]

This is a discussion session on state-level health reform, hosted by three present or past Michigan Pew Fellows with intimate involvement. At "press time," three ten-minute [or 15-minute?] presentations are planned: (1) Kristine Gebbie, formerly Washington State's Secretary of Health and currently ..., will ...; (2) Dan Rubin, who is project coordinator for Washington State's interagency health reform implementation planning effort (and for an associated grant from the Robert Wood Johnson Foundation) will summarize the Washington Health Care Reform Act of 1993 and some of the issues it poses; (3) John McDonough, a member of the Massachusetts Assembly since 198..., will discuss what went right and wrong during Massachusetts' health reform effort of ... Other Pew Fellows may wish to speak to events in their own states. All present are invited to discuss the opportunities, hazards, coordination issues and strategic challenges of state health reform initiatives.

On Wednesday morning, June 9 from 8:00 a.m. - 9:30 a.m., there are six breakfast breakout sessions being organized. Here is a listing of the sessions for Wednesday morning.

1. **State Health Reforms**
Dan Rubin, a current Michigan Fellow, and Kristine Gebbie, a former Michigan Fellow, are organizing this session and ask that others contact them if they are interested in reporting on current reform efforts in the U.S. Dan can be reached at (206) 705-6066; Kristine can be reached at (202) 205-8660.
2. **Use of Advance Directives in Long-Term Care:
A Comparative Analysis of the United States & the Netherlands**
Moderator: Joanna Weinberg, current UCSF Fellow. Joanna is currently in the Netherlands and difficult to contact. Please contact Karen Orlando at (202) 834-1573 with any messages for Joanna and she'll forward them to her.
3. **State Medicaid Managed Care Programs**
Moderator: Bridget Simone, former Michigan Fellow. If you are interested in collaborating on this session, please call Bridget at (312) 280-6452.
4. **Health Care Reform and Environmental/Occupational Health**
Moderator: Barbara Berney, former Boston University Fellow. For others who would like to contribute to this session, please contact Barbara at (617) 638-4620.
5. **Non-Financial Barriers to Care and Health Care Reform**
Jennifer Edwards, a former Michigan Fellow, is organizing this breakout and welcomes others to join her in developing the session. Jennifer can be reached at (617) 726-4106.
6. **The Importance of a Physician Leadership-Role
in Addressing Violence**
Ellen Taliaferro, a former UCSF Fellow, and Patricia Salber, a current UCSF Fellow, will lead a discussion on a new national organization that they have recently started called *Physicians for a Violence-Free Society*. They are eager to learn about others work in this area and to discuss different methods, approaches, and strategies to bring about a violence-free society. Ellen and Pat can be reached at (415) 821-8209.
