Kristine Gebbie, MN, RN, FAAN
National AIDS Policy Coordinator
Office of National AIDS Policy Coordination
Executive Office of the President
Washington, DC

Dear Kristine,

It was a pleasure to meet with you last week at Helen Miramontes' home. Thank you for being available to meet with us in San Francisco.

I'd like to take this opportunity to again congratulate you on your appointment as National AIDS Policy Coordinator. The people of the United States are looking to you to provide leadership on the Federal level to help bring an end to this devastating epidemic. You certainly have an arduous task before you. How wonderful it is to have a nurse in this position. We are available to provide any assistance you may require. Please do not hesitate to call upon us.

Retina and I have just completed arrangements for you to be able to attend the meeting of the American Nurses Association's HIV Task Force in Washington, on August 23 at 1:00 pm. Our Chair, Barbara Russell, is very pleased that you have accepted our invitation and will be joining us for discussions during lunch.

I'm looking forward to your next visit to San Francisco in October. I have spoken with Retina regarding the two events which we discussed for you to attend while here. These events, as you'll recall, were a reception for you with gay community leaders and a tour and/or speech at Kaiser Permanente Medical Center (depending upon your time commitments). I hope that we'll be able to confirm these in the near future.

Best wishes for success in your new role. I'll see you later this month in Washington.

Sincerely,

Allen Harris, RN, C.
