INTRODUCTION

This list of state agency/tribal authority and project manager contacts for the Center for Substance Abuse Treatment's (CSAT) programs for Addiction Treatment and Recovery Systems in Target Cities and Substance Abuse Treatment and Recovery Systems for Rural, Remote and Culturally Distinct Populations is not an official CSAT list. The list of projects was compiled by ES, Incorporated, under CSAT Contract No. 270-91-0003, Technical Assistance for Drug Abuse Programs, from the Systems Improvement Branch, Division of National Treatment Demonstrations.

As with any effort of this type, it is inevitably incomplete, or incorrect, despite the best efforts of ESI. A good part has to do with change but also a number of projects are in their planning and start up phase for the current cooperative agreement contract. Thus, this is a directory in process.

The intent of this listing of state agency/tribal authority and project manager contacts is to facilitate communication during and after the San Francisco Technical Assistance Workshop. If you have questions, comments and/or corrections, please contact the appropriate CSAT Project Officer. A CSAT Project Officer is listed for each project. You may also contact the following;
