LAST MINUTE INFORMATION FOR SPEAKERS

1. Please note the time frame for your presentation(s) (see attached sheet).
2. Complimentary parking is provided for you: Be sure to get a tangerine colored sticker from conference staff to affix to your parking ticket.
3. You are invited to a speaker's breakfast at 7:00 am in the Parc Cafe on the second floor of the hotel. The Conference Luncheon (12:30-2:pm) will be held in the Exhibit Hall (East Room).
4. **Morning Lecturers:** — 8:15 a.m.
 - a. We are videotaping the morning lectures for staff physicians and others who were not able to get into the conference. Please clip on the microphone for the videotaping; the videorecorder does not hook into the regular sound system. Please sign the attached "Consent to Photograph" form, and return it to Jesse Goldberg.
 - b. Please allow a few minutes for questions and answers within your lecture time frame.
 - c. If questioner does not speak into a microphone, please REPEAT THE QUESTION before you answer it.
5. **Workshop Speakers:**
 - a. Please be sure to end your workshops on time - all attendees will need to switch at the same time to avoid traffic jams in the corridors.
 - b. A floor-plan giving the location of your workshop and a list of attendees for your workshop is enclosed.
 - c. The following member(s) of our hospital staff will introduce you to your workshop attendees.

MEMORANDUM

DATE: May 23, 1994

TO: Conference Faculty

FROM: Carol Brosgart, M.D., Conference Chair

SUBJECT: Speaker Guidelines
AIDS Update for Primary Care - June 3, 1994

Thank you for agreeing to join the faculty of the 8th Annual AIDS Update for Primary Care at Alta Bates Medical Center. Our theme this year is "Evolution of an Epidemic: From Crisis to Survival". I would like you to keep this theme in mind as a framework for your remarks. In the plenaries and in the seminars, we would like our participants to leave with a strong sense of the following:

- 1) How much has changed in our understanding and treatment of HIV disease since the early years of the epidemic; characterize the progress in your particular area over the past 13 years
- 2) What are the unanswered research questions?
- 3) Given the limited health dollars, what is the most cost-effective way to treat HIV disease and its manifestations?
- 4) Given that the epidemic will be an ongoing part of the participants' professional lives and that it is very hard to maintain a "crisis" or "war mentality", how can we prevent burn-out and maintain hope as an HIV provider.

Dear Dr. Brosgart:

Thank you for your invitation for Kristine M. Gebbie, National AIDS Policy Coordinator, to participate in the 8th Annual AIDS Update Conference, "Evolution of an Epidemic: From Crisis to Survival" on June 3, 1994. Your request is under consideration and I will contact you at least sixty (60) days prior to the event as to Ms. Gebbie's availability.

Thank you for your interest and patience.

Sincerely,

W. Steve Lee

FAX (510)
835-3466
1001 Broadway St.

Dear Ms. Gebbie:

I would like to invite you to participate in our 8th Annual AIDS Update Conference for primary care practitioners. The conference will be held at the Parc Oakland in Oakland, California on Friday, June 3, 1994.

Our conference title is **"Evolution of an Epidemic: From Crisis to Survival"** With this in mind, we would like you to give an overview of the national policy in a plenary lecture. If available in the afternoon, we invite you to participate in a symposium on the impact of health care reform on AIDS entitled 'Managing AIDS in a Managed Care Environment'.

We would like to give you the opportunity to discuss your views on the AIDS epidemic, health care financing reform and your vision for the role that the new federal policy can play in dealing with the AIDS crisis.

This conference attracts approximately 500 internists, family practitioners and other health care professionals from throughout California who need a concise update on AIDS but cannot spend 5 days on in-depth education at the International AIDS meeting. Because we have established a reputation in Northern California for providing practicing physicians with concise and up to date information on changing trends in AIDS management, registration is always completely filled. I have enclosed brochures from 1992 and 1993 so that you can get a sense of the conference.

I would be most honored to have you as part of our faculty. Please let me know as soon as possible whether or not you will be able to accept our invitation. I can be reached at the East Bay AIDS Center in California at (510) 204-1870.

Sincerely,

Carol Brosgart, M.D.
Medical Director
East Bay AIDS Center

March 10, 1994

Kristine Gebbie
AIDS Policy Coordinator
The White House
Washington, DC 20510

Dear Ms. Gebbie:

Thank you for accepting my invitation to participate in our **8th Annual AIDS Update for Primary Care**. The conference will be held at the Parc Oakland Hotel at 1001 Broadway in Oakland on **Friday, June 3, 1994**.

Please send the enclosed speaker info sheet to us, verifying your academic titles and the description of your speech exactly as they should be listed in our conference brochure. We need this no later than Friday, March 11th to meet our brochure printing deadline.

This conference is designed to give primary care clinicians the latest information on major issues in HIV disease, and to allow attendees to select workshops that are pertinent to their needs. The program outline is attached for your reference. Lectures to the entire group will be in the morning; in the afternoon, from 2:00-5:30 p.m., attendees will choose from a selection of 1-1/2 hour workshops and 3-hour seminars. Most of the workshops will be repeated once to allow more attendees an opportunity to attend.

You will give a keynote address on the Role the National Health Policy Plays in Dealing with the AIDS Crisis. **Your lecture is scheduled to begin at 8:15 a.m.** Please leave a few moments for questions within your timeframe. The audience's level of sophistication will be varied because our attendees will be primary care physicians, nurses and public health educators.

We will prepare a conference syllabus for participants and would like each speaker to include an outline of his/her presentation and any key slides or important information that the participants would find valuable. In order to meet our printing deadlines we will need to receive your syllabus material by March 31.

Your travel expenses will be covered and we understand that no honorarium will be received. Within the next few weeks we will contact your office to make travel arrangements.

Later this spring I will give you further details about the program. If you have any questions, please contact me at (510) 204-1870 or the Alta Bates Medical Education Department at (510) 204-3884. We are looking forward to a successful and interesting conference.

Sincerely,

Carol Brosgart, MD

CHOOSE TWO OF THESE WORKSHOPS

5:30 & 7:30

ADOLESCENTS & HIV DISEASE - MINDY FULLILOVE, MD & ANN PETRU, MD

Adolescent behaviors that place them at risk for HIV acquisition: sexual experimentation, drug use • Education beyond condom use • Barriers to prevention messages • Confidentiality & involvement of parents • Teen pregnancy • Access to health care • Rising infection rate amongst adolescents • Treatment options & standard of care for adolescent HIV infection.

CASE VIGNETTES OF STD'S IN THE ERA OF AIDS - GAIL BOLAN, MD

Vignettes of various sexually transmitted diseases as a first presentation of HIV disease • Differences in presentation, disease course & treatment in the setting of immunodeficiency.

WOMEN & HIV DISEASE - JANET MITCHELL, MD, M.P.H.

Prevalence of HIV in women • Strategies for complete HIV risk assessment • Diagnosis & treatment of gynecologic complications • Socioeconomic factors • Reproductive counseling & therapeutic abortions • Role of AZT • Ob-Gyn infection control measures & occupational risk reduction.

LEGAL & POLICY ISSUES - LARRY GOSTIN, JD

HIV testing: ethical issues of routine versus mandatory testing • Individual rights versus societal welfare • CDC guidelines, OSHA regulations (court cases & statutes concerning HIV & health care professionals) • The Americans with Disabilities Act & other anti-discrimination legislation: impact for individuals with HIV disease.

NURSING MANAGEMENT OF CURRENT DRUG REGIMENS - J.B. MOLAGHAN, RN, NP

Commonly used antivirals, antifungals, & antibiotics • Drug toxicities • Nursing implications of complex drug regimens • Dealing with clinical trials • The controversies over when to start antiviral therapy • Status of the HIV vaccine.

PATIENT SUPPORT THROUGHOUT HIV DISEASE PROGRESSION - ROBERT CABAJ, MD

Psychosocial factors related to the impact of: Positive HIV test, initial AIDS diagnosis, first hospital admission, becoming chronically ill, onset of dementia, end stage illness & facing death • Dealing with grief & loss.

PEDIATRIC ISSUES IN AIDS - ANN PETRU, MD

Mothers at risk • Management of the HIV+ child • Confidentiality • The role of polymerase chain reaction (PCR) testing • Association with hepatitis • When to consider testing a chronically sick child • Psychosocial effects of diagnosis in a child.

WEDNESDAY, JUNE 3, 1992 • NOON TO 8:30 PM

OR CHOOSE ONE OF THESE 3-HOUR SEMINARS

PRIMARY CARE MANAGEMENT ISSUES

DONALD ABRAMS, MD, SUSAN JACOBSON, MD, PAUL VOLBERDING, MD, CONSTANCE WOFSY, MD

- Evaluation of the seropositive patient (Volberding)
- Fever in HIV: a practical approach to decision-making (Wofsy)
- Practical aspects of managing antiviral therapy (Abrams)
- Pneumocystis pneumonia prophylaxis (Abrams)
- Travel & immunization considerations for HIV+ patients (Jacobson)
- Panel and case discussion • *Attendees invited to submit questions & cases*

HIV ISSUES IN THE EMERGENCY SETTING

ALAN GELB, MD, JULIE GERBERDING, MD, JOHN SWARTZBERG, MD.

- Case vignettes of common emergency room presentations including testing and appropriate referral (Gelb)
- Recognition & emergency room management of tuberculosis (Swartzberg)
- Occupational exposure precautions in the pre-hospital setting & the emergency room (Gerberding)
- Treating occupational exposures (Gerberding & Gelb)

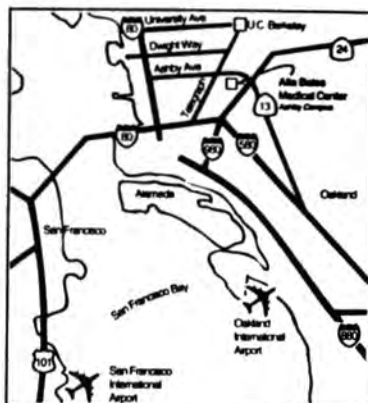

THE GOALS OF THE CONFERENCE ARE TO:

- Provide participants with the knowledge to perform effective risk assessment for HIV infection, particularly in the emerging populations of women, adolescents & minority groups.
- Discuss factors affecting the clinical course of HIV disease & the treatment of HIV disease in these same emerging populations.
- Examine the current status & future prospects of antiviral therapy for HIV disease.
- Discuss strategies for optimal clinical management of HIV disease.
- Provide opportunities for participants to examine a variety of specific medical, nursing & ethical/legal issues in AIDS care according to their own educational needs.

AIDS UPDATE FOR PRIMARY CARE: MAXIMIZING THE QUALITY AND LENGTH OF LIFE

AND DIRECTIONS:

- From San Francisco, take I-80 East to the Ashby Avenue Exit. Go east for approximately 2.5 miles and turn right on Colby Street. Parking lot will be on your right.
- From North Bay & Richmond: take I-80 West to Berkeley; take the Ashby Avenue Exit and follow directions above.
- From Hayward & South Bay: take I-880 North to Hwy. 980. From 980, take Highway 24 to the 51st Street / Martin Luther King Blvd. exit. Follow Martin Luther King Blvd. to Ashby Avenue; turn right on Ashby and right again on Colby.
- From Concord & the East: take Highway 24 to Berkeley Exit (Highway 13 West) this turns into Ashby Avenue. Turn left on Colby Street.

BATES MEDICAL CENTER IS LOCATED AT 2450 ASHBY AVENUE • BERKELEY • (510) 204-1420

ISTRATION

Registration Fee for entire conference: \$120 for physicians, \$70 for other health care professionals
 Registration for workshops/seminars only: \$60 for physicians, \$45 for nurses and other health care professionals
 All fees include conference dinner, syllabus & continuing education credit.
 Cancellations made after the registration deadline are not refundable.
 For more information call the Medical Education Office at (510) 204-1420.
Registration Deadline: Friday, May 22

IT INFORMATION

Alta Bates is accredited by the California Medical Association to provide Category I education. Participants may report up to 7 hours category I credit for this course. The American College of Obstetricians and Gynecologists has assigned 7 cognates (Formal Learning) to this program. This program has been reviewed and is acceptable for 7 prescribed hours by the American Academy of Family Physicians. The Alameda County Emergency Services District has approved this program for 7 hours Category I credit for EMT-P personnel. Our BRN provider number is #00689.

OWLEDGEMENTS

We gratefully acknowledge major funding for this conference from Burroughs Wellcome Co.

We appreciate additional support from Amgen, Boehringer Ingelheim, Bristol Myers-Squibb, Caremark, Hiron Corporation, Fujisawa Pharmaceutical Company, Johnson & Johnson Medical Inc., Roerig Pfizer Pharmaceuticals, Schering Laboratories, SmithKline Beecham Pharmaceuticals, Syntex Laboratories, The Upjohn Company.

- 3-Hour Primary Care Seminar: ☐ Attending Seminar only ☐ Entire Conference
 3-Hour Emergency Care Seminar: ☐ Attending Seminar only ☐ Entire Conference

PRIMARY CARE SEMINAR ONLY:

- ☐ I wish to submit the following cases/questions: (Enter here or on an additional sheet if necessary.)

Annual AIDS Update for Primary Care

FRIDAY, MAY 21, 1993

AT THE CROSSROADS - THE PROBLEMS AND THE PROMISES

CONFERENCE GOALS

Persons attending this conference will have the opportunity to:

- consider the impact of national policy on the AIDS epidemic.
- examine new research findings on the pathogenesis of HIV disease.
- examine the problems in diagnosing TB and the complexities of managing TB in the HIV positive patient.
- evaluate current and future therapy options for HIV disease including combination therapies and therapeutic vaccines.
- participate in workshops on a variety of specific medical and nursing issues in AIDS care according to their own educational needs.

7TH ANNUAL

AIDS Update for Primary Care

HIV AT THE CROSSROADS:
THE PROBLEMS AND THE PROMISES

FRIDAY, MAY 21, 1993 FROM 8:00 A.M. - 5:30 P.M.
THE PARC OAKLAND HOTEL, 1001 BROADWAY, OAKLAND, CA

PROGRAM

7:00 a.m.	Registration & Breakfast	
8:00	Welcome & Introduction	Carol Brosgart, MD
8:15	Keynote Address: The Future of the AIDS Epidemic: Policy Issues	June Osborn, MD
9:00	New Findings in Pathogenesis	Mark Feinberg, MD
9:45	Current & Future Status of Preventive and Therapeutic Vaccines	Sten Vermund, MD
10:30	Break	
10:50	Diagnosis & Management of Tuberculosis in the Context of the HIV Epidemic	Dixie Snider, MD, MPH
11:35	Advances in Anti-retroviral Therapy	Robert Schooley, MD
12:30	Optional Conference Luncheon	
2:00	Workshops (see inside panel for descriptions of these sessions & schedule)	
5:30	Adjourn	

1 HOUR WORKSHOPS

New and Alternative Therapies	Donald Abrams, MD
Infection Control in the Private Practice Setting	Trisha Barrett RN, BSN, CIC
Challenging Case Studies in Anti-retroviral Therapy	Stephen Follansbee, MD
Women and HIV	Ruth Greenblatt, MD
Oral Manifestations of HIV	Peter Jacobsen, PhD, DDS
Social/Legal Issues: HIV in Private Practice	Peter Jacobsen, PhD, DDS
What's New in Prophylaxis & Treatment of Opportunistic Infections	Mark Jacobson, MD
Primary Care Approach to the Symptomatic Patient	Marshall Kubota, MD
Tuberculosis and HIV	Dixie Snider, MD
Management of End-stage AIDS	John Stansell, MD

SPECIAL WORKSHOP TRACKS

Nursing Issues	JB Molaghan, RN, Rita Fahrner, RN, Susan Perlman, RN
Adolescent & Pediatric Issues	Fran Wiley RN, Ann Petru MD, Janet Shalwitz, MD
Dealing with Grief & Loss	Kitsy Schoen, LCSW

DONALD ABRAMS, MD	Professor of Clinical Medicine, University of California, San Francisco; Assistant Director, AIDS Program, San Francisco General Hospital
TRISHA BARRETT, RN, BSN, CIC	Assoc. Director of Nursing, Infection Control/IV Services, Alta Bates Medical Center, Berkeley
CAROL BROSGART, MD	Medical Director, East Bay AIDS Center at Alta Bates Medical Center; Clinical Instructor, Dept. of Family & Community Medicine, University of California, San Francisco
RITA FAHRNER, RN, MS	Assistant Clinical Professor of Physiological Nursing, University of California, San Francisco, San Francisco General Hospital
MARK FEINBERG, MD, PhD	Assistant Professor of Medicine, Microbiology & Immunology; Assistant Investigator, Gladstone Institute of Virology/Immunology, University of California, San Francisco
STEPHEN FOLLANSBEE, MD	Medical Director, Institute for HIV Research and Treatment, Davies Medical Center, San Francisco
RUTH GREENBLATT, MD	Associate Professor of Medicine and Epidemiology; Director, Women's Specialty Clinic, University of California, San Francisco
PETER JACOBSEN, PhD, DDS	Director, Oral Diagnosis and Treatment Planning, Associate Professor, University of the Pacific School of Dentistry; Private practice, General Dentistry, San Francisco
MARK JACOBSON, MD	Assistant Professor of Medicine in Residence, University of California, San Francisco, San Francisco General Hospital
MARSHALL KUBOTA, MD	Assistant Clinical Professor, Department of Family and Community Medicine, University of California, San Francisco
J.B. MOLAGHAN, RN, NP	Adult Nurse Practitioner, Administrative Nurse, AIDS/Oncology Clinic, San Francisco General Hospital
JUNE OSBORN, MD	Chair, National Commission on AIDS; Dean, School of Public Health, University of Michigan School of Public Health, Ann Arbor
SUSAN PERLMAN, RN	Administrative Nurse, HIV Counseling, Testing, and Prevention Education Program, San Francisco General Hospital
ANN PETRU, MD	Director, Pediatric AIDS/HIV Program and Associate in Infectious Diseases, Children's Hospital, Oakland; Assistant Clinical Professor of Pediatrics, University of California, San Francisco
KITSY SCHOEN, LCSW	Therapist in private practice; Consultant with JKR Associates, San Francisco - Specialists in managing grief and loss in the workplace
ROBERT SCHOOLEY, MD	Professor of Medicine; Head, Division of Infectious Diseases, University of Colorado Health Science Center, Denver
JANET SHALWITZ, MD	Assistant Clinical Professor of Pediatrics, University of California, San Francisco; Director, Special Programs for Youth, San Francisco Health Department
DIXIE SNIDER, JR, MD, MPH	Assistant Director for Science, National Center for Prevention Services, Centers for Disease Control and Prevention, Atlanta
JOHN STANSELL, MD	Assistant Clinical Professor of Medicine, University of California, San Francisco; Director, Inpatient AIDS Service, San Francisco General Hospital
STEN VERMUND, MD	Chief of Vaccine Trials & Epidemiology Branch, National Institute of Allergy & Infectious Disease, Bethesda
FRANCES WILEY, RN, MSN	Professor of Pediatrics, University of California, Los Angeles Schools of Medicine and Nursing

CHOOSE THREE OF THESE ONE-HOUR WORKSHOPS

- A) **NEW AND ALTERNATIVE THERAPIES** - DONALD ABRAMS, MD (A2,A3)
Evaluation of alternative therapies: Compound Q, chinese herbs, kemron, etc. • AIDS activism and research agenda • Passive immune therapies: HIV immunoglobulin, CD8 expansion • Buyers clubs and drug treatment newsletters.
- B) **INFECTION CONTROL IN PRIVATE PRACTICE SETTING** - TRISHA BARRETT RN, BSN, CIC (B2)
Protecting the patient • Protecting the health care provider • Sterilization/disinfection • Compliance with OSHA rules; How to select infection control materials for your office.
- C) **CHALLENGING CASE STUDIES IN ANTI-RETROVIRAL THERAPY** - STEPHEN E. FOLLANSBEE, MD (C3,C4)
AZT-induced anemia and neutropenia • DDI/DDC/d4T pancreatitis and neuropathy • Assessing efficacy of therapy • Combination therapy: when to initiate.
- D) **WOMEN & HIV** - RUTH GREENBLATT, MD (D2, D3)
Are there gender differences in HIV? • Women in clinical trials • Perinatal HIV transmission • The female condom: what is it and does it prevent transmission?
- E) **ORAL MANIFESTATIONS OF HIV** - PETER JACOBSEN, PHD, DDS (E3)
Diagnosis and treatment approaches to oral manifestations • Initial recognition of oral HIV • Medical and dental management of oral disease in end-stage AIDS to preserve quality of life.
- F) **SOCIAL/LEGAL ISSUES: HIV IN PRIVATE PRACTICE** - PETER JACOBSEN, PHD, DDS (F4)
Patient confidentiality • Office staff education to address fears and support morale • Charting strategies and legal guidelines • OSHA mandated sharps exposure protocol.
- G) **WHAT'S NEW IN PROPHYLAXIS & TREATMENT OF OPPORTUNISTIC INFECTIONS** - MARK JACOBSON, MD (G3,G4)
Prophylaxis and treatment for pneumocystitis pneumonia (PCP), mycobacterium avium complex (MAC), cytomegalovirus (CMV), and fungal disease • Newly licensed agents and status of clinical trials in progress • Impact on survival • Counseling patients & setting treatment agenda with patients.
- H) **PRIMARY CARE APPROACH TO THE SYMPTOMATIC PATIENT** - MARSHALL KUBOTA, MD (H2,H3)
Work-up of headache, fever, diarrhea, cough according to the stage of HIV disease • Use of T-cell count • Value of screening for toxoplasmosis & CMV.
- I) **TUBERCULOSIS IN HIV CARE** - DIXIE SNIDER, MD, MPH (I2,I4)
Importance of isoniazid prophylaxis in the HIV positive/PPD positive person • Initial TB therapy regimens; Compliance and completing therapy • Institutional control measures.
- J) **MANAGEMENT OF END-STAGE AIDS** - JOHN STANSELL, MD (J2,J4)
When is enough, enough? • Patient-directed quality of life • How to make decisions and who needs to be involved? Optimal prophylaxis • Management of pain • Aid in dying.

Workshops continued next page

NURSING WORKSHOPS

- (K2) HIV Drugs: What's New, What's Different? - JB MOLAGHAN, RN, NP
- (K3) Healthcare Worker Protection- RITA FAHRNER, RN
Assessment of protective apparel & equipment- Cost and differences
- (K4) HIV Counseling, Testing, & Risk Reduction Education: How Are We Doing? - SUSAN PERLMAN, RN

ADOLESCENT & PEDIATRIC WORKSHOPS

- (L2) Counseling minors on treatment decisions - FRANCES WILEY RN, MSN
- (L3) Pediatric Issues: - ANN PETRU, MD
Vertical transmission and pediatric management
- (L4) Adolescent Issues: - JANET SHALWITZ, MD
Epidemiology, relation to heterosexual transmission • Strategies for prevention • Special issues of compliance, denial, teenage emotions • Is management different from adults?

DEALING WITH GRIEF - KITSY SCHOEN, LCSW

- (M2) Coping with cumulative loss:
Effects on health care workers, persons with AIDS, and sero-negative survivors • Coping with cultural differences
- (M3) Dealing with Grief in the Workplace:
How grief manifests in the work environment • Acknowledging loss, Creating a safe, supportive environment • Preventing burnout
- (M4) Grief Ritual - Mourning those we have lost:
Come willing to participate and share stories, experiences and ideas.

ACKNOWLEDGEMENTS

This conference is co-sponsored by the East Bay AIDS Education and Training Center at Highland Hospital, a member of the Western AIDS Education and Training Center through a DHHS Grant (No. 5 D35 PE 00108-02). The contents of this conference are solely the responsibility of the conference presenters and do not necessarily represent the official views of DHHS. This significant financial support has helped make this conference possible.

MAJOR DONORS:

We are very appreciative of the generous grants from The Burroughs Wellcome Co., and Bristol Myers-Squibb.

ADDITIONAL DONORS:

We gratefully acknowledge additional support for this conference from Abbott Laboratories, Adria Laboratories, Amgen, Astra Pharmaceuticals, Biron Corporation, Cirtical Care America, Homedec, Ortho Biotech, Roche Laboratories, Syntex and Schering Laboratories.

COURSE CREDIT INFORMATION

This conference has been approved for up to 7.5 hours of Category I CME Credit by Alta Bates Medical Center, a California Medical Association accredited provider. The California Academy of Family Practice (CAFP) has approved this program for 7.5 prescribed hours. The American College of Obstetrics and Gynecologists (ACOG) has assigned 7.5 Cognates (Formal Learning) to this program. The California Board of Registered Nurses has recognized CMA Category I credit as acceptable for equivalent CE credit towards nursing relicensure. BRN Provider number CEP 9461. Alta Bates is authorized by the Board of Dental Examiners to confer 7.5 units of California continuing education credit. This course has been approved for 7.5 hours of the California Psychological Association's Continuing Education Category A credit.

REGISTRATION INFORMATION

Registration Fee for entire conference (excluding luncheon): \$120 for MD's & DDS \$70 for other health care professionals

Registration for workshops/seminars only (2:00-5:30 pm): \$60 for MD's & DDS \$45 for nurses and other health care professionals

Conference Luncheon Fee (optional): \$15.00

Conference Fees include syllabus & continuing education credit. The Conference Luncheon is optional but MUST be reserved in advance on your registration form. There are restaurants within walking distance. Registration cancellations made after the deadline are not refundable. For more information call the Medical Education Office at (510) 204-1590. Enrollment is limited: Early registration is advised.

Registration Deadline: Friday, May 7

HOTEL RESERVATIONS & TRAVEL ASSISTANCE

A block of rooms has been reserved at the Parc Oakland Hotel for the reduced rate of \$79.00 (single or double). Reservations must be made before the deadline of April 21 to insure both room availability and reduced rates. Call 1-800-338-1338 for reservations, and tell the reservation clerk you are attending the 7th Annual AIDS Update.

Fasto Travel can assist you with your travel plans. Call 1-800-553-4777 and identify yourself as attending the 7th Annual AIDS Update. They will seek out the best rates and schedules to accommodate your travel needs for air or ground transportation. Shuttle service is available from the Oakland Airport. For airport shuttle information call Easy Way Out at 1-800-845-4400 or 1-510-887-6226.

Attached is a list showing the degrees and specialties of conference registrants. This will give you an idea of who your audience is, and perhaps be helpful for tailoring your remarks to their needs or interests.

We anticipate the attendance numbers to reach about 250 by the end of next week. With the conference staff, faculty and exhibitors we can expect a crowd of about 400 people.

Please feel free to call me with any last minute questions or concerns.
