Dear Ms. Holmes:

I am writing this letter in an effort to clarify the meeting on June 8, 1994 here at the American Medical Association (AMA).

The meeting that I have been asked to arrange is not connected with the invitational letter that Ms Gebbie received to attend the AMA Board of Trustees Meeting on June 8. The meeting I am arranging is in response to her letter dated April 4 regarding the MMWR Report on the National Survey of Primary Care Physicians. I have included a copy of this letter for your use.

If Ms Gebbie will be in Chicago on June 8, I could arrange for her to meet with M Roy Schwarz, MD, James R Allen, MD, Robert C Rinaldi, PhD and myself either after or before she is due to meet with the Board. At that time, we could discuss the MMWR Report on the National Survey of Primary Care Physicians. If the June 8th date is not a convenient time for Ms Gebbie, I will be happy to set up a meeting at another time.

When we do meet regarding the Survey, does Ms Gebbie wish for representatives to be invited from the relevant specialty societies?

Thank you for your attention to this matter. Please contact Vickie Grosso at (312) 464-4574 to provide her with guidelines on how to proceed further.

Sincerely,

Dear Dr. Painter,

Thank you for your positive response to my letter regarding the MMWR Report on the national survey of primary care physicians. It is evident that your organization is an integral part of our nation's HIV/AIDS prevention efforts.

I look forward to working with you and the coalition of primary care specialties on these issues. I anticipate that Dr. Linda Bresolin will call soon so that we may begin setting up this meeting.

Please call Steve Lee at 202-632-1090 to set up a time to meet.

Sincerely,
