Dear Friends:

Thank you for your interest in the Funding Exchange. I'm delighted that you contacted us for information about contributing to our work in progressive philanthropy.

Enclosed is a collection of materials about our network of progressive funders, including a factsheet which both describes our national grantmaking program and lists our 15 regional member funds. Our Annual Report should contain all the pertinent information you requested, as well as give you some of the highlights of our work over the last two years.

I've also included a booklet describing our Donor-Advised Fund program, which provides a way for individual donors and/or families (who can choose whether or not to remain anonymous) to support progressive social change organizations. Our current docket, also enclosed, lists the groups we have approved for funding and are now presenting to donors.

After you have had a chance to look over the enclosed materials, please feel free to call me directly, at 212-529-5356, extension 315. You can also contact me via email at marcia.gallo@fex.org.

Again, thanks for your interest, and I hope that we will work together to support "change, not charity."

Best regards,

Marcia Gallo
Director of Donor Programs and Development
