David,

Right after I sent you the last request, a few more streamed in, sorry if this causes confusion. If possible, I would like one copy of the following photos.

- Jon Jennings, a White House fellow, is looking for photos of himself at the Jan. 23rd cabinet meeting. He was seated behind the Vice President and Secretary Rubin.
- Jon is also looking for a photo of himself at the Jan. 20th taping of the PSA for the super bowl with the President. He's looking specifically for a shot of him either talking with or standing near the President.
- Finally, he would like a photo of himself at the Dec. 14th Billy Lee Announcement in the Oval Office. He thinks a photo might have been taken as the President departed the Oval Office with Mr. Lee behind him.
- I received a request from Bob Boorda, the late Admiral Boorda's son who is looking for photos of his father with the President and/or First Lady. I've located two dates on which Admiral Boorda was scheduled to attend/participate in functions with the First Lady. The first is Jan. 5th, 1996 in a East Room reception. The second is Sept. 24th, 1994 in Connecticut. Admiral Boorda was Chief of Naval Operations so he should be in Navy dress.

As I mentioned in my voice-mail, I'm happy to help you identify the photos if you're not sure which of the photos the requesters are looking for. While I can't describe him to you, I could, for example, identify Admiral Boorda by site. Thanks again for your help.

Hey David!

2. When 1/31 comes in, Bobbie Greene is looking for a photo of herself with the First Lady, a taller gentleman and Cong. Moakley. She would also like the photo of just herself and the taller gentleman. (She thinks Ralph took one of just the two of them.)
3. The Romanian ambassador is looking for a copy of the photo of himself, his wife, the first lady of Romania and HRC from 12/11/97
3. Also, I'm looking for a picture of myself with my advance team in Samarkand, Uzbekistan on November 15 on the tarmac. I know that those photos were ordered, but I never received my copy.

Thanks for all your help!
