[Complete Table of Contents](#)

**Privately Owned Vehicles (POV)
Mileage Reimbursement Rate**

NOTICE - The Federal Travel Regulation Amendment 88, published in the Federal Register on January 7, 2000 has increased the Privately Owned Automobile Mileage Reimbursement for use of a privately owned automobile (POA) on official travel to reflect current costs of operation as determined in a cost study conducted by the General Services Administration(GSA). The governing regulation is revised to increase the mileage allowance for advantageous use of a POA from **.31 cents to 32.5 cents**, effective January 14, 2000.

The mileage rates for motorcycles and airplanes, established by GSA, will remain the same.

The Motorcycle and Airplane rates are **effective September 8, 1998**, as published in the September 8, 1998 Federal Register page 47438, Vol 63, No 173. **FTR Amendment 73 (63 FR 47438)**

The rates for the use of these modes of transportation are as follows:

Privately Owned	Reimbursement Rate
Automobile	32.5 cents per mile.
Motorcycle	26 cents per mile.
Airplane	88 cents per mile.

For further information the General Services Administration, Travel and Transportation Management Policy Division (MTT) Washington DC 20405, telephone (202) 501-1538.

Report 23: Final Per Diem Rates

2000 State	Key City (1)	County and/or other defined location (2,3)			2000 Max Lodging Rate	2000 MIE	2000 Max Per Diem			
2000 PER DIEM RATES ----- EFFECTIVE JANUARY 1, 2000										
1. Unless otherwise specified, the per diem locality is defined as "all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries.										
2. Per diem localities with county definitions shall include "all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundarie of the key city and the listed counties (unless otherwise listed separately)."										
3. When a military installation or Government-related facility (whether or not specifically named) is located partially within more than one city or county boundary, the applicable per diem rate for the entire installation or facility is the higher of the two rates which apply to the cities and/or counties, even though part(s) of such activities may be located outside the defined per diem locality.										
4. Federal agencies may submit a request to GSA for review of the costs covered by per diem in a particular city or area where the standard CONUS rate applies when travel to that location is repetitive or on a continuing basis and travelers' experiences indicate that the prescribed rate is inadequate. Other per diem localities listed in this appendix will be reviewed on an annual basis by GSA to determine whether rates are adequate. Requests for per diem rate adjustments shall be submitted by the agency headquarters office to the General Services Administration, Office of Governmentwide Policy, Attn: Travel and Transportation Management Policy Division (MTT), Washington, DC 20405. Agencies should designate an individual responsible for reviewin, coordinating, and submitted to GSA any requests from bureaus or subagencies. Requests for rate adjustments shall include a city designation, a description of the surrounding location involved (county or other defined area), and a recommended rate supported by a statement explaining the circumstances that cause the existing rate to be inadequate. The request also must contain an estimate of the annual number of trips to the location, the average duration of such trips, and the primary purpose of travel to the location. Agencies should submit their requests to GSA no later than May 1 in order for a city to be included in the annual review.										
5. The standard CONUS rate of \$85 (\$55 for lodging and \$30 for M&IE) applies to all poer diem localities in the State of North Dakota.										
Note: Recognizing that all locations are incorporated cities, the term "city limits" has been used as a general phrase to denote the commonly recognized local boundaries of the location cited.
