Dear Mrs. Clinton:

WILL - The Women Legislators' Lobby - would like to honor your long-term commitment to improving women's health at our "Third National Recognizing Leaders in Women's Health Awards Dinner" on Monday, September 27, 1999 in Washington, DC. This dinner is part of WILL's biennial conference "Women 2000: Agenda For Action: Securing our Future."

WILL is a bi-partisan network of women state legislators working together to influence federal policy. We focus on reducing violence against women and children and directing our nation's federal spending priorities away from excessive military spending and towards programs that improve the overall quality of life of women and their families.

At our dinner we will honor the commitment and achievements of federal and state legislators who have made outstanding contributions to women's health. We will acknowledge legislators in the categories of innovation, commitment, and courage. You have been selected as our honoree for your tireless work and leadership for the broad range of legislation you have championed to improve women's health research and achieve equality in women's health care.
