Enclosure

ANNUAL REPORT FOR FISCAL YEAR 1999  
TO THE PRESIDENT AND TO THE CONGRESS  
OF THE UNITED STATES  
(PUBLIC LAW 99-661)

PURPOSE OF THE FOUNDATION

The Barry M. Goldwater Scholarship and Excellence in Education Foundation is a federally endowed agency established by Congress by Public Law 99-661 on November 14, 1986. The Foundation was established in recognition of Senator Goldwater's fifty-six years of service to the United States as a soldier and statesman, including thirty years as a U.S. Senator.

In view of Senator Goldwater's longstanding special interest in the education of America's youth, particularly in the fields of science and mathematics, Senator Sam Nunn proposed the establishment of a scholarship program encouraging outstanding students to pursue careers in these fields.

The Scholarship Program, designed to foster and encourage excellence in science and mathematics, and which now includes the engineering disciplines, was approved by Congress as a tribute to the leadership, courage and vision of Senator Barry Goldwater.

THE GOLDWATER SCHOLARSHIP PROGRAM

The general guidelines and other information regarding the Goldwater Scholarship Program are fully explained in the 1999 Bulletin of Information at Appendix A.

In March 1999, the Board of Trustees of the Barry M. Goldwater Scholarship and Excellence in Education Foundation awarded 305 one and two year scholarships for the 1999/2000 academic year to college sophomores and juniors for use during their undergraduate studies.

The Goldwater Scholars were selected on the basis of academic merit from a field of approximately 1200 mathematics, science and engineering students nominated by the faculties of colleges and universities from the fifty States and Puerto. The scholarships cover the cost of tuition, fees, books and room and board up to a maximum of \$7,500 annually. Sophomore Scholars are eligible for two years of support.

The Goldwater Scholars have very impressive academic qualifications in a wide variety of scientific, mathematical and engineering disciplines and intend to pursue a Ph.D. and careers in those fields. During the last several years many Goldwater Scholars have received prestigious post-graduate fellowships from various sources. Goldwater Scholars have been awarded thirty-one Rhodes Scholarships (six of the thirty-two selected in the U.S. for 1999), and twenty-two Marshall Awards, in addition to numerous other prestigious graduate fellowships. The names and schools of the Goldwater Scholars for the 1999/2000 academic year are listed in Appendix B.

#### FINANCIAL SUMMARY

In FY 1999, the Foundation Trustees authorized an additional maximum expenditure of \$3,060,000 to the new Goldwater Scholars payable over three fiscal years.

The actual outlays for scholarship grants during the fiscal year amounted to \$2,855,663 and the administrative expenses incurred in connection with the above grants and for the identification, nomination and selection process of the 1999 Goldwater Scholars totaled \$399,522. Total Foundation expenditures for FY 1999 amounted to \$3,255,105.

The original Foundation endowment of \$40,000,000, which is totally invested in Federal Government Securities, is currently valued at \$61,523,378. The Goldwater Scholarship Foundation's financial statement for FY 1999 is included at Appendix C.

#### BOARD OF TRUSTEES ACTIVITIES

In accordance with Foundation by-laws, the Board of Trustees met this year on March 24, 1999. The Trustees awarded 304 Goldwater scholarships for the 1999/2000 academic year. After a later review an additional Scholar was added to correct an oversight during the selection process, which brought the total number of Scholars for the year to 305. The Trustees also decided to award as many as 300 scholarships during the 2000/2001 academic year. The scholarship allowance for books was increased from \$600 per year to \$750.

Dr Roger Angel was appointed by the President and approved by the Senate to replace Mr Charles Szu as a member of the Board of Trustees.

2000/2001 PROGRAM

In August 1999 the Foundation initiated its twelfth annual scholarship program. All of the accredited two and four year colleges and universities nationwide have been invited to participate in the 2000/2001 program and more than 1100 have appointed Goldwater Faculty Representatives to administer the scholarship program.

Dear Mr. President:

On behalf of the James Madison Memorial Fellowship Foundation, I am pleased to submit our Annual Report for the year ending September 30, 1999.

This year the Foundation named its eighth class of James Madison Fellows. Most of these 63 Fellows commenced their graduate study during the summer and fall of 1999. Additionally, the Foundation conducted its seventh Summer Institute on the Constitution. This four-week Institute, a requirement of all Fellows in which they earned six graduate credits, focused on the principles, framing, ratification, and implementation of the Constitution and the Bill of Rights.

The Foundation's mission is directed toward strengthening secondary school teaching of the framing, principles, and development of the United States Constitution. In doing so, it seeks to contribute to a deeper understanding of American government and to foster in both teachers and students the spirit of civic participation that inspired the nation's founders.

Sincerely,

Paul A. Yost, Jr.  
Admiral, USCG (Ret.)  
President
