Principals/Chairman -
 What do you
 think? How about

 from outside meets
 with them?

I rec'd the attached fax ^{there}

 my name. I haven't spoken
 with them personally.

Would it be possible to have
 someone review & make
 the appropriate decision.
 & contact them regarding this
 memorandum. Thanks

Dear Mr. President:

As tobacco farmers, we are obviously not in complete agreement with your policies affecting our industry. But we are pleased that you have expressed a willingness to take our wellbeing into consideration in developing your plans and programs for the future of tobacco in this country.

Next week, on March 2 and 3, five of us will be in Washington, D. C., from South Carolina. We would like very much to meet with someone in your Administration to discuss tobacco policy from the farmers' perspective.

We would be extremely pleased if this could be arranged for us. We could meet before 3 p.m. on March 2, or any time on March 3.

I look forward to a productive and informative discussion, and appreciate your concern for America's farmers.

Sincerely,

David Winkles
President
