Bill,
I'd also sent a note to Kay (before I saw your note) as part of an answer to Tom Corwin. Her response is below.

Yes, Bill let me know about this. Please feel free to follow up with Graham's staff. If you set up a meeting, I would like for Jack to attend. If you just have telephone conferences, please e-mail me updates. Thanks. Kay

Fyi: The Secretary got call from Sen Bob Graham expressing a strong interest in getting involved in school construction (as well as community schools). The Secretary asked Bill Kincaid and me to follow-up with a call to Sen Graham's staff person regarding his concerns.

That's fine with me. Just let me know who is coming to which meeting.

Thanks, Tom. This is great. Either I or someone from my staff will attend. Would it be OK with you if I invited Daschle's staffer to attend one of these meetings? I know he is in close communication with Steve Collens, so I think it would make sense. -- Kay

Kay--

Pursuant to our conversation, I called Steve Collens and then Jenny Luray to set up a meeting to discuss the Construction initiative. I

* . ended up setting up two meetings, because (1) I didn't want to meet until late next week, since I don't think we'll have a final decision on the structure of the initiative until then; and (2) they both had scheduling conflicts late in the week. (Steve is going out of town mid-Thursday; Jenny can't meet Thursday morning.)

So, I am now scheduled to meet with Steve at 10:00 on Thursday and with Jenny at 10:00 on Friday. I am planning to meet with them in my office, but could probably move the meeting to a larger space if a number of other people will be present. It would be great if you or someone else in OLCA could participate. The others who are working on the issue (the cc's) are welcome as well.

Tom

Thanks, Bill. Please keep me informed of your contacts with Graham's
office on this. Kay

FYI:

The Secretary had a discussion with Sen. Bob Graham re: the intersection between school construction and community schools. Graham is interested in having Riley visit some schools with him in Florida. The Secretary spoke with Mike briefly about this today, and Tanya Oubre and I are going to meet with Riley for a few minutes tomorrow to get a little more detail on Sen. Graham's interest. Afterwards we are supposed to get in touch with Russ Sullivan on Graham's staff, and then Tanya and I will put together a memo on some possible policy options regarding the school construction/community schools link.
