MEMORANDUM TO THE DOMESTIC POLICY COUNCIL

FROM: CAROL H. RASCO

SUBJECT: JUNE 12 1995 MEETING

On Monday June 12, the Vice President will be joining us at our regularly scheduled Domestic Policy Council meeting. I hope each of the Cabinet Secretaries and Agency heads can make a special effort to attend.

AGENDA

I. Vice President's Family Conference

The Vice President will discuss plans for the upcoming Family Conference which he and Mrs. Gore have made into an annual event. This year, the Conference will focus on family and the media. The Vice President will be seeking the input of DPC members on how to make the Conference as innovative and effective as possible and to determine how your agencies can best be involved.

II. Community Empowerment Board

For the second half of the meeting, we will be joined by the Vice President's Counsel, Kumiki Gibson, and the Director of the Community Empowerment Board (CEB), Sheryll Cashin. We will be discussing ways to ensure the success of the Empowerment Zone/Enterprise Community Initiative.

Please have your offices respond to Pat Romani at 456-2249 regarding your attendance. Because of the nature of this meeting, we ask, to the extent possible, that there be no substitutes for principals. Thank you.

Just a few items of interest...

- There will be a Blood Drive on Thursday, June 15, 1995 from 9:00 a.m. to 3:00 p.m. in Room 2010 NEOB. Please call x5

-5890 for an appointment.

- Don't forget to turn in your entry forms and registration fees for the 1995 Race for the Cure. The race is June 17th. Ashley Raines is this year's coordinator. So far we have 25 people signed up to race on the White House Team. There will be a 5K run, 5K walk, and 1 mile Fun Walk. Please encourage your families, friends, neighbors, and significant others to join our team for this very important cause. You can register with Ashley until the 9th.

- Parking. As you know the closure of Pennsylvania and State Place has had a tremendous impact on the Complex. There are still many unresolved issues, not the least of which is the impact on parking. We are asked to bear with staff in the Office of Administration as they work these issues out with the USSS, the Park Police, and the DC Government. As these matters are concluded, we will keep you posted.

- Andrea Rutledge will be on leave on Monday, June 5, 1995. If you have any questions, concerns, suggestions, needs, desires, or

requirements, please call Ann Fleischman at 6

-2500.

TEXT:

Hello George. I understand you are interested in the FY 1996 funding level for DOD's AIDS research program. I have been in communication with DOD on this.

They need about \$40 million (total) to continue their work on vaccines, clinical trials using military personnel, and other projects crucial to US national security interests, not being undertaken anywhere else. The President's FY 96 budget request is for less than \$10 million, equal to the previous budget request.

In past years, Congress has appropriated several times the requested amount and thus DOD's excellent program has developed. Were DOD to receive only \$10 million, programs including AIDS vaccine research would have to be reduced or eliminated.

Since we cannot count on an increased appropriation in spite of the interest of certain Senators and Ho members in such an increase, I recommend we look at alternatives from within the DOD budget.

I know that Leon has received letters lobbying for continuation of the clinical trials programs involving HIV infected military personnel. However, I believe the Thailand-based AIDS vaccine program to be of enormous importance as well. I would be happy to answer any questions you may have related to this. Please let me know your views. Thanks.

We can't have office space transfered to us retroactively. What the heck is this all about? There were no discussions of any sort in any meeting I was ever in -- in fact, just the opposite, all discussions were that they would cover the costs until the lease expired on November 2. This is nuts.

ATT TO: Jodie R. Torkelson (TORKELSON_J)

TEXT:

I just received a call from FMD regarding office rent for the offices used by the HIV/AIDS Policy Office. FMD's research into the SLUC bills for this year uncovered a request sent by HHS to move the HIV/AIDS Policy office space costs to the WHO retroactive to October 1, 1994. If this goes through, it would add slightly more than \$100,000 to the WHO FY95 SLUC bill.

It was my understanding that HHS was responsible for the space costs until November 2, 1995. Or at least until we had the agreement in place between OPD and HUD, at which point SLUC costs would be moved to OPD for the remainder of FY95 and all of FY96. What next? I don't know where to begin to sort this out.

SUBJECT: Conference call with Scott Hitt, Chair, AIDS Advisory Council

TO: George Stephanopoulos (STEPHANOPO_G) (WHO)
READ:NOT READ

TEXT:

This is to brief you for the call scheduled for Wednesday at 10:15AM.

The council is sending recommendations to the President for actions regarding the AIDS epidemic. I am faxing them to you. The council's main concern is the visibility and leadership of the President. The first recommendation, that there be a "Summit" addresses that concern. I plan to suggest that there be a one-day summit later this year that the President can attend for two hours or so. Other high-level Administration types can attend as well. I will also propose that private sources of funding be tapped for most of the expenses. (This can be done legally.)

Visibility is not the only reason to do a summit. It would allow the Pres. and the Administration to communicate with the public that AIDS is still a serious public health problem; to demonstrate that we care very deeply and are committed to preventing infection and finding better therapies and a cure; and to communicate the Administration's actions to do so. There would be political as well as substantive value in a summit, if it is organized right.

The council also recommends a speech by the President on AIDS. I hope this is possible also. There will be some opportunities for him to be public on AIDS such as the Ryan White Act signing ceremony where he could speak briefly about the programs, and World AIDS day. (I know he'll be in Ireland, but he could do a video ahead of time.)

The call with Scott is not meant to give him a yes or no on the summit, but instead to show him that we are taking the council's recommendations very seriously. (Most of the other recommendations are programmatic and are already being done, or can be done easily.) He will ask you to support the recommendations. You should convey your commitment to working on them (as I have done). You might want to ask him what he envisions as goals for the summit. And listen. Let me know if you want to talk before the conference call. I will not be in the office on Tuesday, but my office knows how to reach me.

Those of you listed on this email are the only DPC staff here through Friday. It is important that you give serious thought to whether you have a bullet point for me to forward in the DPC's Daily memo.

Carol has asked that each of you make an effort to do as many of these as possible (w/o sounding completely superfluous). Her opinion is that these memos provide the DPC a rare chance to showcase to the POTUS some of the hard work we are doing. Today I only received two bullets (Patsy and Mike - thank you!). Also only one person (Karen) notified me early this morning that she wouldn't have one today (however Karen has had a bullet nearly every other day - she been a star bullet writer!).

So PLEASE DPC, write those bullets!!!!

... and remember they are due to me by 2:00pm each day (via the i drive or email).

THANKS!

Patsy,

I keep missing you. Sorry! We need to move forward with the original list ASAP.

Jerry Cade has kept up a steady drum roll of support. We can include Skip Ciotti in the AIDS summit for December, and put him on the list when a vacancy occurs. We did get a letter of support from Sec. Cisneros on him.

Also, Mario Cooper, AIDS ACTION, has been discussing our Commissioners with Bob Nash. I'll give you the scoop on that when we talk. Has he called you?

Due to the event in December, we really need to get these folks cleared and ready to go - the list is good and the President will sign it, I predict.

Please call me, but this is what I have been calling about.

Thanks for your support, help and guidance.

Dear Patsy,

Please find below a resend of the earlier message that got kicked back from your other e-mail address. Getting J&J into the microbicide effort represents a very major step in the right direction.

As I mentioned to Jeff by telephone today, I believe an important policy issue for the President's attention at the December conference is the problem of federal leadership of the AIDS vaccine effort. It would be very helpful to get this topic onto the agenda and to invite the right leaders from the private pharmaceutical-biotech industry, from academia, from former government service, and from the vaccine R & D community at the table.

Thanks,

Bruce

SUBJECT: Johnson & Johnson, Sabin Foundation

PRIORITY:

ATTACHMENTS:

Dear Helene, Jim, Tim,

I'd be happy to brief you all in person on what transpired during the meeting Friday afternoon with people from the Johnson & Johnson subsidiary and the Albert Sabin Vaccine Foundation.

In summary, the Advanced Care Products subsidiary of J & J, which has more than half the global market for nonoxynol-9 based products for women, told us they were committed to spending significant sums of

money for research and testing of these products to determine their safety and efficacy for preventing STDs including HIV, and are actively pursuing new products as potential topical microbicides for this purpose.

They came to CDC for advice and potential help in conducting field trials of such products, domestically or internationally, and in benefitting from our expertise in helping decide which among the many new products brought to them by small biotech companies are most worthy of further research. They were represented by Barbara J Brummer, PhD, General Manager, and by David H. Upmalis, MD, Executive Director of Clinical Affairs.

Mr. H.R. Shepherd, a retired pharmaceutical device manufacturer, who is now Chairman of the Albert Sabin Vaccine Foundation, which arranged the meeting, is raising \$100 million to spend on HIV prevention and is exploring HIV vaccines and microbicides as the most likely targets for his endowment.

Mr. Shepherd is a real character, charming and full of stories about people in science, industry, and government; he called it a "moral outrage" that more work is not being done in this area. As a "genetic democrat", he told me he plans to bend President Clinton's ear on the subject when he gets a chance. He made an appointment to see Dr. Satcher, whom he knows from our Director's days in the pharmaceutical business, and on Friday the two of them met, at which it appears Mr. Shepherd bent Satcher's ear for 20 minutes on the importance of establishing private sector-public sector partnerships to work on such things as microbicides. Shepherd came back to our meeting and reported Dr. Satcher's apparent concurrence with such efforts.

Both the Johnson & Johnson and the Sabin Foundation visitors were made aware that the CDC participants in the microbicide meeting were but mid-level and junior professional staff attending as individuals who believed in the public health importance of pursuing anti-HIV microbicide work. The visitors would welcome followup visits with senior CDC AIDS policymakers in order to facilitate any collaborative relationships that may arise from these first contacts.

Dear Patsy,

Thanks for your call today. I'm cc:ing this to Jeff, as I know his e-mail address is working OK.

Below please find the list you requested of the attendees at the meeting last Friday at CDC with the Johnson & Johnson subsidiary. As I said on the phone, I believe J & J's apparent commitment to the anti-STD/HIV microbicide effort is a major step forward.

I don't know what kind of internal politics and debate may have occurred within the Advanced Care Products Co. and its corporate parent as they decided to invest in this area, but it certainly wouldn't hurt to give them moral support. Dr. Brummer appears committed to the effort, both personally and as a company representative. In fact, I'm thinking of nominating her for the December 6 Presidential AIDS conference, as she is very capable and eloquent, and could offer some unique insight into the road ahead for anti-HIV microbicides from the perspective of the pharmaceutical industry upon whom we ultimately depend for such products.

What do you think of such a nomination?

Dear Anti-STD/HIV Microbicide Meeting Attendees,

As promised, below please find the names, addresses, and contact information for those who attended the meeting at CDC on Friday 6 October between representatives of the Advanced Care Products subsidiary of Johnson & Johnson, the Albert B. Sabin Vaccine Foundation, and some CDC professional staff interested in promoting the research and evaluation of topical microbicides to prevent transmission of STDs, including HIV.

I found the meeting a useful first step in a promising direction for private-public sector partnerships for HIV/AIDS prevention research, and appreciate the time and effort of all who participated.

Thanks,
Bruce
