ACTION MEM

Later this week, the H sched to vote
On HR 2260, the P R P A.
As you will recall, this leg seeks to
use the CSA to criminalize ~~the~~ phy

Action

This leg has been sig mod since last
year, when many medical groups
opposed an early version that was
sign. inhibiting palliative care
CSA to control pain in
terminally ill pat.
The DOJ opposes this leg, but ~~has~~ ^{if passed}
will ~~not~~ recommend ~~that for~~ veto.

Um They would like to forward the
attached let of opposition $\rightarrow$ the House
w/ strong langd on Dept pos vis a vis veto.

BACKGROUND

now moderated

The DOJ does not wish to be viewed as
we recommends having a pos that
is at odds w/ you on this issue. She
like you, strongly opposed PAS, but
believed this legislation is
administratively burdensome, poorly
drafted, & may have unent. Conseq.
Having said this, beyond raising

her concerns, she has no interest
in engaging in a dispute w/ Nicholas/
Hyde.

We would recommend that the DOJ
be permitted to forward this letter;
however, there should not be a
strong w/ pub statement on letter
unless lg submitted to you for signature.
