Dear,

To avoid the deaths of any more children in the war-ravaged island of East Timor, we urgently need any supplies you can provide. The sort of humanitarian aid sought by East Timor includes disposable medical supplies (surgical packs, gauze products, surgical wear, IV supplies), nutritionals (oral/tube feeding, vitamins, pre-packaged beverages) and prescription and over-the-counter pharmaceuticals for children and adults.

The US Department of Defense has made available planes to airlift these supplies to East Timor within two weeks of today. Our partners, *Operation USA* and *Counterpart International*, working with *Timor Aid* on the ground, will ensure that the supplies are delivered and documented to the relevant clinics and community centers. People are not permitted to collect the supplies from the secure warehouses set up by *Timor Aid* in Dili. *Counterpart's Humanitarian Assistance Program* works closely with the Defense Department in many countries.

Counterpart's affiliates, the *Australian Foundation for the peoples of Asia and the Pacific* (AFAP) and *Timor Aid*, last week docked a mercy ship in Dili with 300 tons of aid. Our distribution lines are set and we need more supplies urgently. All contributions are tax-deductible.

Please join in our efforts to rescue as many children as we possibly can. Your contribution and dedication will be truly appreciated by *Children Uniting Nations*, as we are working closely with The White House, the US Department of Defense and the *United Nations*. Please fax us and let us know immediately what you have available to ship.

Sincerely,

Daphna Edwards Ziman

Dear Mr. Mitchell:

Thank you very much for your kind letter inviting the First Lady to serve as the honorary chair of the events of the Children's United Nations celebrating the International Day of Tolerance. Mrs. Clinton is pleased to accept your gracious invitation.

Although the upcoming official schedule will not permit Mrs. Clinton to attend the awards ceremonies on November 15 and 16, 1999, she appreciates your thoughtfulness and sends her best wishes for a successful event.

Because White House policy restricts the use of the First Lady's name, it is necessary that we review any printed materials, including press releases, which mention the First Lady's participation. My office can assure prompt review, but please allow two weeks prior to press time. All materials for review should be sent by mail or facsimile to Alice Pushkar, Director of First Lady's Correspondence. You may contact Ms. Pushkar at the White House by phone at (202) 456-2941 or facsimile at (202) 456-5199.

The First Lady's agreement to serve is extended for this purpose only and is not transferable to other functions or bodies.

Please do not hesitate to contact our office if we can be of further assistance to you.

Sincerely yours,

Dear Hillary,

I write to you from Melbourne, Australia, where I am visiting family for the Holidays. I must tell you that it has been overwhelming to experience the reaction of the people outside the U.S to the crisis in Kosovo. It is so hard to see the hundreds of thousands of children refugees on the news here. It is both eye-opening and humbling.

The impact of this crisis makes me more aware than ever of the crucial importance of the *Children's United Nations*. Our goal is to show the true intention of the American people and all of the gubernatorial First Ladies, in particular, you, our country's First Lady as well as the President: the effort to cry out for peace in the world.

It is that kind of effort needed desperately to make the world aware of the truth as it pertains to President Slobodan Milosevic and his manipulation of his own army to penetrate, rape and destroy the people of Kosovo with no other motive than that of ethnic cleansing.

I've heard from my friend, an enormously courageous director who has managed to film hundreds of young girls, ages ten to twelve, who have been raped and therefore discarded as they are viewed as tainted in their own culture. These rapes are a direct order to the soldiers as they penetrate Kosovo in an effort to eliminate masses of human life. Some of these girls will be willing to speak out at the *Children's United Nations* Assembly.

Today, I will be meeting with Malcolm Fraser, former Prime Minister of Australia and Chairman of the Interaction Council, the international organization of former Presidents and Prime Ministers. During our phone conversation yesterday, he assured me that the *Children's United Nations* might be the only way left to shame the adult world into responsibility towards co-existence.

I believe that we cannot wait until January 2000. I have written the President about the fact that we must make an announcement about the *Children's United Nations* to the world. Perhaps we could begin by explaining why we have formed the *Children's United Nations*: to avoid precisely what is happening to the people of Kosovo. It appears otherwise that America is being portrayed as the destroyer.

If you would like to contact me before my return to Los Angeles, you may reach me at the Hotel Como in Melbourne: 011-61-3-9825-22-22, Room 624.

Dear Mary Ellen:

Please thank Mrs. Clinton for her consideration and her patience. We are sorry that she will be unable to join us for what promises to be a very special evening. With respect to your concerns on credibility, I am in complete agreement. At this time we do not want to create further work for you by making other requests of your office. It is my hope that this incidence will not preclude our working together in the future, however, with clearer communication.

For your background information, the following individuals have been confirmed as attending and are being honored: Mikhail Gorbachev for Political Leadership, Zubin Mehta for Classical Arts, Arnold Schwarzenegger for Performing Arts, Ambassador Sacirbey for Peace Accords, Dr. Michael DeBakey for Science and Technology and George Wein for Cultural Innovation. We will have the final two remaining individuals confirmed by close of business tomorrow: Bishop Desmond Tutu and Linda Wachner.

Dear Hillary,

It was wonderful seeing you in Aspen. It was particularly a special moment for me as finally our hard work to establish an international millennium assembly of the Children's United Nations is a reality. It was ironical that I heard from the Secretary General an hour before I arrived in Aspen that the United Nations has agreed to hand us over the opening ceremonies of the millennium project which will occur on the 5th, 6th, and 7th of September 2000. The plan is on the 5th it will be an assembly for the children of the world, on the 6th it will be an assembly for all heads of different countries of the world. They will be accompanied by the children and will be responding to some of the issues of concern brought up by the children. On the 6th there will be resolutions that will be announced to pave the road towards the new millennium.

This year on the 15th and 16th of November, the Children's United Nations will be receiving a Peace Achievement award from the Friends of the United Nations. The gala event for the big donors will be at the Plaza Hotel on the 15th of November, followed the next day by ceremonies at the United Nations in the Delegate's dining room.

You cannot imagine how grateful I am for the encouragement and support that you have given me and the Children's United Nations from the very beginning. I so admire your genuine commitment to our children here in the United States and in our Global Village.

It often surprises me how little people know about the many areas that you have been able to pave the road for the future of our children. I therefore, would like very much to extend my sincere commitment and support to you. I have suggested to the United Nations that it would mean a great deal to me and the Children's United Nations if you were the key note speaker either at

Or Chair?
event?

Richard

the gala event on the 15th of November at the Plaza Hotel or at the United Nations ceremonies the next day at lunch.

As you are running for Senate your presence at the gala event would probably be very helpful to your campaign. And, of course during the ceremonies at the United Nations your presence would mean a great deal for all of us. The event will be televised internationally.

There are several children that will also be receiving awards for their work on behalf of peace and co-existence. I have been told that one of the awards will be given by the Honorable Nelson Mandela. I have not yet been informed of some of the other Heads of States that will be present. But I will furnish you with that information as soon as I have it.

One thing that I am sure about is that during my acceptance speech I will be speaking about you, your help and commitment to children. Obviously, I would like to focus on your accomplishments on behalf of vulnerable children in the United States and elsewhere in the world. Please let me know as soon as possible if the 15th and/or 16th work for you.

As always I send you my love and devotion.

Dear Hillary,

I just wanted to let you know that I'm leaving for the refugee camps in Albania on a rescue mission. Twenty of us are going, and the agenda for this trip includes the following:

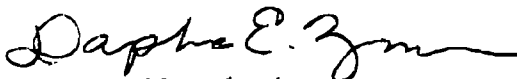

- 1) We are transporting children (and some of their mothers) to Israel to absorption centers, which have been arranged and are ready to receive them.
- 2) We are bringing supplies with us to the refugees.
- 3) We are also going to other refugee camps in Kosovo with food & medical supplies.

We will depart Newark, NJ Monday, May 3, at 10:00 p.m. Upon our arrival in Israel, we will board a plane carrying supplies, which we will deliver to Tirana and some of the other neighboring refugee areas.

We will load planes with the children most in need, like the children who have lost their parents. At this time, we hope to take these children as well as some parents to absorption centers.

If there is anything else that I can do please let me know. Of course, we are happy to help in any way possible.

First Lady Hillary Clinton

Washington, DC 20007

Dear Mrs. Clinton,

Daphna Ziman, the Chairman of the Children's United Nations (C.U.N.) requested that C.U.N. present this formal invitation requesting you to become the Honorary Chair of the Children's United Nations. As Honorary Chair your presence will highlight your long advocacy for programs to benefit children's welfare throughout America and the world while providing the Children's United Nations a commanding symbolic leadership.

C.U.N. is a 501.c3 non-profit social service organization founded to give children throughout the world a direct voice in their welfare by participating in the United Nations process. California's First Lady, Sharon Davis is the President of the Honorary Board along with a host of international dignitaries and celebrities that are currently joining the board. C.U.N. has recently opened a full-time office with a professional program staff to realize C.U.N.'s vision for children.

C.U.N. is planning to publicly launch the program with an inaugural signing ceremony and press conference on or near June 26, 1999 in San Francisco. June 26th is the anniversary of the signing of the original United Nations Charter in 1945. Because of its historical and symbolic significance as the site of the original signing ceremony, the Herbst Theater was selected as the venue. As an echo of that historic event, the Children's United Nations Charter will be signed in the same room the original U.N. signing took place.

C.U.N. would be honored to have your presence as the keynote presenter at the C.U.N. launch. You would be joined by Governor Gray Davis and his wife Sharon, international dignitaries, children from throughout the world, and Daphna Ziman.

The exact timing of the event is dependent upon your travel schedule. Currently, the Herbst Theater is available from 9 am to 11 am on Friday, June 25th, and all day Sunday and Monday June 27th and 28th. The entire signing ceremony and press conference will be broadcast live to satellite to allow U.S. and international news organizations the ability to directly receive and report on this notable occasion.

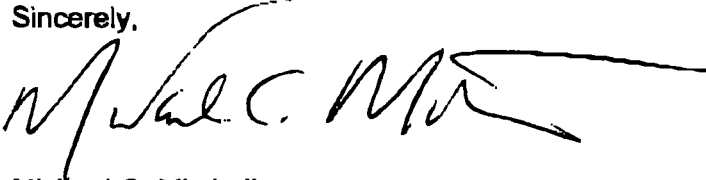

Once we have confirmed your acceptance to serve as the Honorary Chair of the Children's United Nations, specific arrangements regarding your ability to commit to key

Dear Hillary,

I so enjoyed speaking to you over the holidays.

Thank you for your interest in the "Children's United Nations". Your involvement is so important. I cannot imagine better hands at the helm.

Just to bring you up to date, I have spoken to Crown Prince Lelie Lelaulu at the United Nations, who has been given the responsibility of heading the "Millenium Project". The "Children's United Nations" falls under the auspices of the "Millenium Project".

I am flying to New York on February 9th to meet with his Royal Highness Prince Lelie Lelaulu and the Secretary General His Excellency Mr. Kofi Annan to discuss the agenda for the first Children's United Nations Assembly, on January 1st, 2000.

I would greatly appreciate your input for the priority of issues on the agenda.

If you have any time available between February 9th to February 13th, I would be happy to visit with you, to discuss the Charter and the structure of the proposed resolution.

I would love to hear from you at yours earliest convenience.

With much love,

RE: Children's United Nations

VIA FACSIMILE

Dear Hillary,

It was great seeing you twice in one day, especially at the Gray Davis election party. It seems to me that in every speech that I make, I am always quoting or referring to something you have said to me. I hold you in such high esteem that it breaks my heart to see the injustice that you are facing.

Your genuine commitment to children has always warmed my heart. You deserve to be awarded not hurt.

Dearest Hillary. I have recently founded the nucleus of a "Children's United Nations". I have met with our Vice President Al Gore and now have the beginnings of a committee that includes: Laurie Meadoff (City Kids), Steve Nissen (Head of California State Bar), Mitchell Schwartz, Charlotte Parker (Parker PR), our new First Lady of California Sharon Davis, Jenny Weisz (Public Counsel) Diane Stanfield (ABC Love), Nancy Daly Riordan, Steve Grossman, Sharon Stone, Kelly Stone (Planet Hope) and we are just beginning.

Sharon Davis is currently inviting all the First Ladies of their respective States to join us, as honorary chairs. We want this to be a non-political event, so that in no way is the attention taken away from the voices of the children.

In this spirit, It gives me great pleasure to extend an invitation to you to be the Executive Chairperson for the "Children's United Nation". I believe no one deserves it more.

I believe that we are on the brink of the "age of awareness". I believe that our heads of state are ready to listen to the "children of the world".

We are, after all, asking the children to take over the world, as we leave it to them. Should we not listen to their voices?

It has always amazed me how a child's voice can penetrate so deeply into our soul.

On the 1st of January 2000, we hope to listen to children from all corners of the world, as they tackle issues that effect us all. From nuclear power to biological warfare, to ecology to children rights and animal rights.

Let us all take the first step into the next millenium by supporting the voices of our children. I have attached a draft of the Children's United Nations Charter. Please call me so that we can discuss this further.

I agree with you when you say we need to stop focusing on the negatives of this country and start looking for solutions. We have seen what can happen in a country that is divided by political issues - the murder of Prime Minister Rabin in Israel. I wish you, your husband and Chelsea Happy Holidays and a very loving New Year.

Sincerely,

Daphna Edwards Ziman

Children's United Nations

Draft Charter

MISSION STATEMENT:

A Children's United Nations will give an opportunity for the World's children to have a voice that will be heard by their respective countries as well as the entire world.

A voice that will help us see the world through our children's eyes, and help remind us that we are borrowing the future from our children.

IN THE SPIRIT OF ECHOING THE PURPOSE OF THE UNITED NATIONS

WE THE CHILDREN OF THE UNITED NATIONS are determined to save our generation and the succeeding generations by bringing to the attention of the world, the scourge of war, which even in our own lifetime has brought untold sorrow to mankind

WE THE CHILDREN OF THE UNITED NATIONS are determined to bring attention to the rights of children as part of the need to reaffirm faith in fundamental human rights, in the dignity and worth of the human voice, in the equal rights of children, men and women and of nations large and small.

WE THE CHILDREN OF THE UNITED NATIONS are determined to reaffirm faith in fundamental animal rights, in the dignity and worth of all living things.

WE THE CHILDREN OF THE UNITED NATIONS are determined to reaffirm a common commitment in the fundamental human responsibility to protect our planet.

WE THE CHILDREN OF THE UNITED NATIONS hope to bring attention to the conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained.

WE THE CHILDREN OF THE UNITED NATIONS are determined to promote the need for social progress and better standards of life as it pertains to all people.

AND FOR THESE ENDS

WE THE CHILDREN OF THE UNITED NATIONS are determined to practice tolerance, acceptance and understanding and live together in peace with one another as good friends.

WE THE CHILDREN OF THE UNITED NATIONS are determined to hear and listen to one another and strengthen our own ability to accept each others differences in order to achieve international peace and security.

WE THE CHILDREN OF THE UNITED NATIONS are determined to bring attention to the threat of nuclear and biological warfare as it pertains to the existence of life on our planet.

We the Children of the United Nations are determined to utilize information and communication ability for the promotion of the economic and social advancement of all peoples.

WE THE CHILDREN OF THE UNITED NATIONS HAVE RESOLVED TO COMBINE OUR EFFORTS TO ACCOMPLISH THESE ENDS.

Five children, 13 years of age, will represent their country when they assemble annually on January 1 at the United Nations. Each delegation will be sent a list of current issues that effect our world. Each delegation will come prepared with issues for discussion that are of great importance to their individual country and/or the world at large.

For example topics for discussion will include:

Global warming
Children's Rights
Nuclear power
Biological Warfare
Ecology
Ethnic Warfare
Fundamentalism
World Hunger
Education
Medicine

Human Rights (Gen.) - genocide
Health Care
Education
Girl's Education
Family Planning
Literacy
- accountability - war crimes tribunals, etc.

After the conclusion of the conference, each delegation will agree to participate in a Children's congress within their own country in order to increase national awareness after international perspective is gained. To implement change on some of the specific resolutions that were achieved at the conference.

Children's United Nations

Session I
January 1, 2000

Children's United Nations is exactly that – A forum that allows 13-year-old children the chance to openly discuss their cultural differences, world problems, and how to make the world a better place for not only their generation, but generations to follow. This enriching and exciting assembly plans to hold its inaugural meeting on January 1, 2000.

C.U.N. is an excellent first hand experience to share ideas and concerns on a global context. By having representatives from each individual country meet in one place, these children learn about each others countries, cultures, and international relationships, while developing a global perspective on real issues confronting the world's community today.

During the year, the representatives chosen will receive information on topics that will be discussed at the annual meeting. This preparation will culminate in a Children's United Nations.

Children will immensely enjoy the setting of the real United Nations in New York City and gain an experience that will last them a lifetime. Due to the authentic nature of the material planned for discussion, they will draw experiences from their own personal day to day life, to discuss with the other children from around the world.

Benefits to the Children:

Promotes awareness of global issues, current events and other cultures.

Sharpens leadership rolls.

Enables the representatives to teach other children about other cultures when they return back to their native country.

Encourages understanding of other cultures.

Initiates independent motivation.

Educates Children from around the world.

A forum to discuss a solution for tomorrow's generation.

An Opportunity for Children to understand how the real UN works.

Children's United Nation Proposal

Chairperson Daphna Edwards Ziman

The intent of a "Children's United Nation", is for the children of the World to discuss the threats and dangers of tomorrow's problems. These problems include nuclear weapons, the abuse and pollution of the world's environment, the justice system as it relates to the rights of children, food, over population, water and other concerns that will effect the future of our world. When children understand how one country's actions can activate a hazardous reaction that is felt worldwide, they may have a better understanding of how to govern the world when the world is handed over to them.

Five children will be selected from each country as representatives in a proposed Children's United Nations. The first session will be held on January 1, 2000. The purpose is to have the next generation become more acutely aware of the different cultures and problems that effect the future of our children across the entire world. We know that a "Children's United Nation", will attract the media internationally and will bring into focus the issues that effect our next generation.

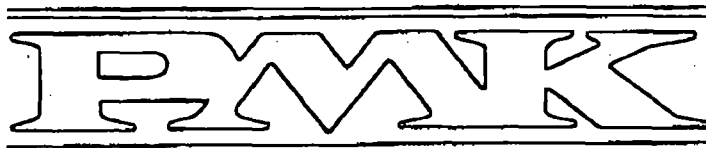

When an experience is described as seen from the eyes of a child, it enables us all to think about the future in a more socially conscious way.

So far, many sponsors including several airlines, the Milk Board, and Lehman Brother etc. are willing to participate and help bring such an event into fruition.

Our next First Lady of California, Sharon Davis, is currently writing all the First Lady's of the Nation to become honorable chairpersons for the Children's United Nations.

"Taking the first step towards World Peace by bringing the Children of the World together."

"We are borrowing the Earth from our children, ultimately we leave them to repair the damage that we have caused."

Daphna Edwards began her career in the entertainment industry when she founded Unicorn Records, the first punk rock record company in the world. This company also created the world known sub-label SST. Some of the well-known bands such as The Germs, Black Flag, Wet Picnic and Minute Men were signed to this company. As a record producer Daphna was nominated for a Grammy for the Nicole Graham album as well as Joe Schemey's album "The Riper, The Finer." After having a number of albums on the charts and becoming one of the most talked about labels on MCA, Daphna achieved with Black Flag's "Damaged" the longest running number one album on the independent chart.

Unicorn Records and Daphna were also the first to start producing videos for MTV. Daphna then became a consultant to MTV and higher VJ's such as J.J. Jackson, in her belief that VJ's ought to be musicologists. Daphna directed Black Flag's "Happy Birthday" and "He Believes" videos which went on to win awards. The first documentary that Daphna directed and wrote, "On the Brink of Anarchy," was shown on PBS. Her short film (30 minutes) about a streetwalker, featuring Grace Jones, was the first long form film to be shown on MTV.

Wanting to expand her horizon Daphna emerged out of the record business and went to film school at UCLA where she achieved her Masters degree. Once she completed film school Daphna worked with CBS developing several movies. When the head of programming, Steve Mills, went to head Quintex, he attached Daphna to an overall deal so she would go with him.

Soon after Daphna formed Edwards Entertainment. She wrote "Echoes In the Dark," which was bought by Francis Ford Coppolla, "Marriage," bought by Paramount, and co-wrote "One Hand Clapping" with Peter Barnes, an Oscar nominee for "Enchanted April." Daphna has also produced several movies.

"Footsteps" is Daphna's debut feature film as a writer and director. The film breaks new ground by marrying the romantic thriller genre with social conscience issues. She is now the chairperson for ABC Love, (Adoption Brings Children Love). Daphna is also involved with United Friends of the Children, a board member of Home Instruction Program for Preschool Youngsters (HIPPO) and a member of Women in Film. Daphna Edwards is an idealist who has spent most of her life fighting on behalf of children's rights. Daphna is leading the fight to change the adoption process. President Clinton recently passed an adoption law that Daphna initiated.

Dear Hillary:

I know your tremendous personal commitment to reversing the tragedy befalling the women and girls of Afghanistan under the Taliban regime. I, too, am involved in the movement to draw public and international attention to this issue, information on which is attached. One of my projects is the March 29, 1999, "11 Million Waiting to be Freed" event in Los Angeles, at which prominent women will be staging a program to be aired internationally on radio and television in an attempt to bring hope to those suffering from the brutalities of the regime. The event is a project of the Feminist Majority Foundation.

Mavis Leno is chairing the event and Linda Bloodworth-Thomason and Harry Thomason are producing an extraordinary program. Senators Boxer and Feinstein are Honorary Co-Chairs. Journalists Leslie Stahl and Margaret Carlson will participate; Anna Eleanor Roosevelt will read from her grandmother's writings; entertainment luminaries and their daughters will be sharing the stage with dozens of others to read letters written by Afghan women who are trapped in this abhorrent situation; Sidney Poitier, attending with his daughters, will speak on human rights; there will be film footage and other forms of expression against the gender apartheid these victims are suffering.

This event is so critical to launching public recognition of this terrible situation. I have proposed that after this event, the Feminist Majority spearhead a vigil or rally at the United Nations, to be attended by women throughout the country with prominent speakers, poetry, readings and the like. But we need the Los Angeles event to be a success, to raise the money needed to keep this effort going forward.

I know how important this issue is to you. I also know how important your time in Los Angeles will be for you and Chelsea at the end of March. But if you could find a way to lend your voice to this program, it would be so meaningful. We would love to have you and Chelsea, as a mother-daughter pair, attend even for a few brief moments.

Please speak to me about this when you can. I want so much for this effort to succeed. My heart breaks for these women and girls and I will do all I can personally to help stop the savageness they are suffering.

Love,

Daphna

Dear Hillary,

It was wonderful seeing you in Aspen. It was particularly a special moment for me as finally our hard work to establish an international millennium assembly of the Children's United Nations is a reality. It was ironical that I heard from the Secretary General an hour before I arrived in Aspen that the United Nations has agreed to hand us over the opening ceremonies of the millennium project which will occur on the 5th, 6th, and 7th of September 2000. The plan is on the 5th it will be an assembly for the children of the world, on the 6th it will be an assembly for all heads of different countries of the world. They will be accompanied by the children and will be responding to some of the issues of concern brought up by the children. On the 6th there will be resolutions that will be announced to pave the road towards the new millennium.

This year on the 15th and 16th of November, the Children's United Nations will be receiving a Peace Achievement award from the Friends of the United Nations. The gala event for the big donors will be at the Plaza Hotel on the 15th of November, followed the next day by ceremonies at the United Nations in the Delegate's dining room.

You cannot imagine how grateful I am for the encouragement and support that you have given me and the Children's United Nations from the very beginning. I so admire your genuine commitment to our children here in the United States and in our Global Village.

It often surprises me how little people know about the many areas that you have been able to pave the road for the future of our children. I therefore, would like very much to extend my sincere commitment and support to you. I have suggested to the United Nations that it would mean a great deal to me and the Children's United Nations if you were the key note speaker either at

the gala event on the 15th of November at the Plaza Hotel or at the United Nations ceremonies the next day at lunch.

As you are running for Senate your presence at the gala event would probably be very helpful to your campaign. And, of course during the ceremonies at the United Nations your presence would mean a great deal for all of us. The event will be televised internationally.

There are several children that will also be receiving awards for their work on behalf of peace and co-existence. I have been told that one of the awards will be given by the Honorable Nelson Mandela. I have not yet been informed of some of the other Heads of States that will be present. But I will furnish you with that information as soon as I have it.

One thing that I am sure about is that during my acceptance speech I will be speaking about you, your help and commitment to children. Obviously, I would like to focus on your accomplishments on behalf of vulnerable children in the United States and elsewhere in the world. Please let me know as soon as possible if the 15th and/or 16th work for you.

As always I send you my love and devotion.

DAPHNA D. EDWARDS
Writer/Director/Producer

Daphna Edwards began her career in the entertainment industry when she founded Unicorn Records, the first punk rock record company in the world. This company also created the world known sub-label SST. Some of the well-known bands such as The Germs, Black Flag, Wet Picnic and Minute Men were signed to this company. As a record producer Daphna was nominated for a Grammy for the Nicole Graham album as well as Joe Schemey's album "The Riper, The Finer." After having a number of albums on the charts and becoming one of the most talked about labels on MCA, Daphna achieved with Black Flag's "Damaged" the longest running number one album on the independent chart.

Unicorn Records and Daphna were also the first to start producing videos for MTV. Daphna then became a consultant to MTV and higher VJ's such as J.J. Jackson, in her belief that VJ's ought to be musicologists. Daphna directed Black Flag's "Happy Birthday" and "He Believes" videos which went on to win awards. The first documentary that Daphna directed and wrote, "On the Brink of Anarchy," was shown on PBS. Her short film (30 minutes) about a streetwalker, featuring Grace Jones, was the first long form film to be shown on MTV.

Wanting to expand her horizon Daphna emerged out of the record business and went to film school at UCLA where she achieved her Masters degree. Once she completed film school Daphna worked with CBS developing several movies. When the head of programming, Steve Mills, went to head Quintex, he attached Daphna to an overall deal so she would go with him.

Soon after Daphna formed Edwards Entertainment. She wrote "Echoes In the Dark," which was bought by Francis Ford Coppolla, "Marriage," bought by Paramount, and co-wrote "One Hand Clapping" with Peter Barnes, an Oscar nominee for "Enchanted April." Daphna has also produced several movies.

"Footsteps" is Daphna's debut feature film as a writer and director. The film breaks new ground by marrying the romantic thriller genre with social conscience issues. She is now the chairperson for ABC Love, (Adoption Brings Children Love). Daphna is also involved with United Friends of the Children, a board member of Home Instruction Program for Preschool Youngsters (HIPPO) and a member of Women in Film. Daphna Edwards is an idealist who has spent most of her life fighting on behalf of children's rights. Daphna is leading the fight to change the adoption process. President Clinton recently passed an adoption law that Daphna initiated.

RE: Children's United Nations

VIA FACSIMILE

Dear Tara,

Per the attached letter from Prince Mikhail Romanov, I am including the following information regarding the "Children's United Nations".

My name is Daphna Edwards Ziman and I have recently founded the nucleus of a "Children's United Nations". It started with a brainstorming session with our Vice President Al Gore and snowballed into a wonderful committee that includes: Laurie Meadoff (City Kids), Steve Nissen (Head of California State Bar), Mitchell Schwartz, Charlotte Parker (Parker PR), our new First Lady of California Sharon Davis, Jenny Weisz (Public Counsel) Diane Stanfield (ABC Love), Nancy Daly Riordon, Steve Grossman, Sharon Stone, Kelly Stone (Planet Hope). Our First Lady Hillary Clinton has expressed sincere interest in the "Children's United Nations". We have invited her to become Executive Chair.

First Lady of California Sharon Davis is currently inviting all the other First Ladies of the nation to join us, as honorary chairs. We want this to be a non-political event, so that in no way is the attention taken away from the voices of the children.

I believe that we are on the brink of the "age of awareness". I believe that our heads of state are ready to listen to the "children of the world".

We are, after all, asking the children to take over the world, as we leave it to them. Should we not listen to their voices?

It has always amazed me how a child's voice can penetrate so deeply into our soul.

1. We have never seen this request
2. First Lady doesn't seem to be committed

On the 1st of January 2000, we hope to listen to children from all corners of the world, as they tackle issues that effect us all. From nuclear power to biological warfare, to ecology to children rights and animal rights.

Let us all take the first step into the next millenium by supporting the voices of our children.

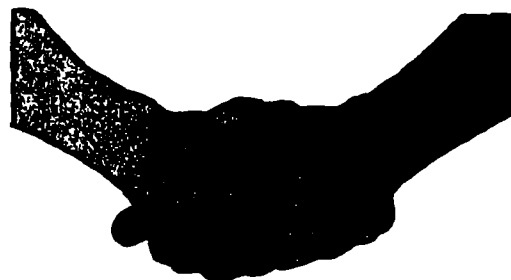

Please call me so that we can discuss this further.

CHILDREN'S UNITED NATIONS

Healing The World For Tomorrow's Generation

Sponsored by Public Counsel and ABC Love

Children's United Nations

Session I

January 1, 2000

Children's United Nations is exactly that - A forum that allows 13-year-old children the chance to openly discuss their cultural differences, world problems, and how to make the world a better place for not only their generation, but generations to follow. This enriching and exciting assembly plans to hold its inaugural meeting on January 1, 2000.

C.U.N. is an excellent first hand experience to share ideas and concerns on a global context. By having representatives from each individual country meet in one place, these children learn about each others countries, cultures, and international relationships, while developing a global perspective on real issues confronting the world's community today.

During the year, the representatives chosen will receive information on topics that will be discussed at the annual meeting. This preparation will culminate in a Children's United Nations.

Children will immensely enjoy the setting of the real United Nations in New York City and gain an experience that will last them a lifetime. Due to the authentic nature of the material planned for discussion, they will draw experiences from their own personal day to day life, to discuss with the other children from around the world.

Benefits to the Children:

Promotes awareness of global issues, current events and other cultures.

Sharpens leadership rolls.

Enables the representatives to teach other children about other cultures when they return back to their native country.

Encourages understanding of other cultures.

Initiates independent motivation.

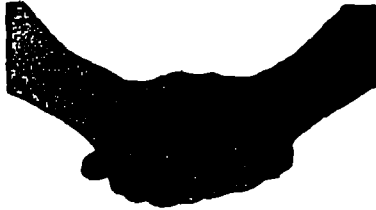

Educates Children from around the world.

A forum to discuss a solution for tomorrow's generation.

An Opportunity for Children to understand how the real UN works.

Children's United Nations

Draft Charter

MISSION STATEMENT:

A Children's United Nations will give an opportunity for the World's children to have a voice that will be heard by their respective countries as well as the entire world.

A voice that will help us see the world through our children's eyes, and help remind us that we are borrowing the future from our children.

IN THE SPIRIT OF ECHOING THE PURPOSE OF THE UNITED NATIONS

WE THE CHILDREN OF THE UNITED NATIONS are determined to save our generation and the succeeding generations by bringing to the attention of the world, the scourge of war, which even in our own lifetime has brought untold sorrow to mankind

WE THE CHILDREN OF THE UNITED NATIONS are determined to bring attention to the rights of children as part of the need to reaffirm faith in fundamental human rights, in the dignity and worth of the human voice, in the equal rights of children, men and women and of nations large and small.

WE THE CHILDREN OF THE UNITED NATIONS are determined to reaffirm faith in fundamental animal rights, in the dignity and worth of all living things.

WE THE CHILDREN OF THE UNITED NATIONS are determined to reaffirm a common commitment in the fundamental human responsibility to protect our planet.

WE THE CHILDREN OF THE UNITED NATIONS hope to bring attention to the conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained.

WE THE CHILDREN OF THE UNITED NATIONS are determined to promote the need for social progress and better standards of life as it pertains to all people.

AND FOR THESE ENDS

WE THE CHILDREN OF THE UNITED NATIONS are determined to practice tolerance, acceptance and understanding and live together in peace with one another as good friends.

WE THE CHILDREN OF THE UNITED NATIONS are determined to hear and listen to one another and strengthen our own ability to accept each others differences in order to achieve international peace and security.

WE THE CHILDREN OF THE UNITED NATIONS are determined to bring attention to the threat of nuclear and biological warfare as it pertains to the existence of life on our planet.

We the Children of the United Nations are determined to utilize information and communication ability for the promotion of the economic and social advancement of all peoples.

WE THE CHILDREN OF THE UNITED NATIONS HAVE RESOLVED TO COMBINE OUR EFFORTS TO ACCOMPLISH THESE ENDS.

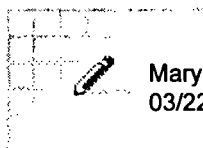

Five children, 13 years of age, will represent their country when they assemble annually on January 1 at the United Nations. Each delegation will be sent a list of current issues that effect our world. Each delegation will come prepared with issues for discussion that are of great importance to their individual country and/or the world at large.

For example topics for discussion will include:

- Global warming
- Children's Rights
- Nuclear power
- Biological Warfare
- Ecology
- Ethnic Warfare
- Fundamentalism
- World Hunger
- Education
- Medicine

After the conclusion of the conference, each delegation will agree to participate in a Children's congress within their own country in order to increase national awareness after international perspective is gained. To implement change on some of the specific resolutions that were achieved at the conference.

Dear Hillary,

I know that you are leaving for Kosovo soon. I have approached The Jewish Federation, enlisting the organizations help to maneuver and support the orphans of war – those children who have lost their parents and are currently in refugee camps, with no families to return to nor anyone to give them the family and home they deserve.

As head of ABC Love (Adoption Brings Children Love), I would like to extend my help and Public Council's help in finding safety and homes for those children who need immediate shelter.

I would like to volunteer to fly to Kosovo with you or with the federation to help in any way to extend a cohesive plan to help the children – the real victims.

Dear Mary Ellen & Shirley:

We are pleased to present to you the remarkable progress that the Children's United Nations has made over the last month. As I explained, we hope that the Children's United Nations will become a preeminent voice for this generation of children and the next. We all feel a sense of responsibility that we are merely borrowing the future from our children. That is why all of us working on this program feel it is so profoundly important to invite the First Lady to be the Honorary Chair of the Children's United Nations: melting the voice of wisdom and political realism with the voices of youth and untarnished idealism.

You requested a detailed explanation of the specific programs of the Children's United Nations. Please find an outline enclosed with this letter. We also wanted to share with you the overwhelming response that we have received as we have started building the honorary board. As you know Sharon Davis is the program's Honorary President. We have also received written confirmation from the First Lady's of New York, Illinois and Puerto Rico, along with verbal acceptances from eleven other First Ladies. We have received declines from only five First Ladies - Texas, Kansas, Arkansas, Louisiana and Oregon.

In addition to the inspiring response from the First Ladies, I had a generous reception in Australia from Malcolm Fraser, the ex-Prime Minister of Australia. Mr. Fraser is currently the Executive Director of the InterAction Council, the members of whom are comprised of ex-world leaders including such luminaries as Helmut Kohl, Pierre Trudeau and Jimmy Carter. The entire 60-some membership has been invited to become honorary members and actively participate in specific programs.

On other fronts, I received a positive response during dinner with Princess Michael of Kent last week to begin a campaign to enlist the support of the world's leading royalty.

We have initiated programs to enlist partnerships and co-presentations with several other leading personalities and organizations. By enlisting the moral persuasiveness of leading advocate organizations such as UNICEF, with whom we meet on April 27th in New York, Children's United Nations will begin laying the foundation for a long-term, internationally cooperative effort, to ensure that children's voices will be clearly heard at the United Nations.

My greatest enthusiasm is reserved for the remarkable progress that we've made in producing the children's co-existence festival, one of our premier undertakings. The festival will feature children from nations in conflict presenting collaborative performances on stage. We've already received preliminary commitments from Israeli, Palestinian and Jordanian groups, and should have confirmation shortly from several other warring nations.

The Children's United Nations is officially inviting the First Lady to become Honorary Chair to highlight her advocacy for children's programs throughout America and the world. Her leadership in this matter is vital to demonstrate America's effectiveness and commitment to children's issues. If our nation's leadership cannot rally behind the Children's United Nations, we cannot expect others to be first. The involvement of the First Lady is not only highly appreciated, but indispensable in projecting America's authority on these matters.

Best regards,

Dear Mr. President,

It was so wonderful to spend time with you in Aspen. Both you and Hillary are so courageous and are making such a difference for our country and our world. I was deeply saddened by Dan Dutko's accidental death. It was the harshest possible way to end such an inspiring weekend. Your speech during lunch at Mel Simon's home was brilliant and it certainly paved the path for a Democratic commitment into the new millennium.

Speaking of commitments, I have been asked by Gladys Knight and Tony Bennett on behalf of the entertainment industry to write to you to request your presence on the 26th of September, 1999 at the motion picture, radio and television's major gala weekend event, "A Family Celebration – One Giant Leap for Humanity". It will benefit the Child Welfare League of America, The Children's United Nations, We Care About Kids and the Associates for Breast & Prostate Cancer Studies.

The weekend will start on the 25th and will carry through to the 27th. Vice President Al Gore and Tipper Gore are Honorary Chairs of the event. Literally every big donor in Los Angeles and hundreds of celebrities are involved in this huge event. There are 1,800 people already committed to the event and it will be televised nationally.

I am humbled by the honor that will be given to me: "The Uniting Children of the World Award". Your administration has exemplified the importance of the private sector's involvement in the progress of children, health and education. That is why a few words from you during this important weekend would be crucial.

Please join us in our first "Giant Leap for Humanity" towards the new millennium. Every person involved in the "Family Celebration" weekend would like this event to set a precedence for the entire entertainment industry - a process towards a more conscientious community in all its aspects.

Attached, you will find a copy of the program plan and the enormous VIP list of the event committee. Please let me know if there is any way at all that you can make yourself available to be the keynote speaker. I would also like to extend a personal invitation to Hillary. The entertainment industry is in great need and will appreciate your show of support.

With much love & respect to you and Hillary,

Daphna Edwards Ziman

P.S. Thank you for your letter of response regarding Kosovo. We are currently in the process of organizing another rescue mission to Kosovo, specifically aimed towards medical help for the children who are suffering the damage of war. I would love to talk to you about it. Please put me on your call sheet so that we can have a private conversation soon.

A FAMILY CELEBRATION

ONE GIANT LEAP FOR HUMANITY

July 28, 1999

 City, State Zip _____

Dear _____

We invite you to join us at **A Family Celebration: One Giant Leap for Humanity**, a premiere event to be held on Sunday, September 26, 1999, at the Century Plaza Hotel in Los Angeles, California. Vice President and Mrs. Gore have agreed to serve as the event's National Honorary Chairs to help us bring focus to the importance of the family. We need your help to build the excitement, and also to reach a very ambitious fundraising goal - \$1 million dollars.

Being honored that evening will be Gladys Knight, celebrating 50 Golden Years of Music, and the entire cast of ABC's Award Winning Show, "The Practice" - Dylan McDermott, Michael Badalucco, Lara Flynn Boyle, Lisa Gay Hamilton, Steve Harris, Camryn Manheim, Marla Sokoloff and Kelli Williams. As a special addition to our evening, the Child Welfare League of America will be presenting its Humanitarian Award to Daphna Edwards Ziman.

Proceeds from A Family Celebration will benefit three outstanding charities: Associates for Breast & Prostate Cancer Studies at the John Wayne Cancer Institute, the Child Welfare League of America and We Care About Kids. By working every day to combat disease, child abuse and neglect, and racism, these charities are helping American families to stay healthy, safe and strong. An additional grant will be presented to the American Diabetes Association benefiting the Elizabeth Knight Fund.

There are many ways you can support this event, including sponsorships, individual ticket purchases, donations to the live or silent auction, and/or buying an ad in the Tribute Journal. It would mean so much to us to have your participation in this important event. Your support will help us to meet our goal and enable the beneficiaries of the evening to expand their work to strengthen the American family.

With your support, we promise you nothing less than a spectacular evening. A Family celebration is a project of love and dedication, and with your participation great things can and will happen.

With appreciation and warm regards,

Dear Mary Ellen,

Thank you so much for your call this morning.

I understand that the First Lady cannot be in Los Angeles on the 26th of September for *A Family Celebration – One Giant Leap for Humanity*, an event honoring the *Children's United Nations* and me.

It would be greatly appreciated if we could receive a video from you featuring the First Lady congratulating the other Honorees as well as the other charities. I will be happy to write the script for the First Lady and, obviously, we will bear all of the costs. I believe that such a video would certainly help to enlighten the members of the entertainment industry who will be present at the event as to how important it is to focus our collective attentions on the future of our planet and our children. I can't imagine anybody else's words than the First Lady's being more appropriate.

Please relay my warm personal regards to Mrs. Clinton and, as usual, thank you and Shirley Sagawa for all of your help.

ONE GIANT LEAP FOR HUMANITY

July 1, 1999

Hillary Rodham Clinton

2nd Floor, West Wing

1600 Pennsylvania Avenue, NW

Washington, DC 20500

Dear Mrs. Clinton:

We invite you to join us at a **A Family Celebration: One Giant Leap for Humanity**, a premiere dinner event to be held on Sunday, September 26, 1999 at the Los Angeles Century Plaza Hotel. Vice President and Mrs. Gore have agreed to serve as our National Honorary Chairs to bring focus to the importance of family. We need your help to build the excitement and also to reach a very ambitious fundraising goal—\$1 million.

Proceeds from A Family Celebration will benefit three outstanding charities: Associates for Breast & Prostrate Cancer Studies at the John Wayne Cancer Institute, the Child Welfare League of America, and We Care About Kids. By working every day to combat disease, child abuse and neglect, and racism, these charities are helping American families to stay healthy, safe, and thriving. An additional grant will be presented to the American Diabetes Association benefiting the Elizabeth Knight Fund.

In keeping with the theme of the evening, a number of individuals will be honored for supporting families through their talent, commitment, and generous philanthropic efforts. Honorees for the evening include Gladys Knight and the entire cast of ABC's "The Practice" (Dylan McDermott, Michael Badalucco, Lara Flynn Boyle, Lisa Gay Hamilton, Steve Harris, Camryn Manheim, Maria Sokoloff, and Kelli Williams). Additionally, humanitarian awards will be given to Shuki Levy, Bradley O'Leary, and Shannon Reed. David S. Liederman, former executive director of the Child Welfare League of America, will receive the first Protecting America's Children Award.

There are many ways you can support this premiere event, including sponsorships, individual ticket purchases, donations to the silent auction, and/or buying an ad in the tribute book to honor David. Your support will help us meet our goal and help the beneficiaries continue their work to strengthen the American family.

With your support, we promise you nothing less than a spectacular evening. A Family Celebration is a project of love and dedication and with your participation great things will happen.

With appreciation and warm regards,

Dylan McDermott

Why:

The strength of our nation comes from strong, healthy families and from parents and caregivers who have the information and resources they need to stay healthy and to build homes filled with love and joy. This must become a priority, a way of life, so that American children grow up healthy, safe, and thriving and become adults who are productive, prosperous, inclusive, and always civil.

Who:

Associates for Breast & Prostrate Cancer Studies at the John Wayne Cancer Institute—

Ten years ago the ABCs was founded to fight breast cancer and fund the research of Dr. Donald L. Morton, Director of the John Wayne Cancer Institute at St. Johns Hospital and Health Center in Santa Monica. To date, they have raised millions of dollars towards the eradication of breast and prostate cancer. Child Welfare League of America—Since 1920, CWLA, the nation's leading nonprofit, has been developing and promoting policies and programs to nurture and protect America's children and families. Over 1,000 local agencies are members of CWLA, serving 3 million children and families each year. Proceeds from this event will be used to establish the David S. Liederman Public Education Fund that will support the ongoing public engagement activities of CWLA's Protecting America's Children: It's Everybody's Business® initiative, a 10-year campaign to stop child abuse and neglect.

We Care About Kids—For the last five years, We Care About Kids, a Los Angeles-based nonprofit organization, has been working with young people to combat racism and anti-semitism through the visual arts and town hall meetings in school settings. Short films lead to a discussion about intolerance and prejudice, while an essay contest gives students an opportunity to think about ways to solve racism in the U.S. Proceeds from this event will be used to fund a range of media projects and to expand town hall meetings.

Washington, D. C. 20500

Dear Hillary,

As you and I discussed, I am writing to you to on behalf of Children Uniting Nations and the United Nations to request your involvement in Earth Day, April 22, 2000.

A PR campaign is being planned for Earth Day, April 22, 2000. During the press conference outside the United Nations, one child from every country in the world will plant an olive tree in the garden of the United Nations. During the ceremony, 186 white pigeons will be set free as a symbol of peace. The children will be dressed in their own national costumes and will sing the song, "Children of the World." During the press conference, either a celebrity spokesperson or a chosen child will ask the children of the world to plant a tree on Environmental Day, June 5, 2000.

Please contact me, 310-271-8421, at your earliest convenience. I am looking forward to speaking to you about these events.

Respectfully,

Daphna Edwards Ziman
Chairman and Founder, *Children Uniting Nations*

Children Uniting Nations

On April 22, 2000, Children Uniting Nations with the full support of Delta Airline, Kafus Environmental Industries and the United Nations celebrated Earth Day with an all-star celebrity cast. The wildly popular band No Authority appeared, and the legendary Marvin Hamlisch accompanied the Diva Aprile Millo, who lent their support for the sake of our environment. Our event was a tremendous success based upon strong corporate and celebrity support. We now ask the media for their commitment to become messengers and bring attention to the 10 million child environmental refugees throughout the world who are dying at a rate of 7,000 per week. You have seen some of the Ethiopian children refugees on television recently. It is only with your help that our message of global environmental healing can be realized.

The United Nations Department of Public Information, in association with UN Development Programme, UN Children's Fund and UN Environment Programme, has asked its field offices throughout the world to coordinate with local authorities for tree planting activities on June 5, World Environment Day. UN offices in over 40 countries will receive specially prepared packets containing kenaf seeds for distribution among local school children. The seeds have been provided by the U.S.-based Kafus Environment Industries. Children Uniting Nations is one of the co-sponsors of the international campaign.

J On June 4, the eve of World Environment Day, we are holding a gala celebration dinner at the United Nations. Corporations, governments and celebrities have come together to assure the success of this venture. Arnold Schwarzenegger and Woody Harrelson will join us as our special guests. Stevie Wonder, Dionne Warwick, Baba Maal, Aprile Millo and Francisco Casanova will perform. On June 5, 2000 children in all corners of the earth will plant a kenaf tree for World Environment Day.

The message recited on Earth Day by the child celebrities is:

"We ask that each one of you, our friends come forward and participate in replenishing our mother earth. This is the earth we must protect. In spite of all our differences, let us be the ones from this moment forward to set an example of unity and eradicate any and all destruction on our beloved planet earth. Let us be the ones to love our precious gift of life and cherish the land upon which together we stand."

We appreciate your support and commitment as we strive to bring our message to the people of the world.

Dear Ms. McGuire,

Please find enclosed a letter originally sent by Natabara Rolloson, the UNDP Green Office Coordinator with The United Nations Development Programme, to Pam Cicetti. It contains a special request for a meeting to introduce The First Lady to Sri Chinmoy, leader of the Peace Meditation at the United Nations.

I feel Mr. Rolloson has been very eloquent in his letter. Therefore, instead of writing a new request, and since you apparently were not copied on this one, I encourage you to read this original letter.

I am very eager to arrange this meeting and look forward to hearing back from you (310) 271-8421 at your earliest convenience. Thank you so much for your consideration.

Sincerely,

Dear Mrs. Clinton,

Ms. Daphna Edwards Ziman, with whom I have had the privilege of working on the Tree of Life Celebration with children at the United Nations and around the world, has encouraged me to approach you formally with a special request which she feels has great merit. With utmost admiration, in my personal capacity I respectfully request an audience with you for the opportunity to introduce you to Sri Chinmoy, leader of The Peace Meditation at the United Nations. Sri Chinmoy would be deeply honoured to present you with the U Thant Peace Award and to have a small group of his students perform two songs he has composed in your honour. We would be most grateful for the privilege of sharing 15 minutes with you to express our heartfelt support in this way.

I understand that Ms. Ziman recently spoke with you regarding my request for this meeting. When we discussed the proposed meeting and the presentation of the U Thant Peace Award, she suggested that we do what we can to accommodate your challenging campaign schedule, which of course we are delighted to do. We hope to offer you a moment of peaceful celebration to energise you in your noble quest to serve the great state of New York.

In 1970, at the invitation of then Secretary-General U Thant, Sri Chinmoy began leading twice-weekly non-denominational peace meditations at the United Nations for delegates and staff. The U Thant Peace Award was established by The Peace Meditation at the United Nations in memory of this great champion of peace, who drew strength for his tireless dedication from his life of deep contemplation. Sri Chinmoy presents the Award to individuals who, exemplifying the lofty spiritual ideals of the late United Nations Secretary-General, have offered distinguished service toward the attainment of world peace. Recipients include His Holiness Pope John Paul II, President Mikhail Gorbachev, President Nelson Mandela and Mother Teresa.

Mrs. Clinton, you have undoubtedly seen the excellent documentary of Mother Teresa's life, *Love In Action*, in which both you and Sri Chinmoy are featured on several occasions. Your extremely profound comments on this modern saint touched the very depths of Sri Chinmoy's heart.

Sri Chinmoy is a person of multi-faceted creativity who serves the goal of universal peace through literature, music, art and sports. He has offered more than 500 Peace Concerts in countries on all continents, conveying the message of peace through

- 2 -

the universal language of inspirational music. The Sri Chinmoy Oneness-Home Peace Run is a biennial international relay that fosters friendship, harmony and cooperation, drawing the enthusiastic participation of tens of thousands of people—especially children—throughout the world. Sri Chinmoy's 1,300 published books and 10 million drawings of birds representing the soul convey the beauty and depth of the human potential, tapped through the self-discovery of meditation.

In the spirit of joy and self-giving, Sri Chinmoy would like to share with you some of the ways he and his several hundred students in the State of New York are encouraging your campaign. You may recall that, at a recent Long Island fundraiser with Gary Ackerman, a group of us briefly expressed to you our enthusiastic support for your candidacy, and I was thrilled that you invited me to hear your compelling speech for World Aids Day at the United Nations. Sri Chinmoy has long been an avid supporter of President Clinton and has written several letters to the President, while his students have rallied behind the President in Washington on several occasions.

With the utmost eagerness, Mrs. Clinton, Sri Chinmoy looks forward to offering you the U Thant Peace Award as a humble expression of his respect. I do hope there will be a brief interlude for you to receive this symbolic acknowledgement of all that you have done and all that you are aspiring to do for New York and for America.

Yours sincerely,

MaryEllen, Here's a copy of the newspaper article announcing the event that notes that Ed Siebert and George Hamrah are being honored. I know that Governor Rowland wrote a congratulatory letter and I wanted to make sure we were covered on the Democratic side.

Also, one correction for the Hamrah letter—he is the league vice president. Siebert is the league secretary.

Again, thanks a million.

MIBL celebrates 50th anniversary

By Bob Morrissette
Record-Journal staff

MERIDEN — The Meriden Intermediate Baseball League will begin play next week with the season opener scheduled for several days after the annual Alumni Game. As the league enters its fifth decade, the board of directors has organized an additional festivity to commemorate the landmark anniversary.

"The board thought we should do something special — it's a milestone," said former MIBL president Dennis Gaffney.

A 50th Anniversary celebration is set for June 8 at the North Italian Club. The agenda includes a celebrity roast of Ed Siebert, league secretary for the past 10 years, and George Hamrah, vice-president for five years.

Each season since 1986, the league has honored two of its longtime supporters in a ceremony at the Alumni Game and dedicated the upcoming season to them. Siebert and Hamrah are the 29th and 30th supporters to be recognized, and this

year the honors will be performed at the celebration dinner.

Gaffney and his fellow supporters of the MIBL are proud of the fact that it is a rare youth organization in that the players, ages 15-18, are not charged a fee to participate.

"A lot of people around town have donated their time to keep it going — 50 years," Gaffney said with a near incredulous shake of his head.

The Alumni Game has been the major fund raiser for the league since its inception in 1980. Former players make donations to the league prior to the game, which is played at Ceppa Field. The game formerly was labeled the MIBL "Old-Timers Game," but that has

changed as many recent ex-players have returned to support the league.

The Alumni Game will be at Ceppa Field June 15, with practice beginning at 5 p.m. and the game at 6 p.m. "It's no longer the Old-Timers Game," said Gaffney. "We like to see the young blood out there."

Four days after the Alumni Game, the MIBL will start its fifth decade of play June 19, with six teams in the league, including out-of-town entries from Glastonbury and Wallingford along with four Meriden squads.

Tickets for the 50th Anniversary Celebration, which begins at 7 p.m., are \$20, with proceeds going to the league. To obtain tickets, call Gaffney during the daytime at (203) 630-3560.

Meriden to improve itself in the conference.

Pitcher Megan Blaszyk gave up two hits, struck out nine and walked one in the first game for the Blue Knights. Steve Voth had two singles, three RBIs and scored two runs while Jessica Salvatore also had two singles and three RBIs. Nicole DeFaria had two singles and scored two runs and Sara Dunc had one single, one double, one RBI and scored two runs.

Bullseye's Kai Kalsev had one triple.

In the second game, Duncy Blaszyk went 3-for-3 with one RBI while Lindsay Blum had a single, double and scored two runs.

Winnipeg pitcher Kristina Toles allowed three hits, struck out six and walked one in the Southington. The Blue Knights

MaryEllen, There are two honorees. It would be great if you would be so kind to do two letters with the same text. The second gentleman's name is George Hamrah. His letter can be addressed to the same address as Ed Siebert's.

1999 Global Youth Peace & Tolerance Awards

"honoring youth who apply their creative talents to further peace and tolerance"

November 16th is **United Nations International Day for Tolerance** commemorated annually at United Nations headquarters in New York. This year, the DaCapo Foundation, Children Uniting Nations and Friends of the United Nations will inaugurate the **1999 Global Youth Peace and Tolerance Awards**, celebrating young men and women, ages 16 and under, who have furthered the virtues of peace and tolerance through their creative talents in the areas of the visual arts, performing arts, fine arts, literary works, science & technology and social activism.

Seven honorees have been selected through international youth organizations and will be flown to New York from their country of origin on Sunday, November 15th for a gala welcome dinner. The following evening youth honorees will be the featured guests at the **1999 Lifetime Achievement Awards** gala, a formal UN dinner that will take place at the Plaza Hotel. The gala dinner will serve as the United Nations' commemoration of the Day for Tolerance. The program will gather internationally renowned celebrities, policy-makers and activists to honor the **Lifetime Achievement Laureates** who have demonstrated a lifetime commitment to promoting tolerance among peoples.

On Tuesday, November 16th, recipients will gather at the United Nations headquarters for a special luncheon awards ceremony and tour hosted by top UN officials. Each Global Youth Prize recipient will be presented their award by the Lifetime Achievement Honoree in their respective category, who was honored at the gala dinner the preceding evening. As an extension to the program, Youth Prize winners will join with students from the New York City District Schools where they will have the opportunity to interact in an open forum discussion on issues related to tolerance and social justice.

Wright-Dunbar Legacy

Inspiration for the creation of the 1999 **Lifetime Achievement/Global Youth Peace and Tolerance Awards**, the **Wright-Dunbar Prize** and the DaCapo Foundation's associated conflict-resolution festival was further spurred by the cooperative and courageous spirits of the barrier-breaking **Wright Brothers** and African-American writer **Paul Laurence Dunbar**.

The Wright brothers' engineering brilliance uplifted more than wings of flight in Dayton, their inventions transformed the world into a neighborhood. Dunbar, boyhood friend and classmate of Wilbur Wright (who later became Dunbar's publisher), soared to heights on words as the first African-American writer to gain recognition among international literary critics for his artistic expression of the Black American idiom.

The Wright-Dunbar Prize

In recognition of their collaborative spirit, the **Wright-Dunbar Prize** is established to annually honor children or youth groups that represent the power of the cultural and scientific arts to promote tolerance and peaceful reconciliation. An international scholarship award along with a scholarship to a summer school program, will be presented at the Global Youth Peace & Tolerance Awards ceremony each year at the United Nations, with prizes in the categories of **Literary Works, Fine Arts, Performing Arts, Film/Media, Science & Technology and Social Activism**.

The DaCapo Foundation

The **DaCapo Foundation** is a non-profit social service organization founded to establish educational and artistic programs that utilize the transformative power of the performing arts and education to encourage and promote peaceful conflict resolution throughout the United States and the world. **J. Bradford Tillson**, Publisher of the *Dayton Daily News*, and Chairman of the Inventing Flight Committee, along with **Senator John Glenn**, who serves as Secretary General of the Wright Brothers 2003 Centennial of Inventing Flight, have been joined by civic leaders of the greater Dayton community to guide the DaCapo Foundation. **Rob Reiner** and **Cathy Lee Crosby** along with a host of international dignitaries and celebrities comprise the honorary board of governors. The Executive Director of the DaCapo Foundation is **Michael Mitchell**, an internationally renowned producer best known for producing *Live Aid*.

The hallmark event for CUN is the presentation of the **CUN Global Assembly** at the United Nations September 1 - 7, 2000 to commemorate the United Nations celebration of the Millennium.
