Ms. Mary Ellen McGuire
Assistant to the Deputy
Chief of Staff to the First Lady
The White House
Washington, D.C.

Dear Mary Ellen:

First and foremost I would like to offer, from my family and I, a most sincere thank you to you and the others on Mrs. Clinton's staff who made our association with the White House and the Conference on Teenagers a memorable experience of a lifetime. Your concern for our well being and your professionalism made us feel very very special and from a father's deep part of his heart I thank you for including Mary Grace and treating her as an equal. If I were a Republican I would probably change parties.

I apologize for being so late with this correspondence however as a former school teacher you know the hectic days of closing out a year and with Mary Grace finishing her junior year it has been abnormally busy. Just a note about Mary Grace. She finished her year 3rd in a class of 358 taking the IB curriculum. She won her schools award for math and science excellence and is currently spending a couple of weeks working in Senator Patrick Lehey's office. She listened at the conference and is working with Youth Services America to start an art program for disadvantaged children through Urban Ministries....she is a busy young lady.

We received our pictures with the family and the President and if I may say so myself I think they turned out pretty good. We had the family one framed with the invitation and it will hang in Mary Grace's room (if we can find space).

I do have one favor to ask. We received our copy of the tape of the conference and the case was broken in shipment. The case split partially and we cannot get the VCR to take it in. If there is another copy we would be most appreciative in having ours replaced. Please let me know where and to whom to send the broken one.

Again many thanks for your kindnesses. We have filled out the survey and are in hopes to assist you in any way we can. Give us a call if you are ever in North Carolina and Betsy and I will treat you to some home style southern hospitality.

With warmest regards,

PS: I have enclosed a note to Mrs Clinton, could you send it on to its proper destination.

Dear Shirley,

I read recently about a conference organized by the White House to promote good values among teenagers.

We have a website at www.kewlgirl.com. One of the goals of our site is to promote good values among young girls including **Truth, Right Conduct, Peace, Love and Non Violence**.

Also we advocate **not polluting the environment and prevention of cruelty to animals**.

Children and teenagers have fertile minds and are open to learning new things. At this tender age they build a moral foundation that will impact their value system for the rest of their lives.

We would like to set up a series of essay contests on our site for students in public schools nationwide. Each month they could be invited to write an essay and the winners would get awards and recognition. The essay topics could include subjects like **Universal Love, Racial Harmony, Kindness, Respect for Nature etc**.

This way we would be planting the seed of good values in their impressionable minds. Currently most of the images they see are from TV and movies, and most of that is negative and violent.

We would be grateful if your office could in any way get the public school system to participate in the essay contests we are planning.

With Best Regards

Arvind Jauhar
