Dear Ms. ~~Fleming~~, *Patsy*

We're writing to thank you for speaking at the Gay & Lesbian Medical Association's 13th annual Symposium in Los Angeles earlier this month. We were delighted you could share your HIV experience with our membership.

Your participation helped us make the conference a success, with more than 300 people in attendance and a great enthusiasm throughout. Your willingness to share your experience with HIV and your insight into prospects for AIDS research, treatment and vaccine development helped us better prepare our attendees for the challenges they face in their practices.

We hope you'll consider attending our next conference, which takes place Aug. 22-24, 1996, at the Queen Elizabeth Hotel in Montreal.

Thanks again for contributing your time and talent. We really appreciate it.

Sincerely,

Neil Schram, MD

Dear Patsy:

Sorry I didn't get a chance to speak to you at the AAC Benefit last night. There were so many nice things said, so much emotion as well. I just had to write, though, & say that I didn't appreciate the harsh & better things that were said about President Clinton.

Such harshness always leaves me cold. So much of the evening had the opposite effect. I just wanted you to know that I felt this way.

Best,

Dear Ms. Fleming:

Thank you for coming to our Winter Meeting to meet with Mayors on January 25 at the joint session of our Standing Committee on Health and AIDS Task Force. I have been told how difficult it was for you to find the time to do this and I am especially grateful that you did.

Mayors are understandably concerned about how the changing political climate and the move for a balanced budget amendment might affect the delivery of health and prevention services at the local level. Your contribution to their discussion of the issues was valuable indeed.

Dear Ms. Fleming:

Thank you so much for your participation in the Youth Leadership Conference. The meeting was a powerful experience for the young people who came. Your presence played an important part in helping them realize the leadership role they have in improving systems of care and services for young people in our country.

We are also very grateful for your interest in and responsiveness to the concerns the youth raised in their meeting with you on the Monday following the meeting. I think they did an excellent job of presenting the breadth of issues affecting young people. I know that many of them would be interested in talking further with Brenda and in reviewing a draft of the youth publication when it is ready for comment.

Thank you again for being such an important part of the youth conference. Please let me know if the Institute can help your office in anyway.

Sincerely,

Dear Ms. Fleming:

I wanted to write to say how much I enjoyed our meeting at the White House last week.

I want to take the opportunity to emphasize that we, at AIDS Project Los Angeles have been involved in a great deal of research on the needs of people with AIDS which we hope may be useful to you in the future. I also look forward to exploring how we can expand and broaden grass roots efforts.

Please do not hesitate to contact me if I can be of any assistance. Please also extend my regards to Jeff.

It was nice to see you again after so many years.

Very truly yours,

Mark S. Senak
