Dear Mrs. Flemming,

Our warmest greetings to you and your staff. We would like for you to be a guest speaker at one of our weekly meetings. We are very interested in learning how the White House Office of AIDS Policy mobilizes support and shapes public policy. In order to better serve people of color communities, we would also appreciate it if you would discuss the most effective manner to coordinate our position's on AIDS issues with your office.

The meeting will be attended by a group of national organizations that represent people of color working on AIDS issues which have been organized by the National Task Force on AIDS Prevention and the National Minority AIDS Council. We hope that you can be a guest speaker at one of our weekly meetings on either the 11th or the 18th of August, 1995. If you would like further information, please contact us at 202 547-1281.

Re: AIDS policy issues & NORA working groups update

Note: *Next NORA Coalition meeting: Monday, September 11, 1995
(No August NORA meeting will be held)*

I. Ryan White CARE Act

As many of you know, on Thursday, July 27th, the Senate passed S.641, the five-year reauthorization of the Ryan White CARE Act, by a vote of 97-3. Those who voted in opposition to the bill were Senators Jesse Helms (R-NC), Robert Smith (R-NH), and Jon Kyl (R-AZ). A number of amendments were introduced by Senators Jesse Helms (R-NC) and Nancy Kassebaum (R-KS) and voted on. Two of Senator Helms' amendments would have limited funding of the CARE Act; they were both defeated. The amendments which passed included:

Kennedy/Kassebaum - Voluntary HIV Testing: passed by a voice vote. Senator Kassebaum offered an amendment in tandem with Senator Edward Kennedy (D-MA) that would codify, in the eleven states with the highest rates of perinatal HIV, the CDC's guidelines for routine counseling and voluntary HIV testing of pregnant women. The amendment provides for \$10 million in non-Ryan White funds that states could apply to for funding the implementation of such programs. The eleven states affected by this amendment are Massachusetts, California, Texas, Connecticut, New York, Pennsylvania, New Jersey, Maryland, Florida, Georgia, and Illinois.

Helms - Anti-gay: passed by a vote of 54-45. This amendment would prohibit any Ryan White funds from being utilized to promote, directly or indirectly, homosexuality or intravenous drug use. Promotion of homosexuality is defined as, among other things, affirming homosexuality as natural, normal or healthy; affirming any homosexual sexual activity as desirable, acceptable, or permissible; or describing any homosexual sexual act.

Kassebaum - restrict funds for promoting homosexual or heterosexual activity and IV drug use - approved 76-23. This amendment, unlike the Helms amendment, does not define promotion of sexual activity, and does not include the word "indirectly." Because this amendment passed by a much greater margin than the Helms one, we hope to have this much less restrictive language chosen in conference.

Helms - Mandatory HIV education for federal employees: approved 99-0. This would allow federal employees to not participate in HIV prevention education programs. According to the Administration the education program is already voluntary and so the amendment has little or no effect.

Helms - Spousal notification: passed 98-0. Requires states to make a good faith effort to contact the spouses of persons who test positive for the AIDS virus. There is already similar language in the CARE Act calling for partner notification, so the amendment will have little effect.

II. Housing Opportunities for People With AIDS (HOPWA)

FY 96 Appropriations: The HOPWA program was grouped with housing for seniors and disabled (Sections 202

& 811) into a "special needs account" by the VA/HUD appropriations subcommittee. This account was initially funded at \$1 billion, substantially less than the programs received in FY 95. However, advocates were able to negotiate the inclusion of a \$441 million increase into the manager's amendments, which passed last Thursday on the House floor. The FY 96 VA/HUD bill was approved by the House yesterday.

FY 95 Rescissions: President Clinton signed the compromise rescissions package into law last week, a package that included an FY 95 funding cut of \$15 million to HOPWA. How this cut will be implemented at this late date is not known.

III. FY 96 Labor/HHS Appropriations

An additional \$11.5 million was added to Title I of the Ryan White CARE Act during full committee mark up of the FY 96 Labor/HHS appropriations bill. An amendment was also approved which substantially strengthened report language on AIDS research. The Labor/HHS appropriations bill, which is weighted with a number of non-AIDS specific amendments of concern, will go to the House floor as early as Wednesday, August 2nd. It is very likely that an amendment will be offered to the bill on the House floor, similar to California's Proposition 187, that would forbid the provision of services to illegal immigrants and require service providers to check the residency status of their clients.

IV. Upcoming NORA Working Group meetings: following are the times and dates of upcoming NORA working group meetings. For more information or to join the mailing/fax list of any of the working groups, please contact one of the co-chairs listed below. All NORA members are invited to attend any of the working group meetings listed below.

A. Ryan White CARE Act Working Group (Co-chairs: Alexander Robinson, ACLU 202-675-2320 & Wende Levy, Association of Nurses in AIDS Care 202-462-1038) The next meeting of the CARE Act working group is **Monday, August 7th at 3 pm** in the offices of the Human Rights Campaign Fund, located at 1101 14th Street, second floor in Washington, DC.

B. Prevention Working Group (Co-chair: Brian Smedley, APA; 202-336-6066)

If you would like to be added to the fax list for the prevention working group, please contact Brian Smedley at the number above; the working group is looking for a second co-chair to co-lead the group.

C. Medicaid Working Group (Co-chairs: Jeff Crowley, NAPWA 202-898-0414; Amybeth Garcia-Bokor 202-887-5310; Jennifer Bard, AAC 202-986-1300 x3049) The next meeting of the Medicaid Working Group is **Wednesday, August 2nd, at 1 pm** in the offices of AIDS Action Council, located at 1875 Connecticut Avenue, Suite 700, Washington, DC.

D. HIV Testing Working Group (Co-chairs: David Harvey, 202-785-3564 & Irene Snow, Center for Women Policy Studies 202-872-1770) The next meeting of the HIV Testing Working Group is this **Friday, August 4th, from 12 noon to 1:30 pm** in the offices of AIDS Action Council, located at 1875 Connecticut Avenue, Suite 700, Washington, DC. Issues to be discussed include the HIV testing amendment that was attached to the Senate CARE Act bill, and strategies around HIV testing amendments to the House CARE Act legislation.

E. Research Working Group (Co-chairs: Moises Agosto, NMAC 202-483-6622 & Jane Silver, AmFAR 202-331-8600) The next research working group conference call is scheduled for **Friday, August 4th at 3 pm**. For information on joining the call, please contact one of the co-chairs listed above.

F. Incarcerated Populations Working Group (Co-chairs: Ron Bogard TB/AIDS Citizen Action Group 202-986-5300 & Cynthia Dailard, National Women's Law Center 202-588-5180) The next meeting is scheduled for **Wednesday, August 23rd at 3 pm** in the offices of AIDS Action Council, located at 1875 Connecticut Avenue, Suite 700, Washington, DC.

Subject Ryan White Title III(b) Annual Meeting

To Patsy Fleming, Director, National AIDS Policy

We would like to invite you to speak to the Title III(b) funded programs at the 5th Annual Ryan White Title III(b) meeting. The meeting is scheduled for August 7th through the 9th at the Hyatt Regency on Capitol Hill, 400 New Jersey Avenue N.W., Washington, D.C.

We request that you address the programs on Tuesday, August 8, 1995 at a 9:45 a.m. We ask that you address the group on "Future HIV Political Trends: HIV and Health Care in the Current Political Environment" for about 20 to 30 minutes. Senator Nancy Kassebaum and Eric Goosby, M.D., have both tentatively agreed to also address the group during the session scheduled at this time.

We hope that you will be able to join us for this Annual Meeting and we know that our programs are looking forward to hearing from you.

RE: Possible Los Angeles Visit Itinerary

I am very much looking forward to your visit. Here are a few suggestions of meetings that would be particularly important and well received.

As we discussed before, the A.N.G.L.E. Breakfast which has 100-150 attendees of activists and politically committed people from the Los Angeles gay and lesbian community would be an excellent starting point.

After the A.N.G.L.E. Breakfast, I would suggest going to AIDS Project Los Angeles. They have great facilities in which to do a media briefing. This briefing could be 10-15 minutes and would give you the opportunity to speak to the press about any issues that you want to get across during your visit. After the briefing, we thought you would like a limited tour of APLA which would take about 30 minutes and include:

- **Necessities Of Life** - distributes food to over 2200 PWA's
- **Volunteer Resource Center** - coordinates volunteers for all APLA events

This tour could be followed by a:

- **Neighborhood Network Meeting** - giving you an opportunity to roundtable with a diverse group of community activists including PWA's and people affected by HIV/AIDS

After the APLA visit another suggestion would be Project Angel Food. Project Angel Food provides and delivers approximately 650 meals a day to homebound people with AIDS. This organization now has a new office and kitchen to better provide these services. This would be a great place to have lunch.

Finally, I would suggest a tour of the Jeffrey Goodman HIV Clinic at the Los Angeles Gay and Lesbian Community Services Center. This clinic sees over 2,000 people with HIV-cells between 200-500. Ed Gould, who is being appointed to the Presidents Advisory Council and was the past Co-Chair of the Center donated \$500,000 to the capital campaign to buy this building and establish this clinic.

Two additional ideas are:

- 1) We could set up a meeting with physicians in the Los Angeles area that treat AIDS patients and another with PWA's. A meeting with the physicians has not occurred in the past and would be very helpful for future coalition building and public relation purposes. The physicians and PWA's would be representatives from many different agency's and organizations.
- 2) A cocktail reception with the APLA Board of Governors. Some past and present members include: Madonna, Michael Anketell, Stephen Bennett, Hon. Tom Bradley, Estelle Getty, Hon.

Jackie Goldberg, David Hockney, Rabbi Frehling, Hon. Steven Lachs, Craig Miller, David Wexler, Congressman Waxman, Robert Gersh, Barry Krost & David Geffen

Patsy, I would be very happy to help out and make arrangements for any of these meetings and provide names of people for you to meet with. Just let me know. We all look forward to seeing you soon.

Thank you for today's meeting. I appreciate your efforts and those of Ms. Fleming on behalf of the needs of people with HIV. We are particularly grateful for your work on behalf of housing services.

The next time you are in the area, we would love to give you a tour of one of our residential projects. Please let me know.

As you may know Catholic Charities is the largest single provider of HIV housing services in Northern California, perhaps in the nation. Our programs include (with start-up dates): 1985- HIV Direct Services (San Francisco County) providing rental assistance and financial assistance for medical and insurance bills to over 500 people with HIV. 1986- Peter Claver Community (San Francisco County) providing 32 beds for homeless people with HIV. 1988- Rita da Cascia House (San Francisco County) provides housing and support services to families with HIV. 1993- Derek Silva Community (San Francisco County) provides independent living and support services to 64 people with HIV. 1994- HIV Food Services Program, (San Mateo County) Provides a food bank and delivered groceries to over 130 people with HIV. 1995- HIV Housing Assistance (San Francisco) Provides housing advocacy and case management to 200-300 PWHIV who are receiving HOPWA subsidies. July 1995- Belmont House (San Mateo County). HIV Counseling (Marin County) provides counseling services to people with HIV in Marin.

MEMORANDUM FOR PATSY, JEFF, CARMENA

FROM: Richard Sorian

SUBJECT: L.A. TRIP

Steve Tyler of ANGLE called today to ask if Patsy can appear at the ANGLE breakfast on Thursday, August 18⁷, from 7:30 a.m. to 9 a.m. This is two days before her speech to the Gay/Lesbian American Medical Association. In order to do this, Patsy would need to be in LA on Wednesday evening, August 17⁶.

We could then use the rest of Thursday and Friday to visit AIDS Project Los Angeles and other community-based organizations.

I gave Steve a tentative "yes" and said we'd be back in touch with final confirmation. He needs to lock this up pretty soon so that they can promote the event and arrange the rest of their calendar.

Let me know if these dates are all right.

Thank you.

Dear Ms. Fleming,

I am writing you per your conversation with Dr. Scott Hitt recently, and on behalf of the A.N.G.L.E. Breakfast Committee. The A.N.G.L.E. Breakfast is a community education forum and is held about every 5 or 6 weeks at the Bel Age Hotel in Los Angeles from 7:30-9:00am. No money is made from this event. Past speakers include: **George Stephanopoulos, Senator Chuck Robb, Kathleen Brown, and Timothy McFeeley from the Human Rights Campaign Fund.**

We would like to have you as our keynote speaker on any date that is convenient for you while you are in Los Angeles. Our audience is primarily younger, professional gays and lesbians that are community/politically active. On the average 140-180 people attend. Normally our keynote speaker will speak for 5-10 minutes and may follow with a short Q & A period. Please let me know your interest and availability. **I can be reached at (213) 467-1600.**

Thank you for your consideration on this and all that you do for our community

Dear Ms. Fleming, Patsy

I'm writing to confirm final details on your presentation at GLMA's upcoming Symposium, which takes place Aug. 17-19 at the Beverly Hilton Hotel in Los Angeles. We're delighted you can join us for the third consecutive year — especially since this will be our largest Symposium to date.

You are scheduled to speak on the third day of the meeting, Saturday, Aug. 18, at the luncheon, which is from 12:30 to 2 pm. You will be introduced after the meal by AIDS Council Chair R. Scott Hitt, MD. We invite you to speak for 15 minutes on whatever you believe most appropriate for this audience (gay and lesbian physicians from across the US, many of whom have HIV practices). Carmina indicated you would prefer not to speak longer than this; if you *would* like to speak longer, please just let me know. After your remarks, we will turn to the floor for questions to you; we expect this period to last about 15 minutes also.

We have reserved a room for you for two nights — Fri. and Sat., Aug. 18-19 — at the Beverly Hilton, for which we will be billed directly. If you would like to stay for additional nights at your office's expense, please let me know as soon as possible; you can extend your stay at our discounted room rate if we make the arrangements.

We will also cover your travel costs. Please let us know if we can make air arrangements for you (again, we're happy to be billed directly). If you prefer, make your own arrangements, send us receipts and will reimburse you after the meeting.

And we would be delighted if you could join us as our guest at our annual banquet, which will take place at the hotel that evening. Again, please let me know.

I'm enclosing a Symposium agenda, in case you would like to attend other parts of the conference as our guest. Please don't hesitate to call if you have any questions.

Sincerely,

Dear Symposium participant,

This is the final mailing that you will receive from us before the 13th annual GLMA Symposium convenes in Los Angeles on Thursday, Aug. 17. We hope that the information enclosed will answer any questions you might have and help you make the most of the conference.

We've highlighted the most important information below, but first, find enclosed:

- ▼ A preliminary agenda, which we hope will help you plan your time well.
- ▼ A discount coupon you can use for travel between the hotel and the airports, which Super Shuttle printed especially for GLMA.
- ▼ Hotel cards that allow you to ask housekeeping staff not to launder your towels and sheets daily, keeping the Symposium environmentally friendly.

THE HOTEL. The conference takes place at the Beverly Hilton Hotel in Beverly Hills. The Beverly Hilton is at 9876 Wilshire Blvd., on the northwest corner of Wilshire and Santa Monica boulevards. If you haven't reserved a room yet, call the hotel at 800-922-5432 and ask if any rooms are still available at the GLMA discount rate (\$120 single, \$135 double, \$145 triple/quad). The hotel's local number is 310-274-7777; while there, you may receive faxes at 310-285-1313. Please be careful not to confuse the *Beverly Hilton* Hotel with the *Beverly Hills* Hotel a few miles away.

FROM THE AIRPORTS. Considering traffic and everything else, the hotel is about equidistant from both Los Angeles International Airport and Burbank Airport. If you haven't made your flight arrangements, we advise you to fly into the former, also known as LAX. The Beverly Hilton does not operate its own shuttle service, so you have three main options for the approximately 30-minute trip from the airport:

1. Rent a car — but note that parking at the hotel is a steep \$15/day.
2. Take a taxi, which will cost about \$29 to the hotel and about \$27 back to LAX.
3. Use one of several shuttle services that will take you door-to-door to any address. Super Shuttle, which operates the largest fleet, charges \$13 per person each way. (The enclosed coupon will save you \$1 each way.) Look for their blue vans with yellow lettering on the ground level outside the baggage pickup area. Your van might make two other stops before yours (generally, in the same neighborhood).

If two or more are traveling together, we advise a cab, which (for about the same cost per-person as a shuttle service) will be faster because the shuttle services stop at other destinations.

MORE

REGISTRATION. If you arrive on Wednesday, Aug. 16, please register in advance to avoid the crush of Thursday morning. Registration will take place from 5 pm to 8 pm in the Monaco Room, which is on the ground floor/lobby level of the hotel. Registration will re-open at 8 am on Thursday, Aug. 17.

THE WEATHER AND DRESS. The dress at GLMA Symposia is more relaxed than that at most medical society meetings. Los Angeles in August is hot, and it can be somewhat humid. If you like shorts, wear them. The Opening Reception is evening casual; no shorts here, please. The Banquet is dressy, but not formal.

COMMUNITY HOUSING. Med Students: If you're counting on community housing to help you keep costs down and you haven't spoken to Steve Sorenson yet, you must do so ASAP. Contact Steve at 310-470-5857.

OPENING RECEPTION. Our Opening Reception takes place from 6:30 pm to 8:30 pm Thursday night at the home of GLMA member Dan Fast, MD, and his partner Tom O'Brien. Dan and Tom live at 1536 Rising Glen Rd. in the hills above West Hollywood, a short ride from the hotel. For those who don't have cars, please gather in the lobby at 6:15 pm for group cab rides. This year, we're co-hosting the Opening Reception with Southern California Physicians for Human Rights (SCPHR), the local lesbian/gay medical organization. (If you arrive in town late and have trouble getting there, *that night only* please call Dan's home at 310-659-4201 for directions.)

LUNCH. Because we identified additional funding, we will provide *two* lunches, not just one as we originally announced. Besides the Friday Luncheon (where Hon. Sheila Kuehl will accept her GLMA Achievement Award), we will provide lunch on Saturday. The \$44 ticket you may have purchased for your partner to accompany you to the Friday Luncheon will be honored on Saturday as well at no extra fee.

THE BANQUET. Our Banquet takes place Saturday night from 7 pm to 10 pm. If you haven't purchased tickets, you may do so until noon Thursday, the first day of the conference. *No tickets will be available after noon Thursday.* Comic Marga Gomez and the Kinsey Sicks, a "dragapella beautyshop quartet," will make the evening something to remember. Three Achievement Award recipients — Evelyn Hooker, PhD, Rich Jennings, JD and Vickie Mays, PhD — will accept their awards here. Students and Residents: Finances permitting, we hope to extend a limited number of free or reduced-cost tickets. If you would like to attend but genuinely cannot afford the tickets, please sign a waiting list at the registration desk; tickets will be offered on a first-come, first-served basis as they become available.

PARTNERS. We welcome your partners at our meetings. Unless they are coming for their own professional benefit, they may attend without fee, although we must ask for a \$44 fee if they join us for lunch. We especially invite partners to meet with each other during caucus time, from 4:30 pm to 6 pm on Friday. Partners also will

MORE

gather each morning at 9 am near the concierge desk for an informal daily outing. Otherwise, check the message board in the exhibit area for info on partners' activities or leave a note their for "Partner Coordinator."

POSTERS. Don't forget that this Symposium has an unrefereed poster session. If you would like to present a poster, contact me or Tiffany Newby by Aug. 4. *Please do not arrive with a poster you expect to display unless you have alerted us in advance.*

JOB CENTER. If you're looking for work in a lesbian- or gay-supportive environment, bring copies of your CV or resume to leave at our Job Center; if you have an opening to fill, bring copies of the job announcement.

BRING: Your *Out & About* Gay Guide to Los Angeles, which you received with your registration confirmation. Your swimsuit, as the hotel has an outdoor Olympic-size pool. Business cards, to network with other lesbigay docs. Charge cards, as the hotel is only blocks from Rodeo Drive.

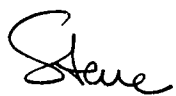

STUDENT PARTY. Longtime med student activist Gerry Hamwi is arranging a party for student registrants on Friday night at his mother's nearby home. (Thanks in advance to his mom, who is generously underwriting its cost.) Check your on-site registration packet for details.

BRING A COLLEAGUE! We're enclosing a registration brochure that you can share with a colleague who might be interested in learning about lesbian and gay health.

CAN YOU HELP? A conference like this takes many hours to produce, and we turn down no offers to volunteer. Do you take photographs? Are you good with AV equipment? Can you help staff the registration table? Collect evaluation sheets? Please call if you can lend us a hand.

THANKS. Lastly, we would like to give nod to our corporate supporters, without whose help this meeting would not take place. For educational grants of \$10,000 each, we thank HealthLine Management Inc. (HMI), the St. Louis-based physician recruiter, and Pfizer Inc., the pharmaceutical giant. And for grants of \$5,000 each, we thank Alza Pharmaceuticals, Apria Healthcare (formerly Homedco), Burroughs Wellcome, Hoffmann-La Roche Inc. and Ortho Biotech.

See you in Los Angeles!

The Program

The three-day 1995 GLMA Symposium will feature the latest in lesbian and gay medicine and HIV, with special emphasis on *Breaking Silence: What We Don't Talk About Can Hurt Us*. We will address a broad range of issues, including substance abuse; domestic violence; unprotected sex; eating disorders; the effects of diminished self-esteem on community and interpersonal dynamics; and the health impact of sexual objectification. By examining ways in which internalized homophobia affects how we view ourselves and treat others, we will confront critical issues that shape our professional lives as physicians and our identity as lesbian and gay people.

Presentations will address the professional and personal challenges faced by lesbian, gay, bisexual or transgender physicians and medical students. The Symposium is intended for physicians, medical students and health policymakers, regardless of sexual orientation.

What They Said About Last Year's Symposium . . .

"Three snaps up!"

Carlos Mosca, MD, internist, San Francisco

"Words will not be able to fully convey what the Symposium was to me. I am refreshed in a way I could not have imagined."

David Cogan, MD, internist, Shaker Heights, Ohio

"It was totally affirming and inspiring."

Anna Berkenblit, MSIII, Harvard School of Medicine

"To be surrounded by so many successful and proud role models was overwhelming — one of the more empowering experiences I have ever had."

Derek Puddester, MSIV, Memorial University of Newfoundland

"CAN'T REMEMBER WHEN I'VE LEARNED MORE IN TWO HOURS!"

Nina Regevik, MD, HIV specialist, New York

"EXCELLENT SUMMARY PRESENTATION OF THE JAPAN AIDS CONFERENCE."

Opening Reception

We're delighted to co-host this year's Opening Reception with SCPHR, the Southern California Physicians for Human Rights. The Opening Reception is a great place to get acquainted in a social setting with other lesbigay docs and students from across the US and Canada. Join us at the fabulous Hollywood Hills home of Dan Fast, MD, and Tom O'Brien. The Opening Reception takes place Thursday, Aug. 17, from 6:30 to 8:30 pm.

Annual Banquet

Don't miss our annual banquet, always a Symposium highlight, on Saturday night, Aug. 19. We'll be entertained by hilarious comedian Marga Gomez and by the *Kinsey Sicks*, San Francisco's "dragapella beautyshop quartet." And we'll pay tribute to one or more Achievement Award recipients. Tickets are \$100. (A limited number of subsidized tickets will be available on site to students only, based on financial need and donations received.)

AIDS Update

GLMA's annual AIDS Update takes place on Saturday, Aug. 19, following cutting-edge lesbian and gay health presentations on Thursday and Friday, Aug. 17-18. This portion of the program is an invaluable forum for learning the latest in HIV prevention, treatment and research. Speakers include National AIDS Policy Director Patsy Fleming; Jack Killen, MD, Director of the Division of AIDS at NIH; Dave Feigal, MD, director of the Division of Anti-viral Drug Products at the FDA; and numerous Los Angeles area physicians specializing in HIV treatment.

Registration*

The registration fee includes entry to all Symposium programs, the Exhibit Gallery, the Opening Reception, Friday's luncheon, and coffee-and-muffin breakfasts all three days. It does not include tickets to GLMA's Saturday night banquet. (Non-members may apply the registration differential to membership dues. Please call GLMA for information.)

	GLMA Members	Non-Members
Physicians	\$395	\$595
Non-practicing physicians	345	450
Non-Physicians	345	450
House Staff	105	155
Students	90	115

All registrations received after July 24 will be charged an additional \$50. Refund requests must be made in writing. Refunds will be issued after the Symposium, less a \$50 fee to help cover direct production and food costs. (Unfortunately, banquet tickets cannot be refunded.)

* All fees listed in US dollars. If paying in Canadian dollars, please add one-third (33%).

How to Register

Fill out the form on the reverse side of this panel. Please make your check payable to *GLMA Symposium* and mail it to the address below. If you pay by credit card, you may fax this form to us with your credit card information.

Accommodations

Join us at the Beverly Hilton Hotel, where the famed Wilshire and Santa Monica Boulevards meet. Only a five-minute drive to the heart of West Hollywood's vibrant lesbian community, the hotel is also walking distance from the world-class shopping and restaurants of Rodeo Drive in Beverly Hills. Don't want to leave the hotel? Spend your session breaks relaxing under palm trees beside the heated outdoor Olympic-size swimming pool.

We've arranged discounted room rates of \$120 single, \$135 double and \$145 triple. Please call the Beverly Hilton directly at 800-922-5432 by July 24 and ask for the GLMA rate. (Students interested in community housing, please call Steve Sorenson, MSIII, at 310-470-5857. We will help as many as possible, but we make no guarantees.)

Exhibits

The GLMA Exhibit Gallery will feature products from the healthcare industry as well as the gay rights movement. For information on displaying products or services, please call Tiffany Newby at GLMA.

Achievement Awards

We present several GLMA Achievement Awards at each Symposium. This year's honorees include Evelyn Hooker, PhD, for her pioneering research on homosexuality and mental illness; Richard Jennings, executive director of Hollywood Supports, for his advocacy of lesbian and gay issues in the entertainment industry; Hon. Sheila Kuehl, California's first openly lesbian or gay state legislator, for her leadership in women's rights and lesbian and gay issues; Vickie Mays, PhD, for her research into the health needs of lesbians and gays, especially those of African-American heritage; and Dee Mosbacher, MD, for her powerful educational videos exploring lesbian and gay life.

Job Center

Our Exhibit Gallery brings back last year's popular Job Center. If you seek a lesbian physician, bring copies of the job description; if you're looking for work, bring a stack of resumes. (If you're a GLMA member and you can't attend, send these materials to us in advance and we'll make them available.)

What is GLMA?

GLMA (formerly the American Assn. of Physicians for Human Rights, or AAPHR) is the US and Canadian organization of 1,600 lesbian, gay, bisexual and transgender physicians, medical students and their supporters. We work to improve health services for lesbian people, to promote full civil rights, and to foster a professional climate in which our members can achieve their full potential.

CME Credit

GLMA is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians, and will provide Category 1 Continuing Medical Education (CME) credit at this conference.

Johnny Carson called it eighty suburbs in search of a city, and indeed you can come to Los Angeles and never see downtown. LA is a state of mind, a shrine of pop culture and hedonism, a place where everyone loves the outdoors but sees it mainly from his or her car. Its heartbeat pulses in Beverly Hills and Malibu – it throbs in West Hollywood. It's one huge movie set where the bit players have car phones and the stars have car phone fax machines. You may find it hard to imagine why anyone would have to receive a fax in his or her car, but if you can understand this need, you will know the essence of LA.

– OUT & ABOUT, October, 1992

The more things change, the more they stay the same.

Despite an earthquake, fires and O.J.'s final run,

Los Angeles remains more LA-like than ever. Two

years ago we devoted four pages to this metropolis; now we use an entire issue to explore the distinct communities that blend to form one of America's favorite playgrounds.

"Go West" was a popular theme for gay women and men long before the Village People and Pet Shop Boys turned it into a gay anthem, and California is the most gay-populous state, with major gay communities in San Francisco, San Diego and LA. And while the

gay community is well established in West Hollywood and Silver Lake, the westward march continues, with a growing gay presence in the beach communities, particularly Santa Monica.

As a tourist destination, Los Angeles has an unparalleled number of intriguing options and attractions, belied by a sometimes monotonous sprawl of suburban strip-mall boulevards. For

the gay tourist, it's easy to get stuck in West Hollywood – not necessarily a bad thing, considering the concentration of gay and gay-friendly hotels, dining, shopping and entertainment there. Our coverage is designed to broaden your horizons. We cover much more ground than anyone should in a single vacation, based on the assumption that you have been here before, or will return again. If you are one of our many subscribers living in LA, you may still find a few places you didn't know about, or be inspired to visit some you have never gotten around to. (You'll also undoubtedly find some places we missed.)

LA's appeal derives from the devil-may-care attitude that's virtually required to live life on a tectonic fault line. It's manifested in the glitz of the entertainment business, the concept of shopping as retail therapy, the splendor of year-round sunny weather, and the speed with which hip, new and now become so five minutes ago. Even if you're not normally glamorous by nature, it's easy to pretend here. Wear dark glasses. Lip big. Double park. Run late. Make lots of phone calls.

Live LA like a local and you can have a bad time. You might, however, find yourself needing a car phone – maybe even a car fax.

Achievement Awards

We present four to six GLMA Achievement Awards at each Symposium. Past honorees include openly gay White House staffer Bob Hattoy; longtime civil rights leader Jesse Jackson; breast health advocate Susan Love, MD; lesbian health researcher Suzanne Haynes, PhD; gay filmmaker Gus Van Sant; National AIDS Policy Director Patsy Fleming; and *NBC News* medical correspondent Bob Bazell. This year's winners will be announced soon.

Exhibits

The GLMA Exhibit Gallery will feature products and services from both medicine and the gay rights movement. For information on displaying products or services, please call Tiffany Newby at GLMA.

Student Scholarships

We offer a limited number of scholarships to help student members with travel and lodging expenses, based on financial need and distance traveled. To apply, please tell us how much it will cost you to attend, and how much of that amount you need. Recipients will still be responsible for registration fees. Scholarship requests must be received by June 24; recipients will be notified by July 15.

The Program

The three-day 1995 GLMA Symposium will feature the latest research in lesbian and gay medicine and HIV, with special emphasis on *Breaking Silence: What We Don't Talk About Can Hurt Us*. We will address a broad range of issues, including substance abuse; domestic violence; unprotected sex; eating disorders; the effects of diminished self-esteem on community and interpersonal dynamics; and the health impact of sexual objectification. By examining ways in which internalized homophobia affects how we view ourselves and treat others, we will confront critical issues that shape our professional lives as physicians and our identity as lesbian and gay people.

Presentations will address the professional and personal challenges faced by lesbian, gay, bisexual or transgender physicians and medical students. The Symposium is intended for physicians, medical students and health policy-makers, regardless of sexual orientation.

Opening Reception

Our Opening Reception is a great place to get acquainted in a social setting with other lesbigay docs and students from across the US and Canada. Join us at the fabulous Hollywood Hills home of Dan Fast, MD, and Tom O'Brien. The Opening Reception takes place Thursday, Aug. 17, from 6:30 to 8:30 pm.

Join us for Symposium '95 as we discuss (preliminary overview):

- ▼ The Latest in Lesbian Health Research
- ▼ From the Literature: Is the "10 Percent" Statistic Still Valid?
- ▼ Gay & Lesbian Families: Legal and Social Challenges
- ▼ Current HIV Treatment Strategies
- ▼ Breast Health: A Medical Update
- ▼ Recognizing and Treating Same-Sex Domestic Violence
- ▼ Developmental Origins of Homophobia in Males
- ▼ Diagnosis and Treatment of Sexual Addiction
- ▼ Professional Challenges for Lesbigay Physicians of Color
- ▼ Caring for Adolescents in the Age of AIDS
- ▼ An Open Discussion: What Role Should Gay Physicians Play in the Sex Clubs Debate?
- ▼ The Future of HIV Treatment Research
- ▼ Interest Group and Caucus Meetings
- ▼ Annual Membership Meeting

Annual Banquet

Don't miss our annual banquet, always a Symposium highlight, on Saturday night, Aug. 19. Last year, a sold-out audience cheered AIDS Policy Coordinator Patsy Fleming's strong support, roared at Kate O'Hanlan's tete-a-tete with "Pat" (late-night TV's mysterious gender-bender), and paid tribute to several Achievement Award winners. Watch future mailings for details on this year's banquet.

Job Center

Our Exhibit Gallery brings back last year's popular Job Center. If you seek a lesbigay physician for a practice opening, please bring copies of the job description; if you're looking for work, bring a stack of resumes. (If you're a current GLMA member and you can't attend, send these materials to us in advance and we'll make them available.)

Registration*

The registration fee includes entry to all Symposium programs, the Exhibit Gallery, the Opening Reception, Friday's luncheon, and coffee-and-muffin breakfasts all three days. It does not include tickets to GLMA's Saturday night banquet. (Non-members may apply the registration differential to membership dues. Please call GLMA for information.)

Gay and Lesbian Physicians to Address Critical Health Issues

(Note to Editors: Please list in Event Calendars or CME listings)

What:	13th Annual GLMA Symposium
Where:	Beverly Hilton Hotel, Los Angeles
When:	Thurs., Fri. and Sat., Aug. 17-19, 1995
Why:	To improve healthcare for lesbian and gay people
Cost:	\$90 for student members; \$395 for physician members

SAN FRANCISCO (May 16, '95) — The Gay and Lesbian Medical Assn., the U.S. and Canadian organization of lesbian and gay physicians, will meet in Los Angeles in August to tackle pressing health problems facing gay, lesbian and bisexual patients.

The three-day GLMA Symposium promises cutting-edge presentations on lesbian and gay health issues, speakers who are nationally-known in their fields, and a supportive professional environment that lesbian and gay physicians can't find elsewhere.

The Symposium takes place Aug. 17-19 at the Beverly Hilton Hotel, marking the first time in GLMA's 13 years that it has met in Southern California. Featuring the latest in lesbian and gay medicine and HIV treatments, presentations will also address the professional and personal challenges faced by lesbian, gay, bisexual and transgender physicians and med students, and emerging sociopolitical challenges.

The first two days of the conference will focus on *Breaking Silence: What We Don't Talk About Can Hurt Us*. The Symposium will address issues that lesbian and gay activists often avoid discussing for fear of fostering negative images. They include same-sex domestic violence; alcoholism and substance abuse; the effects of diminished self-esteem on health and well-being; and eating disorders.

The third day of the conference focuses on HIV issues, and boasts a remarkably strong faculty roster. Speakers include: U.S. AIDS Policy Director Patsy Fleming; Jack Killen, MD, the director of AIDS at the National Institutes of Health; Dave Feigal, MD, director of the Division of Anti-viral Drug Products at the Food & Drug Administration; and Kenneth Mayer, MD, who directs the Brown University AIDS Program.

OVER

Symposium highlights will include:

- ▼ From the Literature: Is the "10 Percent" Statistic Still Valid?
- ▼ Breast Health: A Medical Update with Dr. Susan Love
- ▼ An Open Discussion: What Role Should Gay Physicians Play in the Sex Clubs Debate?
- ▼ Current HIV Treatment Strategies: Insights from LA Community Physicians
- ▼ *Straight From the Heart*, Dr. Dee Mosbacher's Oscar-nominated video about parents learning to accept their lesbian and gay children
- ▼ Developmental Origins of Homophobia
- ▼ Recognizing and Treating Same-Sex Domestic Violence
- ▼ Diagnosis and Treatment of Sexual Addiction
- ▼ Gay and Lesbian Families: Legal and Social Challenges

The Symposium will feature an Exhibit Gallery, Job Center, Banquet, Achievement Award presentations — and Continuing Medical Education (CME) credit for physicians.

The conference is open to all lesbian, gay, bisexual and transgender physicians and medical students, and to any other physicians interested in lesbian/gay health issues.

GLMA members receive a significant registration discount. Call GLMA at 415-255-4547 for registration or membership information. Call the Beverly Hilton at 800-922-5432 for hotel reservations.

Dear Ms. ~~Fleming~~, Patsy

I'm delighted to hear from Ben (Schatz) that you might be able to speak at GLMA's upcoming Symposium in Los Angeles. Your remarks last year in New York were one of the highlights of the three-day conference — and several members have gone out of their way to thank us for printing them in our newsletter.

This year's Symposium will place at the Beverly Hilton Hotel in Los Angeles, Thursday through Saturday, Aug. 17-19. It promises to be our best one yet.

The first two days of the meeting will address cutting-edge lesbian and gay health concerns, including some HIV issues. The third day will be our Annual AIDS Update and will be devoted solely to AIDS issues. May I suggest that you speak at the Opening of this day of the conference? This would be at approximately 9 am on Saturday, Aug. 19. I'm certain you'd establish a valuable framework for the day.

Of course, if this does not work with your schedule, I'm happy to arrange for you to speak on Thursday or Friday; just let me know what works best for you. Similarly (and as Ben mentioned), we're happy to leave the subject of your remarks up to you; since you know our organization so well, I know our members would welcome your insights on whatever topic you feel is most deserving of attention at that time.

I can send other material on the Symposium as it becomes available; meanwhile, please let me know as soon as you determine if you'll be able to join us, and when.

Best,

Steve Taravella
Associate Director

PS — Regardless of which day you speak, we'd love to have you join us as our guest at our Symposium Banquet on Saturday night, Aug. 19!

Dear Ms. ~~Fleming~~ **PATSY**

I would like to invite you to a fundraising reception for Youth Positive D.C. As one of only two such organizations in the country, we are committed to providing peer support, social, and service opportunities by and for young people living with HIV/AIDS. Your presence at the event would be an honor.

The event will take place on Tuesday, August 1st between 5:30 and 8:00 p.m. The location is at TomTom, a restaurant located in the Adams Morgan district of Washington. The address is 2333 18th Street, NW which is between Kalorama and Columbia on 18th Street. Hors d'oeuvres will be served, and a cash bar will be made available as well.

We are hoping the fundraiser will generate at least \$10,000 in donations from interested individuals and other charitable organizations. The money will help us hire a much-needed Program Coordinator.

Also, it would be great if you could speak briefly (about a minute or two) about the importance of addressing the needs of HIV-positive youth, the power of a peer-based model, and any other messages you may want to deliver. Let me know if that's okay, and if you will be able to attend. We are hoping that many other leaders in the DC AIDS community will be present, including Jim Graham of the Whitman-Walker Clinic and Larry D'Angelo of DC Children's Hospital.

Thanks for your time and consideration. Call me at 202-543-9355 ext. 301 if you have any questions or concerns. Please R.S.V.P. Thanks again!

Sincerely,

Demetri Moshoyannis
