Understand R.W. Planning councils - Youth are
supposed to be involved but often don't know
what's going on & can't give input -
try to go visit one & see them what goes on

Resource list

- we will get it

A. English - consent confidentiality
Gary Ramiletti Youth AIDS how the illness works

OTA - adol. report working on updating report
research arm of Congress -

Evolution of the report

Short - get a message across

new Congress - less education, less concern about youth activ
idea to give to people who could make decisions about
things.

Report needs some education + action specific things
that people have can do

Basic ed: who are youth

what do they look like

their environment society, influences

what it is like to be young - identity develop

Neutral tone Continuum of sexuality, diff experiences w/
discrimination,

Issues re addiction, self esteem

Side bar w/ stories

look into phone recorders

Pieces of the report

C 2(a) - self esteem

peer group ID - group norms
Δ norms

look @ new SEACOS Rept
value neutral tone

sexuality

sex isn't negative - ~~part of ID~~

sexuality dev is part of ID dev

this isn't a life sentence - ie condoms, abstinence
^{present a continuum}

understanding failures why non safe sex:

- self esteem
- non-risk averse
- don't want life sentence of condom use

back up what
we say based
on what's been
done or not yet
done.

school programs - sexuality, AIDS

do research on balance in education - bet. abstinence,
safe sex etc

what kind of sex ed messages should we give

Risk - is a good thing - exploration & experimentation
behaviors
