## CURRICULUM VITAE

David Vlahov

### PERSONAL DATA

#### Home Address

7418 Weather Worn Way  
Columbia, Maryland 21046

#### Work Address

Hampton House, Rm. 894  
624 North Broadway  
Baltimore, MD 21205

Phone: (410) 955-1848  
Fax: (410) 955-1836

### EDUCATION AND TRAINING

#### Education

|      |        |                                                                       |
|------|--------|-----------------------------------------------------------------------|
| 1974 | B.A.   | Earlham College, Richmond, IN                                         |
| 1977 | B.S.N. | University of Maryland<br>School of Nursing, Baltimore, MD            |
| 1980 | M.S.   | University of Maryland<br>School of Nursing, Baltimore, MD            |
| 1988 | Ph.D.  | The Johns Hopkins School<br>of Hygiene & Public Health, Baltimore, MD |

#### Licenses and Certifications

Registered Nurse (Maryland - R063509)

Certificate in Infection Control (C.I.C.)  
#83102701935 awarded by Certification  
Board in Infection Control

## PROFESSIONAL EXPERIENCE

### Current Positions

|                            |                                                                                                                                      |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| July 1996 - present        | Professor of Epidemiology<br>School of Hygiene and Public Health<br>The Johns Hopkins University, Baltimore, Maryland                |
| July 1991 - July 1996      | Associate Professor of Epidemiology,<br>School of Hygiene and Public Health, The<br>Johns Hopkins University, Baltimore,<br>Maryland |
| July 1990 - present        | Joint Appointment (full time) in Medicine,<br>School of Medicine. The Johns Hopkins<br>University, Baltimore, Maryland               |
| September 1988 - July 1991 | Assistant Professor of Epidemiology, School<br>of Hygiene and Public Health, The Johns Hopkins<br>University, Baltimore, Maryland    |

### Previous Positions

|                     |                                                                                                                                                                                                                                                                                                               |

Summer, 1975

Greenbelt Convalescent Center  
Greenbelt, Maryland

Nursing Assistant/Senior Nursing Assistant

## PROFESSIONAL ACTIVITIES

### Society Membership and Leadership

1. Sigma Theta Tau, National Nursing Honor Society
  - Pi Chapter Treasurer, 1980-1982
  - Pi Chapter Newsletter Editor, 1981
2. Association for Practitioners in Infection Control (APIC)
  - National Education Committee, Member (1983-1985)
  - Continuing Education Provider Task Force, Member (1983-1985)
  - Continuing Education Provider Unit (EQUA), Chairman, (1983-1985)
3. Society for Epidemiologic Research
4. American Public Health Association
5. Infectious Disease Society of America
6. Delta Omega - Alpha Chapter
  - Secretary/Treasurer, 1992-1995
7. American Epidemiologic Society

### Participation on Advisory Panels

- |           |                                                                                                                           |
|-----------|---------------------------------------------------------------------------------------------------------------------------|
| 1990-1992 | Special Reviewer, Drug Abuse AIDS Research (DAAR-1) Study Section, National Institute on Drug Abuse, Rockville, Maryland. |
| 1992-1996 | Member - Drug Abuse AIDS Research (DAAR-1) Study Section. National Institute on Drug Abuse, Rockville, Maryland           |
| 1990      | Member, Expert Panel, Office of Protection from Research Risks, National Institutes of Health, Bethesda, Maryland         |

- 1989-1991 Member, Board of Directors, Health Education Resource Organization, Baltimore, Maryland
- 1989 Member, Expert Panel, NIH Consensus Development Conference on Oral Complications of Cancer Chemotherapy, National Institutes of Health, Bethesda, Maryland
- 1992 Presenter, National Council on Drug Abuse, Bethesda, Maryland
- 1993-1995 Member, Panel on Needle Exchange and Bleach Distribution Programs. Committee on AIDS Research and the Behavioral, Social and Statistical Sciences. Commission on Behavioral and Social Sciences and Education, National Research Council, National Academy of Sciences.
- 1995-1996 Member, Scientific Advisory Committee, XI International Conference on AIDS, Vancouver, Canada
- 1995 Member, of Scientific Advisory Panel for the REACH (Reaching for Excellence in Adolescent Care and Health) Project of the Adolescent Medicine HIV/AIDS Research Network. National Institute of Child Health and Human Development, National Institutes of Health, Bethesda, Maryland.

### Consultations

1. Commissioner of Health, Washington D.C. Health Department.
2. Health Information Division, Municipal Institute of Health, Barcelona, Spain.
3. Centro Operativo AIDS, Istituto Superiore d'Sanita, Rome, Italy.
4. Agence Nationale De Recherches Sur Le Sida, Paris, France.
5. Ministry of Health, Montreal, Canada.
6. Office of AIDS Research, National Institutes of Health, Bethesda, Maryland.

## **EDITORIAL ACTIVITIES**

### Peer Review Activities

1. Reviewer for "Education" Chapter, Barbara Soule (ed.) The APIC Core Curriculum for Infection Control Practice vol. 2. Kendall-Hunt Publishers, Inc., St. Louis, 1983.
2. Community Health (journal of the Australian Public Health Association).

3. Journal of the Acquired Immunodeficiency Syndromes.
4. American Journal of Epidemiology.
5. Journal of Drug Issues.
6. Epidemiologic Reviews.
7. American Journal of Public Health.
8. AIDS.
9. Drug and Alcohol Dependence.
10. Public Health Reports.
11. Controlled Clinical Trials.
12. Annals of Internal Medicine.
13. Journal of the American Medical Association.
14. Heart and Lung.
15. Epidemiology
16. New England Journal of Medicine
17. Addiction

#### Editorial Board Memberships

Journal Acquired Immune Deficiency Syndromes  
Journal of Drug Issues

#### **HONORS AND AWARDS**

## Memorandum

To: Dr. Scott Hitt

From: Tonio Burgos

Date: December 23, 1996

Subject: Recomendations for appointments to office of National Aids Policy

---

As per your request, I am submitting to you for Director of the National Aids Policy Office at the White House - Ms. Peggy Clarke. I have known Peggy and her husband Dr. Howard Berliner for many years.

Ms. Clarke as President of the American Social Health Association, has been a great Crusader/Advocate on Prevention Education, and Control of the Aids Virus and other sexually transmitted diseases. She has demonstrated an understanding of management and budget that running a 10 million dollar operation with 350 employees gives you.

Her long range planning and vision has taken her organization far. I hope you can send her name to the key decision makers at the White House. Let me know what you think.

P.s. I think the Council should send a note of congratulations to the new Secretary of H.U.D., Andrew Cuomo.

THE WHITE HOUSE

Peg - This is the  
letter + resumé of  
Rick Marchand  
who wants to be  
appointed to the  
Pres. Adv. Council  
on HIV + AIDS.

Patsy

1/9/97

Patsey

January 9, 1997

9:00 am

Bill Franghese, Congressman Neal's Office, was asked by the Congressman to follow-up on the request from the Congressman's friend - Rick Marchand - about his status as a candidate for the Presidential Advisory Council on HIV/AIDS.

Mr. Franghese understands from R. Marchand that in either a meeting, or phone conversation with you, Mr. Marchand learned that to apply for a spot on the ~~gov~~ Council (at least for consideration) he would need to go through you. You, in other words, had made the commitment to take his letter & resume forward to the President.

Congressman Neal was asking for

the status of Mr. Marchand's application and the status at the White House as far as the decision making process on this issue goes.

Sherry

A copy of the letter that you were to have taken forward (and also the accompanying resume) are attached.

December 10, 1996

The White House  
William Jefferson Clinton,  
The President of The United States  
1600 Pennsylvania Avenue  
Washington, D.C. 20503

Dear President Clinton,

I respectfully request your consideration in becoming a member of the **Presidential Advisory Council on HIV/AIDS**. As a teacher, my efforts in the area of HIV/AIDS education have led to recognition by all levels of the legislative branch here in the Commonwealth of Massachusetts, AIDS Project Worcester, and the Commissioner of Education.

I recently designed a model high school HIV/AIDS program known as the DREAM Team; DREAM is an acronym for **Daring to Reform Education on AIDS Matters**. The students of the DREAM Team have been recognized for their valiant efforts in helping in the fight against AIDS by **Patsy Fleming**, the Governor, the State Senate, the House of Representatives, AIDS Project Worcester, and the Massachusetts Department of Education.

This team also works as volunteers for the Ryan White Foundation, the NAMES Project, and AIDS Project Worcester. A proposal to make the DREAM Team concept a program for teenagers across America is currently under review by the Ryan White Foundation.

I strongly believe that my dedication as a teacher; my efforts to help in the resolve of the AIDS crisis; and my professional expertise in facilitating and working on successful teams, would be an asset to the Presidential Advisory Council on HIV/AIDS. My credentials include being a semi-finalist for the 1996 Massachusetts Teacher of The Year Program.

I deeply appreciate your consideration, and hope to be given the opportunity to serve the citizens of our great nation.

Respectfully Submitted,

Richard M. Marchand

**Richard M. Marchand**  
**1996 Massachusetts Teacher of The Year - Semi Finalist**  
224 Merriam Avenue  
Leominster, Massachusetts 01453  
(508) 537-4544

Position Desired: Member of the Presidential Advisory Council on HIV/AIDS

Educational Background:

1996: M.A. Lesley College. Computers in Education  
1978: B.S. Winona State University. Education

Professional Background:

1992 - present: Shrewsbury High School, Shrewsbury, Massachusetts.  
Health Education Teacher.

Duties Included: Led a team of twenty-three students in the research and design of a **Congressional Resolution** which became a record of the Congress on January 23, 1996 in support of HIV/AIDS education for teenagers across America; authored a interdisciplinary HIV/AIDS alternative assessment program resulting in a team of students being recognized by Patsy Fleming (The Director of The National AIDS Policy); designed a language arts AIDS thematic curriculum; provided students with the opportunity to have HIV/AIDS infected people visit the classroom; founder of the Shrewsbury High School DREAM Team (**D**aring to **R**eform Education on **A**IDS **M**atters); Peer Leadership Advisor and Advisor to the Class of 1997; assist in the curriculum design and implementation of education reform learning standards.

Health Education Associate (1992-1993).

Duties Included: Designed HIV/AIDS Professional Development for district faculty and staff; assisted health staff with curriculum innovation; designed a resource information card for parents; initiated an HIV/AIDS volleyball tournament to raise funds for AIDS Project Worcester; designed a critical issues survey to assist in curriculum assessment.

Additional: Elected by Shrewsbury Education Association members as their representative to the National Education Association Convention (1996); served as vice president of the SEA (1995-1996); chairman of the SEA negotiations team; involved in SEA membership's conflict resolutions; faculty member of the high school council (2 year term).

1987 - 1992: Ayer High School, Ayer, Massachusetts  
Health Education Teacher  
Fine & Applied Arts Convener

Duties Included: Designed drop out prevention course of study and advanced health education course; formulated budgets for six departments (health, physical education, home economics, art, music, industrial arts, technology); responsible for cost analysis and purchasing of equipment and supplies for each discipline; alcohol and drug education coordinator; drug free schools coordinator and grant writer; facilitator of community 'Drug Free Schools Advisory Council;' liaison with Governor's Alliance Against Drugs; coordinator of the evaluation process in conjunction with the New England Association of Schools and Colleges accreditation review.

1982 - 1987: Board of Health, Leominster, Massachusetts  
Housing Code Inspector

Duties Included: Responsible for the enforcement of the Commonwealth of Massachusetts State Sanitary Code Chapter II For Human Habitation.

1978 - 1982: Leominster High School, Leominster, Massachusetts  
Health Education Teacher

Duties Included: Taught health education classes for grades 9 - 12; chairman of the health education evaluation committee for the New England Association of Schools and Colleges accreditation process; researched and designed a comprehensive health curriculum.

1990 - 1995 City of Leominster, Massachusetts  
City Councilor - three terms

**JANE SILVER, M.P.H.**  
719 11th Street, N.E.  
Washington, D.C. 20002  
Home: (202) 398-5271  
Office: (202) 331-8600

### **Education**

1971 M.P.H. Yale University School of Epidemiology and Public Health, New Haven, Connecticut  
1968 B.A. Connecticut College for Women, New London, Connecticut  
1964 Manhasset High School, Manhasset, New York

### **Experience**

#### **September 1992 to Present**

**Director of Public Policy, American Foundation for AIDS Research, Washington D.C.**

Responsible for the AmFAR Public Policy Office, the program serves as AmFAR's voice in Washington, D.C. The program has the unique responsibility to advocate for sound national HIV/AIDS public policies, for increased HIV/AIDS research appropriations and is an important source of funds for HIV/AIDS related public policy research.

#### **October 1989 - September 1992**

**Associate Director for Programs, National Commission on AIDS, Washington, D.C.**

Supported the Executive Director by recommending policy alternatives, reviewing documents and managing the Program Division; coordinate and supervise the development of appropriate programmatic activities to support a fifteen member federal Commission. Responsibilities include assisting in the development of hearings and site visits by selecting appropriate topics, issues and witnesses; supervising hearing and site visit implementation and assisting with the development and review of background material, Commission reports and issue papers.

#### **April 1987 - October 1989**

**Chief, Office of AIDS Activities, District of Columbia Department of Human Services, Commission of Public Health, Washington, D.C.**

Established the Office of AIDS Activities within the Commission of Public Health to manage and coordinate all District AIDS/HIV activities. Created five divisions within the office, responsible for surveillance and epidemiology, education/prevention, counseling, testing and referral, patient services and program coordination/community liaison. Responsible for initiating and implementing the District's AIDS/HIV policies and regulations, grant and budget development, state-federal liaison and public relations for all AIDS/HIV activities for the District of Columbia. Supervised staff of thirty professional and support staff and administered a budget of over twelve million dollars. Represented the Commission of Public Health at public meetings, City Council hearings and national meetings.

#### **April 1983 - April 1987**

**Special Assistant to the Commissioner of Public Health, District of Columbia Department of Human Services, Washington, D.C.**

Staffed the Commissioner of Public Health. Responsible for formal and informal responses to inquiries, analysis of reports and legislation, preparation of speeches and policy guidance; represented the Commissioner at meetings and assisted with evaluation and assessment of program operations with special emphasis on issues of special concern or problems requiring the Commissioner's personal or immediate attention (i.e., Acquired Immune Deficiency Syndrome, the Office of the Chief Medical Examiner).

**JANE SILVER**

page 2

**February 1982 - March 1983**

**Special Assistant/Block Grant Coordinator, District of Columbia Department of Human Services, Commission of Public Health, Washington, D.C.**

Coordinated the three health block grants for the Commission of Public Health. Coordinated and prepared all block grant reports and responses to inquiries, analyzed expenditure trends and conducted impact studies. In addition to the preparation of the Health Block Grant Applications for the Department of Health and Human Services, reports were prepared for the Mayor's Block Grant Advisory Committee. Prepared the health section of the Department of Human Services Fiscal Year 1982 Report on Block Grants.

Additional routine activities included responses to written and telephone inquiries, analysis of reports and correspondence, speech preparation and attendance at meetings for the Commissioner and Deputy Commissioner.

Special Assignment to the Mayoral Transition to staff the Human Services Task Force, and to develop and prepare the recommendations for the Human Services Task Force Section of the Mayor's Transition Team Report, December 1982.

**September 1979 - January 1982**

**Public Health Analyst, District of Columbia Department of Human Services, Commission of Public Health, Washington D.C.**

Developed state policy and plans within the Office of Health Planning and Development; worked with public and private providers to prepare the Fiscal Year 1981 District of Columbia State Mental Health Plan and the Fiscal Year 1982-1986 District of Columbia State Mental Health Services Program.

Special Assignment to the Saint Elizabeths Hospital/District of Columbia Joint Planning Office to assist in the preparation of the Dixon v. Schweiker Plan Appendix, April, 1981. The Appendix defines mental health and social services, professional disciplines and program standards necessary to implement the Dixon v. Schweiker court order.

Special Assignment to the Office of the Director, Office of Policy and Planning, to implement Federal legislation; represented the Commissioner of Public Health on the Department of Human Services Impact Analysis Team which prepared Report on Block Grants. A Report to the Director, September, 1981. The Impact Analysis Team analyzed Federal legislation, assessed District policies and priorities and recommended strategies and guidance for implementing the Omnibus Budget Reconciliation Act of 1981.

Special Assignment to the Office of the Director, Office of Policy and Planning, to assist in the development of Block Grant budget/grant spending reports and policy review in preparation for legislative hearings.

**December 1978 - January 1979**

**Special Assistant to Co-chairpersons, Mayor's Health and Welfare Task Force, Washington, D.C.**

Coordinated and staffed the one hundred and fifty plus person volunteer effort created by the Mayor Elect to examine the policies and priorities of the District's health and welfare agency; participated in meetings of the Federal/Private Subcommittee and assisted in compiling, writing and editing the Health and Welfare Transition Task Force Report to the Mayor.

**December 1971 - March 1978**

**Senior Program Analyst and Director, Fellows Program, Drug Abuse Council, Washington, D.C.**

As a program analyst and project officer, provided technical assistance, project monitoring and evaluation for funded projects; established a system to monitor grants and contracts, and assisted in decisions regarding selection of and funding for projects; assigned as the staff person responsible for planning the

**JANE SILVER**

page 3

National Drug Abuse Conference; served as staff liaison to women's groups and to the National Institute on Drug Abuse for special concerns.

As Director, Drug Abuse Council Fellows Program, was responsible for the independent work products and general welfare of eight resident fellows; approved work plans, arranged resource and policy meetings and served as liaison between the Drug Abuse Council Board of Directors and the Fellows Program; responsibilities included supervision of two support staff as well as general supervision of the eight fellows.

**September 1970 - May 1971**

**Assistant in Research, Connecticut Regional Medical Program, New Haven, Connecticut**

Compiled and co-authored the resource document, Data for Planning: A Directory of Sources and Services in Connecticut; served as staff to the city-wide effort to create a New Haven Health Care Corporation, the Experimental Health Services Planning and Delivery Systems Grant Application.

**August 1970 - September 1970**

**Research Assistant, Yale University School of Epidemiology and Public Health, New Haven, Connecticut**

Assisted in the design and implementation of a research project on property owners in the Philadelphia Rat Control Project Area; worked with the Philadelphia Health Department to identify the sample population.

**July 1969 - September 1969**

**Administrative Assistant, Office of Economic Opportunity, Office of Health Affairs, Washington, D.C.**

Reviewed grant applications and local health center operations; participated in orientation for research and evaluation contracts on consumer participation in neighborhood health centers.

**September 1968 - June 1969**

**Administrative Assistant, Yale University, Yale Council on Community Affairs, New Haven, Connecticut**

Functioned as a liaison between Yale University and the New Haven community; worked with community groups and university groups to develop projects and obtain grant funding.

**Reports and Publications**

THE WHITE HOUSE

WASHINGTON

OCT 12 1995

Mr. Donald L. Grayson  
112 Washington Drive  
Richmond, KY 40475

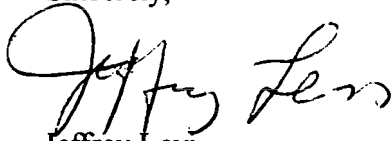

Dear Mr. Grayson:

Thank you for your interest in working in the Office of National AIDS Policy. It is encouraging to know that persons with your enthusiasm and commitment would like to be actively involved in efforts to educate our youth about HIV/AIDS. Unfortunately, there are no openings in our office at this time.

I encourage you to become involved in your community's response to the AIDS epidemic.

Good luck in your endeavors.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jeffrey Levi". The signature is fluid and cursive, with the first name "Jeffrey" being more prominent and the last name "Levi" following in a similar style.

DEAR SIR

My name is Don GRAYSON and I live in Richmond Kentucky. I like to request that my resume be placed on file for any openings that may become open on the AIDS hotline or elsewhere.

I have believed for some time that AIDS and STDs is more of a problem in the United States than what we are being told. I'm interested in a career working with sexually active young people about the dangers of AIDS & STDs - Please send me any information you can about the hotline service. Thank you in advance.

Don GRAYSON

August 3, 1995

Mr. Jeff Levi  
Deputy Director  
National AIDS Policy Office  
750 17th Street, NW, Suite 600  
Washington, DC 20503

Dear Mr. Levi:

Thank you for taking the time to meet with me earlier this week. I enjoyed meeting with you to discuss the work done in the National AIDS Policy Office and to discuss how I might be able to work on a volunteer basis within the office.

I particularly enjoyed learning about the Office's role in overseeing the development of a national AIDS policy plan and its involvement in international health issues related to AIDS. I would like to meet with Jane Sanville at some point to discuss in more detail the interagency activities she is overseeing. I also hope to meet with Lahoma Romocki during the upcoming AIDS conference to learn more about the international health issues she is currently working on.

As I indicated in our meeting, I hope to begin work at the Agency for International Development in the fall on a full-time basis. It is too early to say what provisions my new employers might make for me to work in the AIDS Policy Office on a part-time basis. I shall keep you informed of my schedule as it changes.

Thank you again for meeting with me. I look forward to seeing you and your colleagues at the conference next week.

Sincerely,

  
Maria C. Stephens

2340 Hunters Square Court  
Reston, VA 22091  
August 23, 1995

Patricia S. Fleming - Director  
The White House National AIDS Policy Office  
750 17th Street, N. W., Suite 600  
Washington, D. C. 20503

Dear Ms. Fleming:

I was referred to you by Carolyn Hightower of the Department of Justice (Office of Justice Programs). Ms. Hightower believed that based on my background and my interest in working for the government, I should pursue possible employment opportunities with the National Office of AIDS Policy at the White House. I am hoping that by sharing my interests and experience with you, you might be able to assist me in my search for a position where I can approach the challenges currently facing society and help design solutions.

Recently, concern has been raised regarding increased challenges to public health, safety, and well-being. Factors such as AIDS, child maltreatment, poverty, and drug abuse are at the forefront of public policy debate. Private and public organizations are faced with the arduous task of developing new effective programs to improve the quality of aid and information given to the public. Although this is a difficult task, it is not impossible. I want to be a part of achieving its success.

I see myself as best suited for a position developing public AIDS policy. Because of my background, I believe that I can effectively assess the needs of a community, develop a program and/or policy to address these needs and, ultimately, aid in its implementation. However, I believe that every great career gets its start at the bottom. Therefore, I am also interested in an administrative support or research position where I can make use of my abilities and, eventually, realize my dream.

Attached you will find my resume for your review. As you can see, I have a unique combination of experience and education that I believe would prove to be beneficial to your organization:

- Research Assistant - Georgetown University Medical Center: AIDS Clinical Trials Unit
- Research Assistant - National Institute of Child Health and Human Development
- Volunteer - Whitman-Walker Clinic - specialized training in hospice care for those in the final stages of AIDS
- Graduate - University of Virginia, B. A. Degree in Psychology

The previous positions that I have held demonstrate a dedication to the community in which I live and a drive to improve the lives of those who are unable to help themselves.

It is my dream to work for an organization of your caliber and reputation and I feel certain that there is a place for someone of my integrity, dedication and drive at the Office of AIDS Policy.

I would welcome the opportunity to explore how my qualities, experience, and education can be of value to you. I look forward to hearing from you in the near future to schedule an interview at your earliest convenience to learn more about your organizations goals and how I can contribute to the success of your team.

Sincerely,

*Molly Brannon*

Patricia S. Fleming  
Director  
National AIDS Policy Office

n:\empfmldr

I received this fax number from Rebekka Meissner who worked in the White House last summer. If this is the wrong number please forward this to the AIDS Policy Coordinator.

1733 Church St., NW  
Washington, DC 20036  
202-667-1128

August 2, 1995

To the AIDS Policy Coordinator,

For several years now, I have been interested in the fight against AIDS. I recently received my B.A. in Political Science from Syracuse University and have moved to the District. I am currently interning at the Department of Commerce. However, this is not the direction I want my life to take. My goal is to work on AIDS education or anything related.

I cannot remember when I first became interested in the fight against AIDS. However, I do remember when I knew that it was what I wanted to devote my life to. Last Spring I attended a National conference for residence halls. The focus of the conference was AIDS. It was the first time that I had seen the quilt, I had never reacted to anything so strongly. I attended several programs and was moved by each one, but I did not feel that they were well done. I decided that I would create a program that I felt was necessary. I did. It is called "AIDS: The Message Couldn't Be Any Clearer." It is an educational program based on Jeopardy. I have presented it several times and have gotten a lot of positive feedback. This past semester I have been taking a class, The Rhetoric of AIDS, which has also given me a new perspective on how society reacts to AIDS.

I know I can be a valuable asset to your office. I have enclosed my resume for your consideration, and would naturally appreciate an interview or programs appropriate to my background. Even if you do not have any position available I would like to offer my services if you need them. If I am going in the wrong direction and you feel I would be more qualified for another office that you know of please let me know. I look forward to hearing from you in the near future. You can get in touch with me at (202) 667-1128. Thank you for your time.

Sincerely,

Jennifer C. Henderson

THE WHITE HOUSE  
WASHINGTON

AUG 28 1995

Ms. Denise E. Holmes  
4444 Connecticut Avenue, NW  
#206  
Washington, DC 20008

Dear Ms. Holmes:

Thank you for your interest in working in the Office of National AIDS Policy. Your qualifications and experience are impressive and would be an asset to any office. Unfortunately, there are no openings at this time.

Knowledge of laws and policy development around AIDS issues are becoming ever more important, as evidenced by the mandatory testing and blinded survey issues. I encourage you to continue your involvement in your community's response to the AIDS epidemic.

Sincerely,

A handwritten signature in black ink, appearing to read "Patricia S. Fleming", written over the word "Sincerely,".

Patricia S. Fleming  
Director  
National AIDS Policy Office

n:\empfm\tr

4444 Connecticut Avenue, N.W. #206  
Washington, D.C. 20008  
July 30, 1995

Ms. Patricia S. Fleming  
Director  
Office of National AIDS Policy  
750 17th Street, N.W., Room 600  
Washington, D.C. 20503

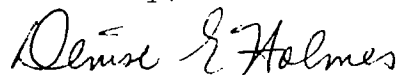

Dear Ms. Fleming:

I am writing to inquire about employment opportunities with the Office of National AIDS Policy.

My background includes training in law and health policy, and I have just finished a stint on the staff of the President's Advisory Committee on Human Radiation Experiments. My primary motivation for recently obtaining an M.P.H. was my concern about the medical needs of the chronically ill, and I studied AIDS issues while at Johns Hopkins. A copy of my resume is enclosed.

I spoke with Dr. Scott Hitt at the Council meeting late last week, and will call Jeff Levi in your office later this week. Thank you in advance for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "Denise E. Holmes".

RS

June 20, 1995

Ms. Patricia S. Flemming  
National AIDS Policy Coordinator  
Executive Office of the President  
750 17th Street, NW  
Washington, D.C.

Dear Ms. Flemming:

I write to express my interest in obtaining a position with the Office of National AIDS Policy Coordination, in particular as staff to the newly formed President's Advisory Council on HIV/AIDS.

As you can see from the enclosed resume, I possess strong organizational, interpersonal, management and communications skills, and have extensive experience with community-based organizations, advocates, consumers and local state and federal government agencies. I currently serve as the Acting Deputy Director, Division of Policy and Data, and as the AIDS coordinator for the Federal Office of Minority Health/U.S. Public Health Service (GS-14/3). My responsibilities have included managing the planning and implementation of eight PHS-sponsored regional minority AIDS conferences in 1991, and the 1994 national minority AIDS conference (Breaking Barriers, Building Bridges), held in September 1994. The national minority AIDS conference was a collaborative effort between the community and the federal government, and more than 18 federal entities were represented on the planning committee. I am currently coordinating the development of follow-up responses to the 1994 national conference.

Prior to working for the Federal government, I expanded and managed what is considered the nation's first comprehensive funding and technical assistance program targeting HIV prevention to racial and ethnic minority communities. This position was at the U.S. Conference of Mayors. I also have extensive budgeting experience, serving as a budget analyst for the District of Columbia's Executive Office of the Mayor, responsible for budget totalling more than \$850 million.

I am uniquely qualified for a position with the AIDS Policy Office and would like to meet with you to discuss my qualifications. I will call you early next week to schedule a meeting. I may be reached at 301-443-9923 (w) or 703-548-4151 (h).

Sincerely,

Matthew Murguia  
3907 Elbert Ave.  
Alexandria, VA 22305

- o Received cash award for performance of duties.**

**Office of Minority Health, U.S. Public Health Service (PHS).**

**Supervisory Public Health Analyst. June 1990 to December 1993.**

- o Possess subject area expertise in HIV/AIDS in racial/ethnic populations, access to care issues, and bilingual health care delivery. Served as HIV Service Fellow (June 1990 - September 1992) and promoted to Supervisory Public Health Analyst (September 1992 - December 1993) until being appointed by Assistant Secretary for Health as federal congress coordinator (December 1993).
- o Supervised two professional and one support staff member in the Division of Policy Coordination.
- o Managed all aspects of a national minority HIV/AIDS conference, including agenda development, coordination of contractors, organizing the planning committee (62 members), conducting committee meetings; developing and monitoring support contracts, and maintaining a positive working relationship between government and community based individuals.
- o Served as project officer for major contracts on bilingual health, providing technical and content assistance (\$250,000 and \$650,000 each).
- o Represented the Office of Minority Health (OMH) as senior staff member on numerous federal HIV-related task forces and working groups.
- o Evaluated federal policies, programs and goals to determine their effect on minority populations.
- o Reviewed materials, articles and manuscripts for technical accuracy, content, and cultural acceptability.
- o Reviewed and analyzed PHS agency draft guidelines, reports, and summaries related to HIV/AIDS and Hispanic health issues.
- o Participated in working groups on border health, HIV/substance abuse, military HIV, and homeless issues.
- o Coordinated and managed eight PHS sponsored regional Minority HIV/AIDS conferences held across the U.S. in 1991. More than 2,000 individuals attended. Served as project officer for related \$1.2 million support contract.
- o Coordinated and edited OMH's biennial Report to Congress.
- o Received cash award for exceptional performance of duties related to the implementation of the regional conferences.

**The U.S. Conference of Mayors (USCM).**

**Director, Minority HIV/AIDS Prevention/Education Grants Program.**

- o Designed and implemented one of nation's first comprehensive technical assistance programs (project development, budgets, material development, collaboration, media relations, and evaluation) for minority community-based organizations.
- o Managed grant and technical assistance program, including: direct supervision of two professional and one support staff.
- o Conducted fiscal and programmatic evaluation on ongoing basis;
- o Developed and wrote two case studies on programs.
- o Designed and implemented proposal review process (up to 400 proposals submitted during each of four grant cycles).
- o Conducted nationally recognized grant and proposal writing workshops at national and regional conferences, including forums for State of Ohio (8 hours) and State of Arkansas (12 hours).
- o Served as advisor to local health departments and city governments on developing and initiating HIV programs.
- o Served as contact person for local and national media on all aspects of program.
- o Served as USCM contact with the program's federal project officer at the Centers for Disease Control.
- o Based on success of project, the funding level doubled and staff level tripled. Served as coordinator of program as Staff Associate II (October 1987 - June 1988) and again when promoted to Senior Staff Associate (June 1988 - June 1990).

**The U.S. Conference of Local Health Officers (USCLHO).**

**Staff Associate.**

- o Staffed APEX/PH project with Centers for Disease Control on development of a self-assessment protocol for local health departments.
- o Researched, reviewed and analyzed relevant documents and reports.
- o Coordination programmatic and logistical concerns of Steering Committee and Work Group meetings.
- o Assisted in development and writing of project reports.
- o Served as liaison with local health officers.
- o Initiated and conducted survey design and administration, and the development of a registry of local health departments.
- o USCLHO is an affiliate of USCM. This position was held concurrently with the Staff Associate II position at USCM (August 1987 - September 1988).

**U.S. Peace Corps, Sierra Leone.**

**Health Volunteer/Business Manager.**

- o Responsible for the design and implementation of a drug distribution system for a regional rural health development project.
- o Assessed existing system, designed and implementation new system which guaranteed adherence to federal guidelines and maintenance of system integrity.
- o Provided cost estimates and timetables for construction of a warehouse and other buildings.
- o Health Volunteer/Business Manager (April 1986 - September 1986).

**Executive Office of the Budget, Government of the District of Columbia.**

**Budget Analyst.**

- o Analyzed five agencies including: Human Services, Library, Latino Affairs, Aging, and Energy. Cumulative budgets for agencies totalled \$850 million.
- o Recommended agency funding and staffing levels based upon comprehensive review and analysis of agency's request.
- o Conducted monthly financial review of spending levels and programs. Recommended cost savings methods; initiated special research projects analyzing the effects of proposed Congressional spending and tax legislation.
- o Served as staff liaison to the Mayor's Block Grant Advisory Committee. Named "Up and Coming Budget Analyst."
- o Served as Budget Analyst (October 1984 - April 1986).

**EDUCATION**    The University of Texas at Austin, The Lyndon B. Johnson School of Public Affairs. M. Public Affairs (public policy), August 1984.

The University of Texas at San Antonio, B.A., Political Science (major), Public Administration (minor), May 1982.

**PRESENTATIONS**    Since 1987, conducted more than twenty formal presentations at national, regional and local conferences. Topics/issues areas included grant writing, fundraising, access to care, Hispanic health, cross-cultural health care delivery and HIV/AIDS in minority communities.

**TECHNICAL** Served as a technical reviewer for the Centers for Disease Control, the Health Resources and Services Administration, Office of Minority Health, Office of Treatment Improvement, U.S. Conference of Mayors, National Association of People with AIDS, and others in areas including: HIV/AIDS, evaluation, bilingual health care delivery, technical assistance needs of community-based organizations, evaluating prevention programs, and HIV and substance abuse treatment.

**HONORS** Title IX Fellowship Recipient, LBJ School of Public Affairs, 1982 - 1983, 1983 - 1984.

Who's Who Among Students in American Colleges and Universities, 1982.

Several Federal awards and acknowledgements for work-related activities, including cash awards, special recognition awards, and certificates of appreciation from the Assistant Secretary for Health, U.S. Surgeon General and community organizations.

-- June 1995 --

## **Richard Sorian**

(202) 547-2855

1408 G Street, S.E. • Washington, D.C. 20003

(202) 632-1204

**Experience:** U.S. Department of Health and Human Services      Washington, D.C.  
**Senior Advisor**      October, 1993 to Present

Advise the Secretary and the Assistant Secretary for Public Affairs on communication of issues including Medicare, Medicaid, health care financing and delivery, and public health issues. Duties include preparation of testimony, speeches, correspondence, and published material in these areas. Key participant in Clinton Administration efforts on health care reform, Medicare and Medicaid reform, managed care policy, AIDS policy, and other public health issues.

White House Office of National AIDS Policy      Washington, D.C.  
**Director, Public Affairs**      November, 1994 to Present

Serve as policy advisor and chief spokesman for the Director of AIDS Policy for the White House. Responsibilities include policy development; relations with Executive Agencies, advocacy organizations, foundations, corporations, and professional trade associations; media planning and relations; preparation of written materials; and event planning. Participant in the planning and implementation of the first White House Conference on HIV and AIDS, including media planning, document preparation, and drafting of remarks for the AIDS Policy Director, the Secretary of Health and Human Services, and the President of the United States.

Medical News Network      Washington, D.C.  
**Washington Bureau Chief**      November, 1992 to October, 1993

Created and operated an 18-person news bureau for an interactive television program for physicians begun by Whittle Communications, Inc. Responsibilities included hiring of personnel, oversight of reporting and production activity, liaison to government agencies and trade associations and advocacy organizations, preparation of daily news schedule. Responsible for a budget of approximately \$2.1 million. Also served as a member of the network management team, reporting to the network president.

Faulkner and Gray, Inc.      Washington, D.C.  
**Executive Editor**      May, 1989 to November, 1992

Directed and edited seven news publications in the health and medical field and three annual national conferences. Responsible for hiring and oversight of all staff and development of new products. Also responsible for a budget of \$2.2 million and a staff of eight news editors and production assistants.

Faulkner and Gray, Inc.

Washington, D.C.

**Editor in Chief**

June, 1990 to November, 1992

Created and edited the Journal of American Health Policy, a bimonthly policy journal covering Federal, state, and local health policy development in the U.S. Responsibilities included recruitment of authors, editing, and layout of publication. Directed a staff of three writers and production personnel and a budget of \$700,000. Journal of American Health Policy was twice featured on the NBC "Today Show."

McGraw-Hill, Inc.

Washington, D.C.

**Editor**

May, 1985 to May, 1989

Researched, wrote, and edited Medicine and Health, the leading weekly newsletter covering health policy development in the Federal government, state government, legal matters, and lobbying activity. Responsible for a staff of two reporters and a budget of \$1.1 million. Work led to recognition in 1989 by the National Journal as "one of 150 who makes a difference" in formulation of federal policy.

McGraw-Hill, Inc.

Washington, D.C.

**Editor**

May, 1980 to May, 1989

Reported, wrote, and edited Health Legislation and Regulation, a weekly newsletter covering Federal health policy development in Congress. Coverage included health care financing programs (Medicare, Medicaid, Veterans Affairs, military), public health programs, and lobbying efforts by trade associations and advocacy organizations. Responsible for a staff of two reporters and a budget of \$400,000.

**Education:** George Washington University

## **Publications:**

*The Bitter Pill: Tough Choices in America's Health Policy*

McGraw-Hill, Inc., 1988, 238 pages. Detailed account of the formulation of American health policy during the Reagan Administration. Still used as textbook in several graduate programs at schools of public health.

*Inside Medical Washington*

Whittle Books, 1991, 100 pages. Ghost-written account of the observations of the former Executive Director of the American Medical Association on the development of U.S. health care policy.

*A New Deal for American Health Care*

Faulkner and Gray, Inc., 1993, 373 pages. An examination of the central issues in the debate over national health care reform, the players in Congress and the Executive Branch, the interest groups, and the history of previous attempts to reform American health care delivery.
