The Honorable Madeleine Albright
Secretary of State
Washington, D.C. 20520

Dear Secretary Albright:

Re: President's Directive on Increasing Access to HIV Prevention for Adolescents

Thank you very much for the time recently taken by your staff to meet with the technical assistance team members from my office and from the Department of Health and Human Services (HHS) to discuss development of your Agency's plans to meet the President's directive for increasing HIV prevention services to youth ages 13 to 21. I am very grateful for your willingness and efforts to assist the President in reducing HIV infection in this very precious and valuable resource, our nation's youth. The most recent report on HIV/AIDS diagnosing and reporting by the Centers for Disease Control and Prevention makes it clear that we must continue our work in HIV prevention. This report, for the time period January 1994 through June 1997 for 25 States with HIV reporting, shows that although the number of reported AIDS cases has declined, there has not been an accompanying decline in newly diagnosed HIV cases.

I have enclosed a format for you to use in describing your Agency's plans. Please submit your plan to my office by May 20. If you have any questions about completing the plan, please call Todd Summers or Robert Soliz of my office on (202) 56-2437, or Glen Harelson of the HHS Office of HIV/AIDS Policy, (202) 690-5560.

Please note that our office has moved since I last wrote to you. Our new address is:

White House Office of National AIDS Policy
736 Jackson Place, NW
Washington, DC 20503
Telephone: (202) 456-2437
Fax: (202) 456-2438

Please submit your Agency's plan for implementing the President's directive and any future correspondence to this address.

**Format - Federal Agency Plan
(President's Directive to Increase Access to
HIV Prevention Services to Adolescents)**

Please follow the format below in describing your Agency's plans to comply with the President's directive to increase access to HIV prevention for adolescents and to increase access to HIV-related services to adolescents already infected with HIV.

1. Department/Agency Name:
2. Program Name:
3. Administrative Location: Please indicate the Branch/Division/Bureau/Center, etc, which administers the program:
4. Administrator: Please provide the name, position, address, and telephone number for the person administratively in charge of the program:
- 5.. Contact Person: Please provide the name, position, address and telephone number for the contact person for the program.
6. **AGENCY PROGRAM/PLAN: (If your agency had developed more than one plan to comply with the President's directive, list each program on a separate form):**

Describe the purpose of the program your Agency has developed (or is continuing) to comply with the President's directive. Please indicate:

- 6A. SERVICES (Prevention and Care/Treatment): Describe in detail the specific activity(s) that you will be undertaking, or if an existing activity, that you will be continuing and modifying, to increase access to HIV prevention for adolescents, or to provide services to adolescents already infected with HIV.
 - 6B. NUMBER OF ADOLESCENTS CURRENTLY SERVED - FY '98 and FY '99:
If you have an existing program that provides prevention services or care services to adolescents, please indicate the number of adolescents which the program currently serves. Please indicate the number of adolescents that will be served by your Agency's activities to comply with the President's directive in FY '99.
7. **PROGRAM FUNDING: FY '98 and FY 99**

Please indicate FUNDING for the program you have developed or are continuing. If there is no special funding for this activity and funds come from your general program funds, please indicate so. Indicate funding by Fiscal Year (for Fiscal Year 1998, if applicable, and for Fiscal Year 1999).

THE WHITE HOUSE

WASHINGTON

April 24, 1998

The Honorable William S. Cohen
Secretary of Defense
Washington, D.C. 20301

Dear Secretary Cohen:

Re: President's Directive on Increasing Access to HIV Prevention for Adolescents

Thank you very much for the time recently taken by your staff to meet with the technical assistance team members from my office and from the Department of Health and Human Services (HHS) to discuss development of your Agency's plans to meet the President's directive for increasing HIV prevention services to youth ages 13 to 21. I am very grateful for your willingness and efforts to assist the President in reducing HIV infection in this very precious and valuable resource, our nation's youth. The most recent report on HIV/AIDS diagnosing and reporting by the Centers for Disease Control and Prevention makes it clear that we must continue our work in HIV prevention. This report, for the time period January 1994 through June 1997 for 25 States with HIV reporting, shows that although the number of reported AIDS cases has declined, there has not been an accompanying decline in newly diagnosed HIV cases.

I have enclosed a format for you to use in describing your Agency's plans. Please submit your plan to my office by May 20. If you have any questions about completing the plan, please call Todd Summers or Robert Soliz of my office on (202) 56-2437, or Glen Harelson of the HHS Office of HIV/AIDS Policy, (202) 690-5560.

Please note that our office has moved since I last wrote to you. Our new address is:

736 Jackson Place, NW
Washington, DC 20503
Telephone: (202) 456-2437
Fax: (202) 456-2438

Please submit your Agency's plan for implementing the President's directive and any future correspondence to this address.

Again, thank you your contributions to eliminating HIV infection in this very vulnerable population.
