DISCUSSION DRAFT

JUNE 10, 1999

4:00 p.m.

106TH CONGRESS
1ST SESSION

H. R. _____

IN THE HOUSE OF REPRESENTATIVES

Mr. COBURN introduced the following bill; which was referred to the
Committee on _____

A BILL

To amend the Public Health Service Act with respect to
preventing the transmission of the human immuno-
deficiency virus (commonly known as HIV), and for other
purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “HIV Prevention Act
3 of 1999”.

4 **SEC. 2. FINDINGS.**

5 The Congress finds as follows:

6 (1) The States should recognize that the terms
7 “acquired immune deficiency syndrome” and
8 “AIDS” are obsolete. In the case of individuals who
9 are infected with the human immunodeficiency virus
10 (commonly known as HIV), the more important
11 medical fact for the individuals and for the protec-
12 tion of the public health is the fact of infection, and
13 not just the later development of AIDS (the stage at
14 which the infection causes severe immune deficiency
15 or symptoms). The term “HIV disease”, meaning in-
16 fection with HIV regardless of whether the infection
17 has progressed to AIDS, more correctly defines the
18 medical condition.

19 (2) The medical, public health, political, and
20 community leadership must focus on the full course
21 of HIV disease rather than concentrating on later
22 stages of the disease. Continual focus on AIDS rath-
23 er than the entire spectrum of HIV disease has left
24 our Nation unable to deal adequately with the epi-
25 demic. Federal and State data collection efforts
26 should focus on obtaining data as early as possible

1 after infection occurs, while continuing to collect
2 data on the symptomatic stage of the disease.

3 (3) Recent medical breakthroughs may enable
4 doctors to treat HIV disease as a chronic disease
5 rather than as a terminal disease. Early intervention
6 in the progression of the infection is imperative to
7 prolonging and improving the lives of individuals
8 with the disease.

9 (4) The Centers for Disease Control and Pre-
10 vention has recommended partner notification as a
11 primary prevention service. The health needs of the
12 general public, and the care and protection of those
13 who do not have the disease, should be balanced
14 with the needs of individuals with the disease in a
15 manner that allows for the infected individuals to re-
16 ceive optimal medical care and for public health
17 services to protect the uninfected.

18 (5) Individuals with HIV disease have an obli-
19 gation to protect others from being exposed to HIV
20 by avoiding behaviors that place others at risk of be-
21 coming infected. The States should have in effect
22 laws providing that willfully exposing others to HIV
23 is a felony.

1 **SEC. 3. ESTABLISHMENT OF HIV-RELATED REQUIREMENTS**
2 **FOR STATE GRANTS UNDER PROGRAM FOR**
3 **HIV HEALTH CARE SERVICES.**

4 (a) IN GENERAL.—Subpart I of part B of title XXVI
5 of the Public Health Service Act (42 U.S.C. 300ff–21 et
6 seq.) is amended by inserting after section 2616 the fol-
7 lowing section:

8 **“SEC. 2616A. PREVENTION OF TRANSMISSION OF HIV.**

9 “The Secretary shall not make a grant to a State
10 under this part unless the State demonstrates to the satis-
11 faction of the Secretary that the law or regulations of the
12 State are in accordance with the following:

13 “(1) The State requires that the public health
14 officer of the State carry out a program of partner
15 notification to inform partners of individuals with
16 HIV disease that the partners may have been ex-
17 posed to the disease.

18 “(2)(A) In the case of a health entity that pro-
19 vides for the performance on an individual of a test
20 for HIV disease, or that [provides care for individ-
21 ual with the disease], the State requires, subject to
22 subparagraph (B), that the entity confidentially re-
23 port the positive test results to the State public
24 health officer, including the name of the individual,
25 together with such additional information as may be
26 necessary for carrying out such program.

1 “(B) The State may provide that the require-
2 ment of subparagraph (A) does not apply to the
3 testing of an individual for HIV disease if the indi-
4 vidual underwent the testing through a program de-
5 signed to perform the test and provide the results to
6 the individual without the individual disclosing his or
7 her identity to the program. This subparagraph may
8 not be construed as affecting the requirement of
9 subparagraph (A) with respect to a health entity
10 that provides care for an individual with HIV dis-
11 ease.

12 “(3) The program under paragraph (1) is car-
13 ried out in accordance with the following:

14 “(A) Partners are provided with an appro-
15 priate opportunity to learn that the partners
16 have been exposed to HIV disease, subject to
17 subparagraph (B).

18 “(B) The State does not inform partners
19 of the identity of the infected individuals in-
20 volved.

21 “(C) Counseling and testing for HIV dis-
22 ease are made available to the partners and to
23 infected individuals, and such counseling in-
24 cludes information on modes of transmission for
25 the disease, including information on prenatal

1 and perinatal transmission and preventing
2 transmission.

3 “(D) Counseling of infected individuals
4 and their partners includes the provision of in-
5 formation regarding therapeutic measures for
6 preventing and treating the deterioration of the
7 immune system and conditions arising from the
8 disease, and providing other prevention-related
9 information.

10 “(E) Referrals for appropriate services are
11 provided to partners and infected individuals,
12 including referrals for social services and legal
13 aid.

14 “(F) Notifications under subparagraph (A)
15 are provided in person, unless doing so is an
16 unreasonable burden on the State.

17 “(G) There is no criminal or civil penalty
18 on, or civil liability for, an infected individual if
19 the individual chooses not to identify the part-
20 ners of the individual, or if the individual does
21 not otherwise cooperate with such program.

22 “(H) There is no criminal or civil penalty
23 on, or civil liability for, a person who in good
24 faith makes errors in submitting reports or
25 making disclosures under such program.

1 “(I) The failure of the State to notify part-
2 ners is not a basis for the civil liability of any
3 health entity who under the program reported
4 to the State the identity of the infected individ-
5 ual involved.

6 “(J) The State provides that the provisions
7 of the program may not be construed as prohib-
8 iting the State from providing a notification
9 under subparagraph (A) without the consent of
10 the infected individual involved.

11 “(4) The State annually reports to the Director
12 of the Centers for Disease Control and Prevention
13 the number of individuals from whom the names of
14 partners have been sought under the program under
15 paragraph (1), the number of such individuals who
16 provided the names of partners, and the number of
17 partners so named who were notified under the pro-
18 gram.

19 “(5) The State cooperates with such Director in
20 carrying out a national program of partner notifica-
21 tion, including the sharing of information between
22 the public health officers of the States.

23 “(6) With respect to a defendant against whom
24 an information or indictment is presented for a
25 crime in which by force or threat of force the per-

1 petrator compels the victim to engage in sexual ac-
2 tivity, the State requires as follows:

3 “(A) That the defendant be tested for HIV
4 disease if—

5 “(i) the nature of the alleged crime is
6 such that the sexual activity would have
7 placed the victim at risk of becoming in-
8 fected with HIV; or

9 “(ii) the victim requests that the de-
10 fendant be so tested.

11 “(B) That if the conditions specified in
12 subparagraph (A) are met, the defendant un-
13 dergo the test not later than 48 hours after the
14 date on which the information or indictment is
15 presented, and that as soon thereafter as is
16 practicable the results of the test be made avail-
17 able to the victim; the defendant (or if the de-
18 fendant is a minor, to the legal guardian of the
19 defendant); the attorneys of the victim; the at-
20 torneys of the defendant; the prosecuting attor-
21 neys; the judge presiding at the trial, if any;
22 and the principal public health official for the
23 local governmental jurisdiction in which the
24 crime is alleged to have occurred.

1 “(C) That if the defendant has been tested
2 pursuant to subparagraph (B), the defendant,
3 upon request of the victim, undergo such follow-
4 up tests for HIV as may be medically appro-
5 priate, and that as soon as is practicable after
6 each such test the results of the test be made
7 available in accordance with subparagraph (B)
8 (except that this subparagraph applies only to
9 the extent that the individual involved continues
10 to be a defendant in the judicial proceedings in-
11 volved, or is convicted in the proceedings).

12 “(D) That, if the results of a test con-
13 ducted pursuant to subparagraph (B) or (C) in-
14 dicate that the defendant has HIV disease, such
15 fact may, as relevant, be considered in the judi-
16 cial proceedings conducted with respect to the
17 alleged crime.”.

18 (b) APPLICABILITY OF REQUIREMENTS.—

19 (1) IN GENERAL.—Except as provided in para-
20 graph (2), the amendment made by subsection (a)
21 applies upon the expiration of the 120-day period be-
22 ginning on the date of the enactment of this Act.

23 (2) DELAYED APPLICABILITY FOR CERTAIN
24 STATES.—In the case of the State involved, if the
25 Secretary determines that a requirement established

1 by the amendment made by subsection (a) cannot be
2 implemented in the State without the enactment of
3 State legislation, then such requirement applies to
4 the State on and after the first day of the first cal-
5 endar quarter that begins after the close of the first
6 regular session of the State legislature that begins
7 after the date of the enactment of this Act. For pur-
8 poses of the preceding sentence, in the case of a
9 State that has a 2-year legislative session, each year
10 of such session is deemed to be a separate regular
11 session of the State legislature.

12 **SEC. 4. AMENDMENT TO PROGRAM FOR NOTIFICATION OF**
13 **EMERGENCY RESPONSE EMPLOYEES RE-**
14 **GARDING EXPOSURE TO LIFE-THREATENING**
15 **INFECTIOUS DISEASES.**

16 Subpart II of part E of title XXVI of the Public
17 Health Service Act (42 U.S.C. 300ff-81 et seq.) is amend-
18 ed by inserting after section 2687 the following section:

19 **“SEC. 2687A. AUTHORITY FOR COURT ORDERS REGARDING**
20 **EVALUATIONS.**

21 **“(a) INABILITY TO LEARN EXPOSURE STATUS; PRO-**
22 **VISION OF FACTS TO PUBLIC HEALTH OFFICER.—**If an
23 emergency care provider (as defined in subsection (c)) be-
24 lieves that in responding to an emergency the provider
25 may have been exposed by an individual to an infectious

1 disease included on the list under section 2681(a), and if
2 the provider is unable to learn pursuant to section 2682
3 or 2683 whether the provider has been so exposed, then
4 the designated officer involved shall, upon the request of
5 the provider, provide to the public health involved the facts
6 that relate to the circumstances under which the provider
7 may be have been so exposed.

8 “(b) COMMENCEMENT OF JUDICIAL PROCEEDING.—

9 If a public health officer determines that the facts pro-
10 vided to the officer pursuant to subsection (a) indicate
11 that there are reasonable grounds for believing that the
12 emergency care provider involved would have been exposed
13 if the individual referred to in such subsection had an in-
14 fectious disease included in the list under section 2681(a),
15 the public health officer may in any court of competent
16 jurisdiction commence a proceeding, conducted in camera,
17 to obtain from the court an order that the individual re-
18 ferred to in subsection (a) be evaluated (which may in-
19 clude testing) to determine whether the individual has
20 such a disease. If the court orders such an evaluation, the
21 court may require that the emergency care provider pay
22 the costs of the evaluation of such individual and reason-
23 able attorneys fees and costs for the individual, and the
24 court shall order the provider to maintain confidentiality

1 with respect to the identify of the individual ordered to
2 be evaluated and the results of the evaluation.

3 “(c) DEFINITIONS.—For purposes of this section:

4 “(1) The term ‘emergency care provider’ means
5 an emergency response employee and any other indi-
6 vidual who is a first responder at the scene of the
7 emergency involved, including such an individual
8 whose professional duties do not include responding
9 to emergencies.

10 “(2) The term ‘designated officer involved’,
11 with respect to an emergency, means—

12 “(A) in the case of an emergency response
13 employee, the designated officer of the em-
14 ployee; and

15 “(B) in the case of any other first re-
16 sponder, any designated officer of emergency
17 response employees whose geographical jurisdic-
18 tion includes the scene of the emergency to
19 which the first responder responded.

20 “(3) The term ‘public health officer involved’,
21 with respect to an emergency, means—

22 “(A) in the case of an emergency response
23 employee, the public health officer for the com-
24 munity in which the employee is stationed; and

1 “(B) in the case of any other first re-
2 sponder, any public health officer whose geo-
3 graphical jurisdiction includes the scene of the
4 emergency to which the first responder re-
5 sponded.”.

6 **SEC. 5. SENSE OF CONGRESS REGARDING WILLFUL EXPO-**
7 **SURE TO HIV.**

8 It is the sense of the Congress that the States should
9 have in effect laws providing that it is a felony for an indi-
10 vidual who has HIV disease to willfully expose another to
11 HIV, whether through sexual activities or otherwise, with-
12 out first obtaining the consent of the other individual to
13 the exposure.

14 **SEC. 6. SENSE OF CONGRESS REGARDING CONFIDENTIAL-**
15 **ITY.**

16 It is the sense of the Congress that strict confidential-
17 ity should be maintained in carrying out the provisions
18 of section 2616A of the Public Health Service Act (as
19 added by section 3(a) of this Act).
