Dear:

Re: Presidential Directive on Increasing Access to HIV Prevention (issued 12/1/97)

Thank you for responding to my letter of December 29, 1997, concerning my request that you identify programs within your Agency's jurisdiction that fall within the scope of the President's December 1, 1997 directive to Federal Agencies entitled "Integration of HIV Prevention in Federal Programs Serving Youth." I have attached a copy of my letter to you and of the President's directive for your convenience.

I appreciate your letter, and any conversations that our staffs have had, concerning the President's directive. Nevertheless, I would like to ask that you re-examine any programs that you have that are targeted to adolescents to see if they could potentially offer opportunities to provide HIV prevention messages to them. A 1996 report by the General Accounting Office identified program(s) in your agency that served at-risk or delinquent youth. It is possible that these programs could be vehicles to provide HIV prevention messages to adolescents. If you do have any programs that fall within the scope of the President's directive, please provide a description of those programs to me by April 5.

Please call Todd Summers, Deputy Director, Office of National AIDS Policy, or Robert Soliz on (301) 632-1090 if you have any questions about this activity .

Thank you again for your attention to this very important issue.

Sincerely,

Sandra L. Thurman
Director, Office of National AIDS Policy

In my letter, I requested that you look at those programs within your Agency's jurisdiction that fall within the scope of the President's directive and that you submit a description of those programs to my office by February 9. I have attached a copy of my letter to you and of the President's directive for your convenience.
