Department:  
Address:

Dear:

Re: President's Directive on Increasing Access to HIV Prevention for Adolescents: Dates for Provision of Technical Assistance/Consultation with DHHS/ONAP

The Office of National AIDS Policy (ONAP) and the Department of Health and Human Services (HHS) are pleased to offer assistance to your agency in meeting the requirements set forth in the above-referenced directive. To facilitate the design of the plans mandated by the directive, a team of experts will be made available to your staff.

Dr. Eric Goosby, Director of the Office of HIV/AIDS Policy in HHS, has arranged for representatives from a variety of agencies that provide HIV, STD, and other services appropriate to the age group covered by the directive (youth ages 13 to 21 years) to be available to you. We have set aside time for Federal Agency representatives to meet with the team. The dates and location for these meetings are:

Wednesday, April 1 to Friday, April 3, 1998  
Room 736E  
2000 Independence Avenue, SW  
Washington, DC 20201  
Appointment scheduling: (202) 690-5560

These meetings will occur in one of two ways:

- 1) In meetings, either singly or in groups, at the DHHS offices in Washington, DC, for agencies with a small number of programs; or
- 2) At the request of agencies with many programs, at their offices.

Please call as soon as possible, preferably by March 20, to schedule an appointment for one of those three days so that we may plan the team's schedule. The appointments may take as much time as necessary, and should probably average about one hour. Agencies with many programs might require more time.

If you have any questions, please call Glen Harelson of Dr. Goosby's office on (202) 690-5560, or Robert Soliz at my office on (202) 632-1090.

Sincerely,

Sandra L. Thurman  
Director, Office of National AIDS Policy

Re: President's Directive on Increasing Access to HIV Prevention for Adolescents: Dates for Provision of Technical Assistance/Consultation with DHHS/ONAP

The Office of National AIDS Policy (ONAP) and the Department of Health and Human Services (HHS) are pleased to offer assistance to your agency in meeting the requirements set forth in the above-referenced directive. To facilitate the design of the plans mandated by the directive, a team of experts will be made available to your staff.

Dr. Eric Goosby, Director of the Office of HIV/AIDS Policy in HHS, has arranged for representatives from a variety of agencies that provide HIV, STD, and other services appropriate to the age group covered by the directive (youth ages 13 to 21 years) to be available to you. We have set aside time for Federal Agency representatives to meet with the team. The dates and location for these meetings are:

Wednesday, April 1 to Friday, April 3, 1998  
Room 736E  
2000 Independence Avenue, SW  
Washington, DC 20201  
Appointment scheduling: (202) 690-5560

These meetings will occur in one of two ways:

- 1) In meetings, either singly or in groups, at the DHHS offices in Washington, DC, for agencies with a small number of programs; or
- 2) At the request of agencies with many programs, at their offices.

Please call as soon as possible, preferably by March 20, to schedule an appointment for one of those three days so that we may plan the team's schedule. The appointments may take as much time as necessary, and should probably average about one hour. Agencies with many programs might require more time.

If you have any questions, please call Glen Harelson of Dr. Goosby's office on (202) 690-5560, or Robert Soliz at my office on (202) 632-1090.

Sincerely,

Sandra L. Thurman  
Director, Office of National AIDS Policy
