THE WHITE HOUSE

WASHINGTON

January 16, 2001

Dear Tim:

Thank you for your efforts to ensure passage of the Transition to Teaching Act, which was included in H.R. 4577, the Omnibus Consolidated Appropriations Act.

The Transition to Teaching Act provides funding to assist schools, particularly in high-poverty districts, in addressing the growing shortage of quality teachers entering the teaching profession. By providing training stipends and other incentives to encourage successful professionals in other fields to become teachers, this act will help local school districts that must recruit over two million new teachers in the next decade. Education is one of the highest priorities of my Administration, and the Transition to Teaching Act will play a vital role towards ensuring quality education for children across America.

Thanks, again, for your leadership in securing passage of this important measure. As a token of my appreciation, please accept the enclosed signing pen.

Sincerely,

Dear Tim:

Thank you for your efforts to secure passage of H.R. 5640, the American Home Ownership and Economic Opportunity Act of 2000.

This bipartisan legislation amends the Housing and Community Development Act of 1992 to assist local and state governments in removing barriers to affordable housing through Fiscal Year 2005. The housing industry has taken substantial steps over the years to improve the design, style, and affordability of manufactured homes. This law reinforces their efforts and will go far in helping more Americans achieve their dream of home ownership. This bill also amends prior legislation to help provide affordable housing for Native Americans, Native Hawaiians, the elderly, and persons with disabilities.

Thanks, again, for your leadership in enacting this important measure. As a token of my appreciation, please accept the enclosed signing pen.

Sincerely,

I want to thank you for your tireless efforts to create the Delta Regional Authority (DRA). The language that was included in the final budget deal will provide critical infrastructure for the \$20 million that we secured in the appropriations process.

I proposed this Authority in my budget because I believed the DRA would provide needed resources and invaluable assistance to the people and the communities of the Mississippi Delta. As you know, this area has not yet reaped the benefits of the economy that are being enjoyed in other parts of our nation. This legislation will help the resilient and hard working people in the Delta meet the unique challenges of the area by investing in the region's economic future.

We could not have accomplished this without your leadership and steadfast commitment to creating this Authority and securing its funding. Your hard work will make a difference in the Delta.

As you know, on October 10, I was pleased to sign into law H.R. 4444, extending permanent normal trade relations (PNTR) status to the People's Republic of China. Your leadership was critical to the success of this landmark legislation, and I want to thank you for your hard work in securing its passage.

This new law marks an historic moment in U.S.-China relations. Establishment of PNTR with China allows the United States to enjoy the full benefits of our agreement with China on China's accession to the World Trade Organization. In doing so, this legislation will help to open markets for U.S. goods and services, strengthen our national security, and continue paving the way toward economic freedom for the people of China.

Thanks, again, for your steadfast support for this important bipartisan measure.

Sincerely,
