MEMORANDUM TO:

WARREN RUSTAND

FROM:

JIM CANNON

This is regarding your request on April 2 for my views on the President accepting an invitation to the IMAGE national convention.

I will defer to Bill Baroody's judgment on this one, depending on his thoughts to the following questions:

1. Does the President want to become more closely identified with various ethnic groups?
2. Is IMAGE of sufficient prestige within the Spanish-speaking community?
3. Would the President have a strong enough record in programs for the Spanish-speaking to satisfy this group?

Dear Dr. Coleman:

Increasing numbers of Black Americans are filling positions of responsibility in business, government, industry and the arts. An important element of this progress is the United Negro College Fund, which for thirty-two years has played an important role in training some 200,000 black alumni in 41 predominantly black U.S. colleges.

Volunteers are the life blood of the efforts of the United Negro College Fund. But no volunteer effort is successful without the leadership of a few individuals like yourself. Your leadership, influence, and dedication to the cause of equal opportunity for all in higher education provides inspiration to all of us. I know it has served to inspire the citizens of Houston to respond with generosity and concern.

I salute your untiring and dutiful services to the minority youths and the member colleges of the United Negro College Fund in Texas.

Sincerely,

Dr. John B. Coleman
