Dear Jerry,

While Mrs. Ford is recovering from her recent surgery, I am taking the liberty of thanking you for the thoughtful contribution which you sent for cancer research. She very much appreciates the generosity that citizens like you have shown and is deeply grateful for the spirit of friendship your consideration reflects. It also means a great deal to Mrs. Ford to have your words of encouragement and prayerful concern.

We are happy to forward your gift and know that it will be a real help in efforts to find a cure for cancer.

President and Mrs. Ford send their best wishes.

Sincerely,

Nancy M. Howe
