MEMORANDUM FROM:

JOHN GUTHRIE

SUBJECT:

PRESIDENTIAL SPOKESMAN'S OFFICE

As Administration programs across a broad range of subjects move forward, we have an increasing number of representatives from the White House staff making public appearances discussing our programs. Since you may participate in this program, it is appropriate to restate the purposes of this office:

To coordinate the speaking schedules of all Presidential Spokesmen (most Presidential appointees) in the Administration.

To schedule the highest level Spokesmen into specific existing forums (Sub-cabinet Spokesmen are usually scheduled by the Speakers Bureaus within their Departments or Agencies).

To locate (or develop) forums for high level Spokesmen to give optimum media exposure on selected topics.

We can provide you with several services:

Inform you of other Presidential Spokesmen who have been, or will be in the same area.

Act as the focus for information dissemination to you.

Sometimes assist you in finding a substitute for a cancellation.

In order to effectively accomplish the above, we require from you:

Your monthly schedule sent to room 168 OEOB updated weekly, including: date, location, forum being addressed, topic you will discuss and the extent of expected media coverage.

Pam Powell frequently assists me by contacting staff members for specific forums. Your cooperation with her and with my office is appreciated.

PUBLIC HOLIDAYS—1973

In most States when a Holiday falls on Sunday, the Monday following is observed. Holidays in some States are observed only by common consent, or when appointed by the Governor, and not by legislative enactment.

At the time this book went to press the District of Columbia by Act of Congress, and most States by legis-

lative act, changed the observance of Washington's Birthday, Memorial Day, Columbus Day and Veterans Day to certain Mondays. These changes, where adopted, are given effect in the table below. States where such changes are under legislative consideration are indicated with an asterisk (*)
