Dear Mr. Calhoun,

Six sources were used to develop these lists by states.

The National Roster of Black Elected Officials

The 1972 Republican National Convention list of black delegates
and alternates

The office list of governors' assistants

Names from the file box

Names from the sign-in book

Names from the office political contacts list

30 states have been completely finished and are on the top of the T.V. in
your office.

Names from the file box and sign-in book have been arranged by state for the
remaining 20 states only. These lists are attached. Therefore, these lists are missing
the political contacts, governors' assistants, delegates and sign-in book names.

Hopefully, these will be added to complete the rest of the states and the
project.

If there are any questions, I will speak with you when I return to the office
the end of next week.

With every good wish, (a phrase I learned from a famous Greek philosopher)
