OFFICE OF BOARD MEMBER

October 17, 1974

Honorable Stanley S. Scott
Special Assistant to the President
The White House
Washington, D.C. 20500

Dear Stan:

Enclosed are comments on personnel as requested. 5/2

Sincerely,

Norman B. Houston

October 17, 1974

Comments on Personnel Functional Objectives

Since Blacks in America represent the largest ethnic minority and are present or relate to every socio-economic group, it is essential that government at all levels recognize the importance of Black participation throughout its political and administrative structure. In addition to broad participation at all levels within government, involvement in private industry, quasi-public institutions, foundations and associations representing various public interests is desirable.

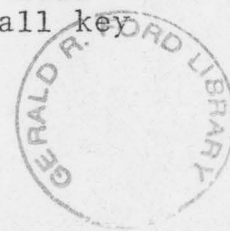

The federal government and the Republican Party can both aid in assuring broad involvement by Blacks. Within the personnel area immediate visibility and manifestation of the desire of this Administration to "include in" all people can most easily be accomplished.

Specific objectives in terms of numbers and types of positions in various agencies should be developed. For example, it is essential that a Black be at the policy level in the Office of Management and Budget, since OMB is the conduit for programs and their budget throughout government. Placement on the Domestic Council is another essential.

The trend of personnel placement since 1969 has been far broader and more meaningful than in prior years. It is important, however, that broad participation continue to be extended. In this regard, more effort is needed at regional and local levels. Recruiting community leaders is a part of building a broader base and improving our image.

Mechanism in the White House

- (1) The management system within the White House should permit the Special Assistant to the President (Minority Affairs) to have full knowledge and input opportunity for all key personnel selections.

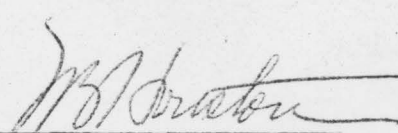

- (2) Personnel objectives should be established to increase the Black participation at meaningful levels.
- (3) A talent bank should be established on a formal basis. This takes considerable effort if it is to be useful. Every resource should be used in the building of a reliable talent bank and reference system.
- (4) The White House personnel office should be staffed with at least one Black in a key role.

While such a person should be qualified to handle general matters, his special effort should be in the direction of obtaining Black appointees.

- (5) The talent bank referred to above could be developed under direction of the White House staff. There are many lists of Black Republicans, Black professionals, etc. But there needs to be a consolidation and an analysis made to develop records that would include specific professional and political criteria.

Once established the maintenance of the talent bank on a highly current basis would also be necessary. Management of a Black Republican Talent Bank under White House direction should be a specific responsibility of an office within the White House. Continuous liaison with Black Republicans nationally would be necessary.

SUBJECT:

Assistant Secretary for Administration
Assistant Secretary for Public Affairs
Department of Housing and Urban
Development
(PAS, Level IV)

The "Housing and Community Development Act of 1974" (Legislation, Tab A) creates two additional Executive Level IV Presidential appointments requiring Senate confirmation at HUD. It is Secretary Lynn's desire to elevate the position of the current Assistant Secretary for Administration (Career, AP, Level V) and to create the position of Assistant Secretary for Public Affairs as the two new positions created by the Act.

Secretary Lynn strongly recommends that you nominate Thomas G. Cody (Resume, Tab B), Republican, age 45, to the same but elevated position of Assistant Secretary for Administration. Cody has served in the position with distinction since April 26, 1974, according to Lynn. Cody is a 1957 graduate from the Harvard University Graduate School of Business Administration. He was employed by Fry Consultants, Inc. from 1962 to May, 1972 at which time he was recruited to serve as Executive Director of the U. S. Equal Employment Opportunity Commission (GS-18, non-career) where he was viewed as an excellent employee until he joined HUD.

The upgrade makes the position comparable to similar positions at other major departments. Cody's appointment to the upgraded position insures continuity and avoids a lengthy breaking-in period of a new Assistant Secretary. Because of these reasons and Secretary Lynn's strong recommen-

dation and high opinion of Cody's performance, I recommend that you nominate Thomas G. Cody as Assistant Secretary of Administration, HUD, PAS, Level IV.

Decision:

_____ Agree

_____ Disagree

Secretary Lynn also strongly recommends that you nominate William I. Greener, Jr. (Resume, Tab C), Republican, age 49, for the position of Assistant Secretary for Public Affairs at HUD. Greener has served as Assistant to Secretary Lynn for Public Affairs since February, 1973 (Schedule C, Level V) with distinction, according to Lynn. For the past 16 years Greener has served in various responsible public affairs and public information assignments with the Air Force, IRS, Treasury Department, and the Cost of Living Council prior to joining HUD. Greener received his M. S. Degree from Boston University in 1967. Greener's appointment would insure continuity in the public affairs area at HUD which Secretary Lynn wishes to emphasize and upgrade in the future. Because of these reasons, Greener's past performance in public affairs at HUD, and Secretary Lynn's strong endorsement of Greener, I recommend you nominate William I Greener, Jr. for the position of Assistant Secretary for Public Affairs at HUD.

After an extensive search for the most qualified candidate available, Secretary Claude Brinegar, DOT, requests your approval of his appointment of Dr. Noel C. Bufe (Resume, Tab A) as the Deputy Administrator, National Highway Traffic Safety Administration, DOT (Legislation, Tab B).

The National Highway Traffic Safety Administration was established in 1970 to carry out programs relating to the safety performance of motor vehicles and related equipment, and motor vehicle drivers.

Dr. Bufe, 40, Republican, has served as Executive Director of the Office of Highway Safety Planning, Michigan State Police since September, 1967. In this position he is the Governor's Highway Safety Representative. Bufe also has served as Executive Secretary of the Michigan State Police Training Council (1966 - 1967) and as a management consultant to the International Association of Chiefs of Police (1964 - 1966). Bufe's prior experience includes extensive work associated with police administration or as an investigator. Bufe received his Ph.D. from Michigan State University in Highway Safety Management.

Based on Dr. Bufe's educational background and experience in the field of highway traffic safety; the extensive search of available candidates by DOT

that led to the selection of Dr. Bufe; and because of Secretary Brinegar's strong endorsement and recommendation of Dr. Bufe, I recommend you approve Secretary Brinegar's appointment of Dr. Noel C. Bufe as Deputy Administrator, National Highway Traffic Safety Administration, DOT.

My dear Mr. President:

I have the honor to enclose the nomination of John T. Elfvin, of New York, to be United States District Judge for the Western District of New York vice John O. Henderson, deceased.

Mr. Elfvin was born June 20, 1917 in Montour Falls, New York and is married.

He attended Cornell University from 1937 to 1942 when he received his B.E.E. degree. He attended Harvard Law School from 1942 to 1943 and Georgetown Law Center from 1943 to 1944 and from 1945 to 1947 when he received his J.D. degree. He was admitted to the bar of the District of Columbia in 1947 and to the New York State Bar in 1949.

From 1947 to 1948 Mr. Elfvin served as a law clerk to Judge E. Barrett Prettyman, U.S. Court of Appeals for the District of Columbia Circuit. From 1948 to 1951 he practiced with Cravath, Swaine & Moore, New York, New York. From 1951 to 1955 he was associated with Dudley, Stowe & Sawyer, Buffalo. He served as Assistant U.S. Attorney for the Western District of New York from 1955 to 1958. From 1958 to 1969 and from 1970 to 1972 he was a partner in the firm Lansdowne, Martin & Elfvin, Buffalo. In 1969 he was appointed a Justice, New York Supreme Court, 8th Judicial District. Since 1972 he has served as United States Attorney for the Western District of New York.

The Standing Committee on Federal Judiciary of the American Bar Association has submitted a report in which they state their opinion that Mr. Elfvin is qualified for appointment to this position. He bears an excellent reputation as to character and integrity, has judicial temperament, and is, I believe, worthy of appointment as a United States District Judge.

I recommend the nomination.

Respectfully,

MEMORANDUM FOR THE PRESIDENT

THROUGH: DONALD RUMSFELD
FROM: SAMUEL A. SCHULHOF

CONCUR _____
WILLIAM N. WALKER

SUBJECT: Civil Rights Commission, Democrat
Member
(PAS, WAE, POP)

There is one Democrat vacancy on this six-member Commission (Legislation at Tab A) due to the acceptance of Father Theodore Hesburg's resignation in 1972. This Commission meets two days a month to investigate civil rights complaints, appraise federal laws and policies, and serve as a clearinghouse for civil rights information. The Commission submits periodic reports to the President and the Congress. The six members serve at the Pleasure of the President and are compensated when actually employed.

Commission incumbents include two blacks, one Spanish-Speaking and one female. Arthur Flemming, Commission Chairman, feels it most important that you appoint a Jewish person to the vacant slot. Flemming contends that while one of the areas of Commission concern is religious discrimination, no Commission member represents the religious minorities.

Congressman William Hudnut strongly recommends the nomination of Murray Saltzman (Resume at Tab B), Senior Rabbi of the Indianapolis Hebrew Congregation. Saltzman is the President of the Indiana Inter-Religious Commission on Human Equality; Jewish Chaplain of the Indiana University Medical Center; a Member of the Greater Indianapolis Progress Committee; and a Member of the Indianapolis Public School Committee for Character Education. He is on the faculty of Marian College holding the Chair of Jewish Studies. He is a participant in a weekly television program Focus on Faith, which seeks to crystalize similarities and differences between Protestantism, Catholicism and Judaism.

Rabbi Saltzman was ordained at the Hebrew Union College in 1956 where he also received his Master's degree. He has served congregations in New York, Maryland and Wisconsin. While serving Congregation B'nai Abraham in Hagerstown, Maryland, he was appointed Chairman of the Mayor's Commission on Human Rights.

Congressman Hudnut is particularly interested in this appointment since he has been re-districted into an area with a high Jewish concentration and Saltzman's appointment would serve to neutralize this constituency in Hudnut's favor. While Hudnut does not expect announcement prior to next week's election, since Saltzman has cleared both his FBI investigation and his conflicts of interest check, Hudnut could notify the Rabbi of his upcoming appointment as soon as you concur.

While we all feel it would be advantageous to appoint a woman to the Civil Rights Commission, Anne Armstrong, Bill Timmons and I feel that Hudnut deserves our strong help at this time and that Saltzman is an excellent appointment on the religious grounds.

I therefore recommend the nomination of Murray Saltzman to the Civil Rights Commission.

MEMORANDUM FOR THE PRESIDENT

FROM: SAMUEL A. SCHULHOF

CONCUR:

SUBJECT: Federal Representative, Ohio
River Valley Water Sanitation
Commission (WOC - PA)

Due to the resignation of Mr. Raymond E. Johnson, there exists a vacancy on the subject Commission. The Commission was established by Congress in 1940 for the task of controlling and abating pollution in the Ohio River valley. The Commission is responsible for furnishing expert counsel to the governors and legislative bodies of the signatory states in the form of a yearly report to the states.

The Commission meets four times a year and is comprised of three members from each of the signatory states, to be selected by those states. The states participating in the Commission are Indiana, Illinois, Kentucky, Ohio, Pennsylvania, Virginia and West Virginia. The Commission membership also includes three Federal members who are appointed by you and serve at your pleasure. Traditionally, these three members have been selected from the following government bodies: one from the Corps of Engineers; one from the Environmental Protection Agency; and one from the Department of Interior. Mr. Raymond E. Johnson who resigned was from the Department of Interior, and I think that in order to maintain continuity in the Commission, his replacement should also be from the Department of Interior. Mr. Leo Weaver, the Executive Director of the Commission, concurs.

I recommend you appoint Norman H. Beamer, of Pennsylvania, age 61 (Resume at Tab A). He graduated from Maryville College in Tennessee with a B.S. in chemistry. Mr. Beamer

then served in the Navy until 1944 when he joined the Water Resources Division of the U.S. Geological Survey. He has continued to serve the Department of Interior and now is the District Chief of the newly formed Pennsylvania Water Resources District. Mr. Beamer also has represented the Department of Interior on many advisory boards and commission including the Water Resources Association of the Delaware River Basin and the Interagency Committee of the Susquehanna River Basin. He received the Geological Survey's Special Achievement Award in 1964, and he is a Republican. Mr. Beamer is endorsed by Secretary Morton and Sen. Hugh Scott.

Norman H. Beamer

Norman H. Beamer was born in Manor, Pennsylvania, on March 13, 1913. He received a B.A. degree in chemistry from Maryville College, Tennessee, in 1937. He served as the principal of an elementary school in Covington, Virginia, from 1938 until 1941 when he was employed as a chemist by the Industrial Rayon Corporation. For the next three years, he was on active duty with the U.S. Navy. Following his discharge as a Lieutenant Commander in 1946, he was employed by the Water Resources Division of the U.S. Geological Survey and was assigned to the Quality of Water Branch, Washington, D.C., for initial indoctrination and training. In November 1946, he was transferred to Philadelphia, Pennsylvania, where he has served continuously since.

Mr. Beamer's leadership qualities were recognized early in his career as evidenced by his appointment as District Chemist in charge of the Pennsylvania District Quality of Water Branch in 1952. He was instrumental in materially strengthening investigations in his District, which then embraced the states of Pennsylvania, Delaware, and New Jersey. He helped to foster well-rounded Division programs by personally maintaining close contacts with water resources agencies and organizations concerned with water development problems. His leadership in the setting of specifications for and the testing of modern automatic water quality monitoring equipment was outstanding, and he displayed a natural interest in and talent for the recruiting of qualified graduates and their training for positions of responsibility. In 1964, Mr. Beamer was awarded the Geological Survey's Special Achievement Award.

With the reorganization of the Water Resources Division district operations in 1966, the surface water, ground water, and quality of water programs of Pennsylvania were combined in a single district organization. Because of his stature and recognition among the public and private groups interested in water resources in Pennsylvania and as a result of his outstanding service as District Chemist of the Quality of Water Branch, Mr. Beamer was selected to be the District Chief of the newly-formed Pennsylvania Water Resources District.

Since his designation as District Chief, Mr. Beamer has represented the Water Resources Division, the Geological Survey, and the Department of the Interior on numerous advisory committees including the Water Quality Advisory Committee, Water Resources Association of the Delaware River Basin (1967); the Federal Water Pollution Control Administration (1968); the Pennsylvania Governor's Conference on Water Resources Pollution (1969); the Water Quality Committee of the Water Resources Association of the Delaware River Basin (1969-70); and the Interagency Committee of the Susquehanna River Basin Commission. He has served as an instructor at the Water Resources Division Training Center, Lakewood, Colorado, and has attended courses as a student at the same facility. He is presently Vice President and Program Chairman of the Central Pennsylvania Federal Executive Association, and continuously participates in programs, panels, tours, and conferences to further the goals of water resources development.

MEMORANDUM FOR THE PRESIDENT

THROUGH: DONALD RUMSFELD

FROM: SAMUEL A. SCHULHOF

CONCUR: WILLIAM N. WALKER

SUBJECT: First Assistant Commissioner of Patents
(PAS, GS-18) and Assistant Commissioner
of Patents (PAS, GS-17), Department of
Commerce

The purpose of this memorandum is to recommend two qualified individuals for the positions of First Assistant Commissioner of Patents and Assistant Commissioner of Patents, respectively.

The organization structure of the Patent Office consists of a Commissioner, a First Assistant Commissioner (who is, in essence, "Deputy Commissioner"), and two Assistant Commissioners--one managing the Patent section and the other managing the Trademark section of the examining core of the Patent Office. In addition, there is a Board of Patent Appeals (consisting of 15 Examiner's-In-Chief) which may overrule decisions of the 1200 member examining core. The two senior position vacancies have existed for over 1 1/2 years. The Patent Office reports to the Assistant Secretary of Commerce for Science and Technology.

The following candidates are recommended after an exhaustive search in which more than 100 people were contacted and over 50 interviewed. Principal criteria for selection include active participation in the patent law profession, proven performance in one's specific field and demonstrated leadership and administrative qualities.

First Assistant Commissioner of Patents (PAS, GS-18)

Lutrelle F. Parker is 50 years old, Black, with a B.S., Howard University and J.D., Georgetown Law School. Since 1970 he has been a Presidentially

appointed Examiner-in-Chief, Board of Patent Appeals. Having spent his entire career in the Patent Office, Parker previously worked for eight years as a patent trial attorney and special assistant. Prior to that time he was a patent examiner. Parker is a registered civil engineer and member of the Virginia and D.C. Bars. He has been active in community affairs (former Chairman of the Arlington County Planning Commission) and the Naval Reserve (Captain). He is a registered Republican and has the support of Stan Scott. Parker knows the Patent Office thoroughly and has proven administrative and leadership skills. His appointment would not only provide deserved recognition in the Black community but also in the Patent Office where promotion from within will be a morale booster (and which is about 45% Black).

Assistant Commissioner of Patents (PAS, GS-17)

Bernard A. Meany is 39 years old, BSME, Marquette University and J.D., Georgetown University Law Center. Since early 1974 he has been Program Director of Contracts and Licensing for IBM Corporation. Previously he was Program Director of Licensing for 2 1/2 years. He first joined IBM as an Associate Engineer in 1956, advancing to Patent Attorney and eventually Contract Representative. He is a Member of the American Patent Law Association, the Santa Clara County Bar Association, and the American Society of Mechanical Engineers. Meany is bright, articulate, and quite outgoing for a patent attorney. He is a Republican and is a second cousin of George Meany.

The Commissioner of Patents, Marshall Dann, can designate responsibilities to the two Assistant Commissioners as he desires. It is his intention to move Rene Tegtmeyer, who heads up the Trademark section and was Acting Commissioner of Patents for several months between Commissioners, over to the larger Patent section. Meany will then supervise the Trademark section.

With these appointments, the Patent Office will be fully staffed for the first time in two years. The aforementioned candidates provide a good mix of internal "promotion from within" recognition, external fresh ideas and substantive qualification. Both candidates are the choice of Patent Commissioner Marshall Dann and Assistant Secretary Betsy Ancker-Johnson (to whom the Patent Office reports). Secretary Dent finds both candidates acceptable. I recommend that Lutrelle Parker and Bernard Meany be appointed First Assistant Commissioner of Patents and Assistant Commissioner of Patents, respectively.
