Critical

May 11, 1970

Dear Mr President,

I am totally opposed to our involvement in Indo-China.

Why are you letting the Pentagon control your decisions? We'll never have "peace" with those

war-mongers running your mind! They're interested in

doing things from a military standpoint only. Destroying

those sanctuaries in Cambodia

is completely pointless! In just

a few month's time they can be

rebuilt. We haven't even found

the "headquarters" yet! You seem

to have suddenly changed your

position from President to that of

Dictator. How ironic! Isn't that

what we're fighting in S. E. Asia?
