Dear Mrs. Nixon,

Students in the Vacation Church School of our First Baptist Church here in Clinton this year voted to send the total offering from our two-week school, thirty-five dollars and thirty-five cents, to aid Peruvian earthquake victims. Since you have been there and have seen at first hand relief measures in progress, we know you would be better fitted than any other person in our country to advise us where and how to send our contribution. We would be indebted to you if you would use the enclosed self-addressed stamped envelope to tell us whether we should send our gift by check or money order and to whom we should send it. Our contribution is not large but it represents the concern of seventy children ages three through eleven and we would like it to do good to the greatest possible extent.

Thank you in advance for your anticipated help.

Sincerely,

Mrs. Harold Kirk,

Mrs. Harold L. Kirk
