Dear Mr. Nixon

I respect you and the late Doctor
Martin Luther King Jr., very much.
I want people everywhere to remember
Doctor King as a great civil rights leader
and as well as they will remember
you as president of the United
States of America.

I know you will do a very wonderful
job in office.

I would like for Doctor King's
birthday to be celebrated as a National
Holiday. I would you please make
every effort to make this wish come
true. People all over this world
will want this same wish to
come true.

Sincerely Yours
(1) Miss Doretha Richardson
