THE HONORABLE RICHARD M. NIXON,
PRESIDENT OF THE UNITED STATES,
THE WHITE HOUSE,
WASHINGTON, D.C.

Dear Mr. President:

Your decision to go to the Soviet Union as well as to the Republic of China in 1972 is one of vital importance to the future of our and the World's opportunity for the development of peaceful solutions to many existing international problems.

Your basic political "sense" when combined with your legal intuitiveness, which have served this country so well to date, give you the training and natural instincts to dig deeply into the minds of the Soviet and Chinese leaders and understand their real thinking and feelings towards us and what we stand for in this day and age.

As a student of our Presidency and the men who have occupied the office since George Washington it is my sincere feeling that you are the best qualified President of the United States to represent the Country in negotiations of this type who has been in The White House during this century.

With every good wish to you Mr. President,

Sincerely,

COLONEL THOMAS A.P. KROCK,
