Lopez Looks at the Numbers

By VINCENT LOPEZ

Famed Orchestra Leader and Author of
"How To Be Your Own Numerologist"

July, governed by Cancer and the Moon will be a dynamic and volcanic month. Numerologically, July is a "9" month and 1973 is a "2" year which means that there will be an unfoldment of many projects and situations that are now in front of the public such as the Watergate mess.

Senator Howard Baker of Tennessee born November 15, 1925. I put his character as a soft-spoken person but always having a dramatic flair to get his point over or the response to his laugh. He's a real showman.

Senator Lowell P. Weicker, Jr. of Connecticut born May 16, 1931. He has a nice approach and should be one of the leading men in the show.

Senator Joseph M. Montoya of New Mexico born September 24, 1915. A deliberate and precise person who tries to get his point over with a big cord.

Senator Herman Eugene Talmadge born August 9, 1913. A deliberate man who knows what he is talking about and will stick to his point. His vibrations are tops!

Senator Daniel Inouye of Hawaii, born September 7, 1924. This man is very meticulous and will nag his opponent on until he gets out of him what he is looking for.

Senator Sam J. Ervin, Jr., North Carolina, born September 27, 1896. One of the greatest masters of ceremonies and could be a great success in a minstrel show.

Senator Ed Gurney, born January 12, 1914. He is a very serious man and he means business.

Dear Mr. President,

Astrology tells me that you are an honest man! You have an enemy where you would least expect to find one! Please take note that there is still at least one in your immediate environment who is responsible for secret information leaking out without your knowledge. This person appears to be your friend but is not! The birth date of this person is most likely to be June 8, 1926 between 1 and 3 P.M. Also beware of any others born under the sign of Gemini and Sagittarius!

On a separate enclosure you will find a list of birth dates of persons who most probably have caused trouble to you. Please note that the mentioned dates do not relate well with the astrological factors of your chart.

The dates mentioned in this letter are the results of my own personal investigation.

As an astrologer and a member of the Pittsburgh Astrology Association, I am presently working on an Astrological Study at California State College, California, Pennsylvania.

After the Watergate incident became prominent in the news, I decided to use astrological analysis to investigate

the situation. I studied your astrological chart which was published in the Horoscope magazine (July 1972). May I repeat — astrology tells me that you are an honest man. Regardless of what you knew or did not know concerning what was going on is insignificant. I believe your concern was for the best interest of our country and our government.

This astrological information has been kept very confidential and not even my husband knows that I have written to you. I am also thinking about my safety and security.

I would like to stress the point that I have had no previous knowledge of the birth dates of those who have been publicly involved in the Watergate affair.

I hope this letter can be of some assistance. I will continue with my research on Watergate and hope to be able to provide additional information.

I am also enclosing a list of references.

Sincerely,

Veronica Kissell

Dear Mr. President:

Please excuse informality -- am on campus today.

Congratulations! Your news conference was great!

Glad you socked it to 'em!

If they were astrologers they'd know that no matter what -- you'll win! Please ignore their pettiness!

Astrological bits and pieces.

(1) You have a friend (approximately February 1, 1930) who cannot befriend you publically because of his job!

(2) This February 1st friend works with or somehow is associated with an October 28th or 29th, who is definitely not your friend.

(3) Another October 28th or 29th is in your chart -- friend or relative -- who is close with November 8th. October 28th again, not your friend, November 8th somewhat (at least on surface).

(4) Continue to observe:

May 25, 1923-24	{	Regardless of their good work, they are not your friends
June 8, 1926		
December 10, 1910-11		

(5) Someday I'll send a list of all the wonderful and good friends. How about some more clues when you next address the nation? (Thanksgiving Day would be nice). What about autumn leaves or ecology?

If you happen to know an astrologer -- I am May 10, 1928
(Taurus) - 8:05 AM (Leo rising) - Latrobe, Pa. (Capricorn moon).

Sorry, no time to re-rite. It is A.M. Somehow I

Would love to meet Rosemary Woods.

Audio-visual apostolate

Motorists on their way to the Normandy beaches or on a pilgrimage to the Little Flower's shrine of Lisieux have to slow down as they drive through the village of l'Hotellerie. Its narrow main street still reminds one of the middle ages, when Saint Louis's mother, Queen Blanch of Castille had stayed at the village guest house. Hotellerie means "guest house" in French, and the historic road-side hotel has given its name to the entire village. Today, the old house is still there, but it displays a new sign, or rather five symbolic initials, C. I. D. A. L.

The initials stand for the name of an organization which translated into English, spell out the words: International Center of the Audio-Visual documentation of Lisieux.

Ernest Milcent, correspondent of the Paris magazine, Informations Catholiques Internationales, has recently gone to l'Hotellerie, to interview the founder of the Center, Father Pichard. He is a Dominican priest who has worked many years in Paris

on radio and television programs. He was the first to present Pope Pius XII giving a televised address.

BUT THE PARIS STUDIOS were expensive and religious telecasts not too much in demand, so Father Pichard left the capital and settled in the little village with the famous old guest house. He gave up radio and television and concentrated on a different technique: audio-visual religious education.

Father Pichard believes that children should be taught their catechism and learn to participate in the liturgy with the help of the most modern methods instead of old Sunday-school routines. These new methods are quite simple and not costly.

The audio-visual apostolate is not reserved for children. Adults can also enjoy the renewal of religious life. With the permission of the Bishop of Lisieux, the parish church of l'Hotellerie, which is in his jurisdiction, offers projections on a special screen, which replaces conventional pictures and statues long out of date.

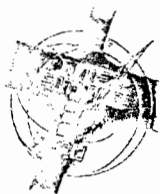

BUT THE MAIN FEATURE of the C. I. D. A. L. experiment is the "cate-club", a catechetical laboratory in which children not only learn from slides and tapes, but produce them, on the "do it yourself" principle.

They learn to retell on tape the Bible story they have just read and to design colored slides to illustrate it. They also make pictures to accompany hymns and sung responses. And they are given instamatic cameras to photograph religious works of art when visiting museums or ancient churches.

For the past nine years, the Latrobe Sicuani Mission Committee has sponsored a variety of fund raising campaigns to benefit our Sister Diocese in Sicuani, Peru. These projects have been carried out with the approval of the Mission Office of the Diocese of Greensburg. The project this year will be "An Age of Aquarius Dance" to be held Saturday evening, November 24, 1973, from 9 until 1, at Harty's Night Club, Rt.#30, east of Greensburg. Music will be furnished by the "Squires" of McKeesport, Pa.

Dear Miss Woods,

Please pardon my error in not addressing you by the correct name. The newspaper in West Palm Beach gave me the wrong information, and it wasn't until today that in reading the article in Time about you I realized I had goofed again.

We are of the same vintage because I just celebrated my 56th birthday on November 11th. I once had a secretary named Rosemary and she was the best I ever had. President Nixon is very fortunate to have a fine lady of your caliber as the "5th member of the family."

I hope you read the horoscope analysis I made for the President, because it explains some of the enigmatic characteristics of a Capricorn, and the President is certainly an extraordinary one. Prior to sending this astrological analysis to you I checked with Carl Payne Tobey, one of the country's leading astrologers who is now retired in Tucson, Arizona, and he confirmed my findings that the President is in a bad period for the next two years with the planets Saturn, Uranus and Pluto being in adverse position to his chart.

I again caution you about the January 3, 1974 date which falls at a time when the President is in his low 7th period yearly cycle, the Moon is at 27⁰ Aires which is a trouble position to his Capricorn Sun Sign and his physical, emotional and intellectual cycle lines are intersecting on the critical line in his Biorhythm Chart.

Please call Jeane Dixon and have her get her vibrations for this day because she is a true psychic. If she is not listed in the phone book you can get her "Children to Children," the organization she is founding. I cast a horoscope a few years ago for Jeane, and read her palm which is like one from a thousand years ago with its parchment-like appearance and multitude of lines.

In the meantime I am having Ben Ov Bibb who is founder of the 7th Sense System to contact Helen Stalls, one of the country's leading psychics who is now retired, and get her impressions. Both live in Palm Beach Country.

Sorry to alarm you about this, but the psychics tried to warn President Kennedy on that fateful day and proper precautions were not taken.

Please call me collect at 305-967-4743 if there are any questions.

Sincerely yours,

Ed Harris /s/

P.S. Enclosed are data sheets about me to show that I'm for real.

After finishing this letter to you and relaxing in my easy chair it came upon me to check my mathematical figures on the Biorhythm Chart. An error of one day was found on the physical so the intersection takes place on the end of the day of the 3rd and close to the 4th. The emotional intersects at the beginning of the 3rd, and the intellectual on the 4th. Therefore both the 3rd and the 4th should be watched carefully.

Another fascinating discovery I made is that the President and I have the same base for our physical and intellectual cycles. We both have 9 for the physical and 31 for the intellectual. 9 is his lucky number, and it is one of mine. 4 is the number of his last name and also the combination of his intellectual number $31=3+1=4$.

This number 4 is prominent in my chart. Where we differ is on the emotional -- he is 13 (again $1+3=4$), I am 23 ($2+3+5$ -- my lucky number).

The odds on this are a million to one.

BIOGRAPHICAL SKETCH

Edward Beard Harris was born November 11, 1917 in Nashville, Tennessee. He graduated from Vanderbilt University where he excelled in public speaking, and became associated after his graduation with his family's wholesale hardware and appliance business. In World War II he volunteered as a Private and rose to the rank of First Lieutenant. While in England he organized a group of entertainers, in which he served as master of ceremonies, who performed at the various military bases. After the war he was a representative for a surgical supply manufacturer for seven years in Ohio and Michigan. In 1954 he joined the Safety Clothing and Equipment Company of Cleveland, Ohio where he became President until his retirement in the fall of 1969. He was a former President of the Cleveland Rotary Club, on the Board of Directors of the Industrial Safety Equipment Association and a charter member of the Ohio Commodore Organization.

Since his retirement he has been pursuing his hobby of the occult sciences which has interested him since his early youth. He has taken courses under one of the country's outstanding astrologers, and has read and studied numerous books on astrology, palmistry, numerology and biorhythm which gives him a substantial background in these fields.

He and his wife Janet now have their home at Atlantis, Florida and they have a daughter Helen who graduated with a degree in Elementary Education from Skidmore College.

Mr. Harris is a forceful speaker with a dynamic presentation, softened by a good sense of humor and the ability to entertain any type of audience.

If you need an interesting speaker on the intriguing and fascinating subjects of astrology, palmistry, numerology and the amazing theory of biorhythm, please let me introduce myself.

I am Edward Beard Harris of Atlantis, Florida and I give either a thirty minute or hour talk titled, "Astrology, Palmistry, Numerology – How They Affect Your Life". The thirty minute talk tells how the occult sciences are related to each other and their application to each individual plus some very unusual and startling facts which will be both informative and entertaining. The hour talk goes into detail on the twelve signs of the zodiac, a horoscope reading of someone chosen from the audience along with an explanation of the extraordinary biorhythmic cycle system which tells you of your "good" and "bad" days.

My only fee, except for normal travel expenses, is the opportunity during the talk to say a few words about Gulfstream Goodwill Industries, an organization I am closely connected with since I am physically handicapped.

A biographical sketch is enclosed, and should you desire my services please phone or write:

Dear Mr. President,

I cannot over-emphasize the good that can be derived from an address to the nation on Thanksgiving Day!

This is a period astrologically when one of the most important planetary groupings of the whole year comes to a head and is manifest.

(Jupiter will be sextile Neptune.)

You will be seen in a new light. The nation will be receptive. May I suggest that you use this fine influence to almost miraculously alter your image which was so ruthlessly damaged?

Don't be surprised to find supporters among those who were most disapproving.

In that respect, your frustrations will be over, and lessened in other areas as well.

Your cry will be "Forward March!"

It seems as though I'm terribly informal with the President of the United States!

Beware the 19th and 20th - extreme
diplomacy is stressed. Also less haste.

The 22nd - 24th - 28th and 30th
of Nov. are very good for social
and business ventures.

In the event that you did not read my letter of 10/31/73, Mr. President, I will be listening for clues as to whether or not you are reading my letters - key words autumn leaves and ecology. My time is very valuable and therefore I must know.

P.S. Missed Miss Woods on T.V. but saw her lovely picture in the newspaper.

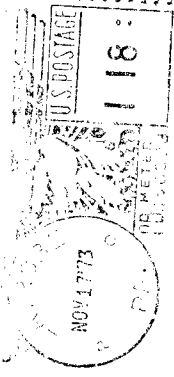

Sincerely,
Veronica Kessel

Am pleased. Exactly as envisioned.

Dear Miss Woods,

Enclosed is a revised biorhythm card for President Nixon in January. Thank God I miscalculated the physical cycle because the red physical and the blue emotional would definitely have intersected on the critical line on the 3rd. The new chart does not have this danger, but caution should be exercised in view of the close proximity and the intersection with the intellectual cycle.

Also enclosed is data on Chappagniddick and my own biorhythm card showing the intersections after my accident. Believe me this biorhythm is no hoax. I have had many people swear to its uncanny accuracy, and I know myself it has been on target most of the times.

Incidentally, because of my miscalculation the red physical line will be a day ahead of the portion it is now shown on all of the cards.

Sincerely,
Ed Harris

Biorhythm — Way to Chart Behavior

BY LILIAN BRAUN
Free Press Staff Writer

If Senator Edward M. Kennedy had known in advance that July 18 was to be a "critical" day for him, could he have averted the tragic incident that took a life, endangering his own career, and shocked the nation?

I think it would have been possible for him to know the "critical" signs if he had been aware of a new theory called Biorhythm.

My opinion is based on information gathered from George Thompson's book, "Is This Your Day?" This is a study of biorhythmic cycle published in 1962, that explains why we have ups and downs and why there are days when everything seems to go wrong.

Lilian

The theory of Biorhythm was pioneered at the end of the 19th century, when European doctors discovered a rhythmic pattern in man's physical, emotional and intellectual capabilities.

By charting these fluctuations, practitioners of Biorhythm can predict patterns of behavior and even pinpoint critical days when care should be taken.

When I heard the incredible news from Chappaquiddick, I charted Kennedy's cycles with the aid of Thompson's book and discovered that July 18—the late hours in particular—constituted a doubly critical period for the senator, during which extra caution should be exercised.

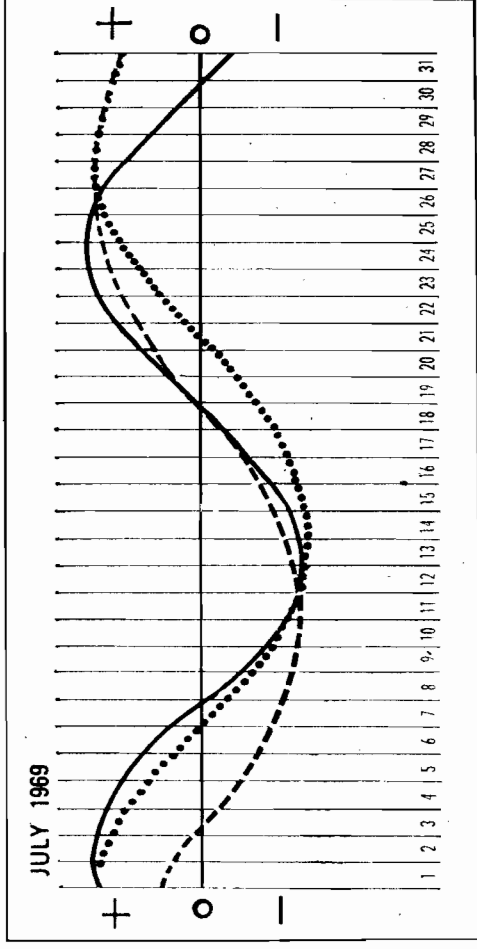

Back-checking the cycles of myself and my friends, I have found other instances where reckless action or moments of lax judgment have resulted in accident, minor or otherwise.

wise.

I tried to make coffee with-

out water and exploded the steamer trunk and locked the keys inside—a classic boner when my neighbor packed her

that could have been avoided

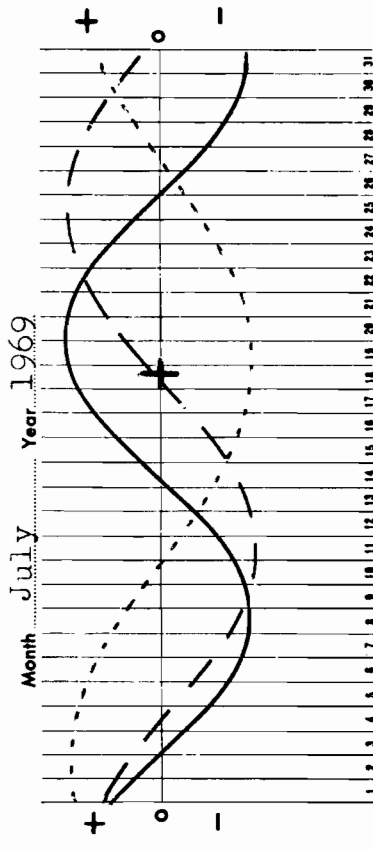

Biorhythm chart shows the late evening of July 18 as a doubly critical period for Kennedy, as two curves cross the median. Heavy line represents physical cycle; broken line, intellectual; dotted line, emotional.

Many thanks to staff writer Lilian Braun who reported on her own splendid research, and special thanks to the Detroit Free Press Editor for permitting us to reproduce this article.

We take the opportunity to also show you the Bio-Chart for Mary Jo Kopechne, based on her July 26, 1940 birth-date. The "critical" disposition in her emotional biorhythm is clearly shown for July the 18th.

In connection with this article a friend in Detroit wrote us: "Had Mary Jo been aware of biorhythm, she might have heeded the subtle warning a Bio-Chart offers."

if she had been warned.

Biorhythm is not concerned with hindsight, however. Foreknowledge of "good" days and the not-so-good can help in planning activities, increasing productivity, and reducing the chance of accident. The system is used in Europe by industry, the medical profession, accident prevention agencies and even athletic teams, according to the Swiss-born author, who has studied the phenomenon for 25 years.

Calculations are based on the date of birth. From that time forward, an individual's physical fluctuations proceed on a 23-day cycle, emotional ups and downs on a 28-day cycle, and intellectual ebb and flow on a 33-day cycle.

Six-month forecasts are made for private and corporate clients by Biorhythm Computers, Inc., 381 Park Avenue, New York City, who also supply charts and instructions for those who wish to compute their own cycles.

BIORHYTHM CYCLGRAF®

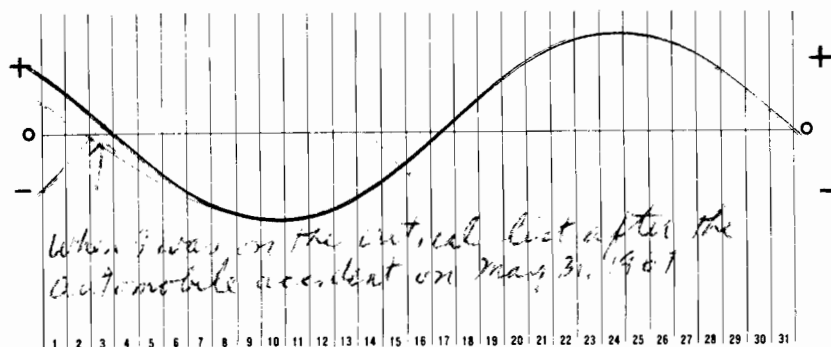

for Month JUNE Year 1967 Name: EDWARD HARRIS Date of birth: _____

How to interpret your biorhythmic cycles.

RED curve represents the 23 day cycle of physical strength, endurance, energy, resistance, confidence.

BLUE curve shows the 28 day cycle governing sensibility, nerves, feelings, intuition, cheerfulness, moodiness, creative ability.

GREEN curve is for the 33 day cycle of intelligence, memory, mental alertness, logic, reasoning power, reaction, ambition.

- + The period above the horizontal o-line shows the days of full vitality and efficiency, and when we are at our best and can endure the most.
- The period below the horizontal o-line shows the days of reduced efficiency, when our system recuperates and when we are not as sharp and keen, and tire more easily.
- During mixed-curve periods i.e., when the RED curve is high and the BLUE or the GREEN curve is down, we can do great things physically but must watch our sensibility or mental alertness.
- The reverse position of these cycles would indicate soundness in our sensibility or mental alertness, but physically we become tired more easily.
- o Critical days in biorhythm are those when the RED or the BLUE curve passes through the horizontal o-line; either on the way up or down. On such a day, our substance or cells seem to be in a state of "flux" or at a switch-point during which, according to statistics we are from 7 to 8 times more accident prone.
- o + o If a "critical day" curve co-incides with a complete low, or with a critical day of another cycle, our biorhythmic condition should warn us to be extra cautious.

yearly cycle which is the 7th period, from November 17th till your birthday on January 9th be wary of what you say and do. It is best not to make any major decisions at this time because they could go awry. Put these decisions off until the 1st period from January 9th to March 2nd when those things you desire can be asked for and approved.

The 7th period is one in which if things are going to happen to you they will. It is a period of breakdown and caution must be exercised. Vice President Agnew in the 52 day period prior to his birthday on November 9th bit the dust. When I gave my parody on November 4th it was in my 7th period, a week before my birthday on November 11th.

Also the Moon was in Aquarius which was in a square (trouble) position to my Sun sign of Scorpio and should have warned me of trouble, but I didn't check the chart

During your critical period Mars, the planet of action, will be in Aries and in a square (trouble) position to your Sun sign of Capricorn. This aspect holds true to December 24th. At the same time Saturn, the planet of law and order, will be in Cancer which is in opposition to your Sun, Jupiter and Mercury signs. Unfortunately for you, Saturn will remain in Cancer until September of 1975 which indicates you will meet with a lot of opposition on whatever you do during this period

Uranus, the planet of change, and Pluto, the planet of upheaval, are in Libra which is Square (trouble) to your Capricorn Sun sign. These aspects are already apparent with the trouble you are having, and unfortunately will continue to be in the same position for several years as they are slow moving planets.

The Capricorn person is a very serious one who believes in law and order and organization. These people work and fight hard for what they get and seek to attain the highest peaks. Unfortunately, they reach these peaks and are knocked down. They suffer many disappointments and know the agony of defeat. Witness Woodrow Wilson with the League of Nations, and

your defeat in the California elections. Capricorns are endowed with tremendous ability, ambition and leadership qualities, and will sacrifice themselves for a just cause. Saturn, the ruling planet of Capricorn, deals with the serious side of life. It is the planet of legality and can lead to brooding if things don't go right.

You have the Sun, Jupiter, planet of wisdom, Mars, Uranus and Mercury either in Capricorn or on the cusp (border) between the touching signs of Sagittarius and Aquarius. Let me say that when this condition exists a person will many times have the characteristics of the touching signs. That is one reason why you are optimistic about our country. Optimism is a strong

Characteristic of Sagittarian people, for instance Winston Churchill born November 30.

With your Uranus and Moon in Aquarius you are a man who will go along with change and reach out for the betterment of mankind.

Aquarian people have been the most brilliant in history, take for instance, Edison, Darwin and Lincoln.

Practically all of your signs are earth signs which are the practical, legalistic and organizational ones. You fight hard for what you get and never give up. It is interesting that Cassius Clay, Joe Frazier, Floyd Patterson and Jess Willard were all fighters and born under the sign of Capricorn.

When your chart is compared with the natal chart of the United States it presents some very interesting aspects. Your Sun, Jupiter, planet of wisdom, Mars, and Mercury, planet of speaking and writing in Capricorn are in opposition (180°) to the U.S.A's Sun, Jupiter, Mercury and Venus, planet of love in Cancer. Now this has two meanings, ordinarily it indicates conflict but also it reflects strength gained thereby. It is interesting that President Lincoln had his Sun in Aquarius which was square (trouble) to the U.S.A's Sun in Cancer, and his Moon in Capricorn in opposition to the U.S.A's sun.

You and President Lincoln had your sun and moon signs

reversed. You have your Sun sign at 18° Capricorn, his was at 23° Aquarius. Your Moon is at 11° Aquarius, his moon at 24° Capricorn.

Another trouble aspect is nearly a complete square (90°) of your Pluto, planet of upheaval and the unknown, with the U.S.A's Pluto. Your Pluto is at 28° Gemini, the U.S.A's at 27° Virgo.

The good aspects are that your Moon (personality) is in conjunction with the U.S.A's Moon. Your Neptune, planet of the psychic, and Uranus, planet of change, are in excellent position to the U.S.A's Neptune and Uranus.

In Numerology your name of Richard Milhous Nixon equals The

This number 9 is also in your birth date as well as in your astrological Sun degree ($18^{\circ} - 1 + 8 = 9$), and appears 5 times in your name. Nine is a number of action and dedication which you certainly exemplify. Incidentally, Billy Graham has the number 9 in his name and birth date, the only man or woman of significance who has this unusual double quality.

Seven is another number that appears in your name and birth date. This is the number of perfection and withdrawal, and is considered to be the mystical and magical

In retrospect when you ran for the Presidency in 1968 practically all of the planets were in a favorable position for you. These good aspects carried throughout your first administration, but in late 1972 two of the most important planets, Jupiter, the planet of wisdom, and Saturn, the planet of legality and organization, moved into opposition positions relative to your chart, and Saturn which is causing you the most trouble ~~still~~ remain in opposition until September 1975.

RED curve represents the 23 day cycle of physical strength, endurance, energy, resistance, confidence.

BLUE curve shows the 28 day cycle governing sensibility, nerves, feelings, intuition, cheerfulness, moodiness, creative ability.

GREEN curve is for the 33 day cycle of intelligence, memory, mental alertness, logic, reasoning power, reaction, ambition.

- + The period above the horizontal o-line shows the days of full vitality and efficiency, and when we are at our best and can endure the most.
- The period below the horizontal o-line shows the days of reduced efficiency, when our system recuperates and when we are not as sharp and keen, and tire more easily.
- During mixed-curve periods i.e., when the RED curve is high and the BLUE or the GREEN curve is down, we can do great things physically but must watch our sensibility or mental alertness. The reverse position of these cycles would indicate soundness in our sensibility or mental alertness, but physically we become tired more easily.

On such a day, our substance or cells seem to be in a state of "flux" or at a switch-point during which, according to statistics we are from 7 to 8 times more accident prone.

Dear Mrs. Woods,

Enclosed is a letter I have written to the President wherein I apologize for an ill conceived parody on the 23rd Psalm, that I dedicated to him as master of ceremonies at a social gathering at the Atlantis Golf Club. The repercussions were certainly justified, and as a result I sent a letter of apology to our Board of Directors which was posted on the bulletin board.

I am a retired business man from Cleveland, Ohio, and an active Republican who was chairman for President Nixon's re-election at Atlantis. It is a sad thing that one's perspective gets out of focus but mine did mainly from reading Time Magazine and listening to the news media.

The six most important words in the English language are, "I admit I made

a mistake." This I do, and ask that you convey my letter to the President along with my Astrological, numerological and cyclical charts which should be of interest to him.

For your kindness please me your birth-date with time of birth which is on your birth certificate, and I will work up a chart for you.

Sincerely yours,
Edward B Harris

P. S. On the Biorhythm Charts for the President I am concerned about Thursday, January 3rd Danger signals appear in his chart and he should be forewarned.

Dear President Nixon,

I want to apologize for a parody on the 23rd Psalm which I dedicated to you as master of ceremonies at an Atlantis Golf Club Social gathering.

In my many years of public speaking I have never been booed, but I certainly was for this rendition and justly so. Afterwards I was reprimanded for using a beautiful psalm to express a scathing diatribe. When I realized how offensive I had been to many people I wrote a letter of apology to our Board of Directors expressing my sincere regrets, and saying it was an inexcusable blunder for a public speaker who knows that religion and politics should never be discussed in a mixed group to have used such

inappropriate material.

Why does a thing like this happen? Let me say that I have been an ardent admirer of yours for many years, and served as Republican Chairman for your re-election at the City of Atlantis which is located near West Palm Beach, Florida. During the past few months I, along with millions of others who were your supporters, have had doubts created in my mind. Time Magazine and the news media certainly influenced me to feel the way I did. But your forthright statement on TV and your recent decision to allow the public to know what was on the controversial tapes leads me to believe you will be proven innocent of all charges.

Several years ago I used a piece of material in a business talk which is certainly apropos to-day. I quote:

The six most important words in the English language are, "I admit I made a mistake."

The five most important words are, "You did a good job."

The four most important words are, "What is your opinion?"

The three most important words are, "If you please."

The two most important words are, "Thank you."

The one most important word is, "I've"

The least important word is, "I."

I admit I made a mistake in dedicating the parody to you, I believe you are saying the same thing by clearing the air on this sordid Watergate affair.

As Roy Rogers says, "May the good Lord always take a liking to you," and may you be restored to the confidence of those who gave you such an overwhelming victory in 1972.

Sincerely yours,

Edward B Harris

P. S. The study of the occult sciences is one of my hobbies. Enclosed is an astrological, numerological and cyclical chart on your birth-date which I think will be of interest to you.

PSALM TO PRESIDENT NIXON

Parody on 23rd Psalm

(The Lord is my shepherd; I shall not want)
Nixon is not my shepherd, and I do want!

(He maketh me to lie down in green pastures)
He maketh me to lie down in a state of confusion

(He leadeth me beside the still waters)
He leadeth me beside the muddy waters

(He restoreth my soul)
He inciteth my indignation

(He leadeth me in the paths of righteousness)for his name's sake)
He leadeth me in the paths of deception for his ego's sake

(Yea, though I walk through the valley of the shadow of death)
Yea, though I walk through the valley of the shadow of doubt

(I will fear no evil)
I do fear evil

(For thou art with me)
For no one is with me

(Thy rod and thy staff they comfort me)
Haldeman and Shellickman do not comfort me

(Thou preparest a table before me in the presence of mine enemies)
Thou preparest a press conference in the presence of the news media

(Thou anointest my head with oil)
My head is anointed with gall, not oil

(My cup runneth over)
My gasoline runneth out, not over

(Surely goodness and mercy shall follow me all the days of my life)
Surely the Watergate, San Clemente and Archibald Cox will follow you
all the days of your life

(And I will dwell in the house of the Lord forever)
And you will dwell in the house of Nbozo forever. Amen
