Mr. William F. Sittman  
Special Assistant to the President  
The White House  
Washington, DC 20500

Dear Mr. Sittman:

Thank you for responding on behalf of Mr. Deaver, with respect to my interest in serving as the Personal Photographer to President Reagan during the President's second term.

I look forward to the opportunity of an interview there in Washington. However, I am equally available to informally meet with either Mr. Deaver or yourself during one of the President's visits to California, should you have a few moments. Santa Barbara was my home for three years, and its close proximity is certainly convenient.

With the upcoming convention and election you no doubt have much to occupy your energies. But I do appreciate your and Mr. Deaver's offer to consider my request, and I remain confident that such an appointment would reflect well upon the President.

Sincerely,

Larry L. Logan

Mr. Charles Rochner  
c/o Senator Richard Lugar  
306 Hart Building  
Washington, DC 20510

Dear Mr. Rochner:

My apologies for the delay in not following up sooner, with regards to my quest as Personal Photographer to the President. I have used the time to work with Morgan Mason, formerly with the President, on strategy and my resume.

It is my understanding that Michael Deaver is solely responsible for the selection, pending approval of the President. I have sent him a resume and cover letter; likewise to Michael Evans.

We are down-playing my work at Playboy. I trust that in a personal meeting with Mr. Deaver I could quickly remove any doubts about my character from that relationship. (I must be the only Republican who has worked at Playboy!)

If you are amenable, I would appreciate your forwarding a copy of the resume and any comments to either Mr. Deaver or David Fisher. I'm not sure if a mention that my brother-in-law, Ron Bean, was the Presidential pilot is called for, but it probably wouldn't hurt. I am very proud of Ron's record, and only hope that I may serve to that standard.

Sincerely,

A handwritten signature in black ink, appearing to read 'Larry L. Logan', with a long horizontal flourish extending to the right.

MEMORANDUM FOR WILLIAM SITTMANN

FROM: ROBERT M. KIMMITT *Bob*

SUBJECT: Charles Wick's Request that the President Meet with Japanese Students

In response to your note saying that Mike Deaver would like our views on Charles Wick's request (Tab A), I have had the NSC staff contact State and also Gaston Sigur, who is vacationing at the beach, for their views.

State endorses the USIA request, if the President can fit it into his schedule. Gaston also feels that if the President is here and can do it, it would be a good thing, as it will get considerable attention in Japan. However, Gaston believes the President should certainly not stay in the city or change other plans to do the meeting, and that the Japanese will certainly understand if the President cannot do it, given that it is campaign time and that August is also vacation time. The plain fact is that the event draws more attention in Japan than in the U.S., and has always gotten more publicity there. The Prime Minister of Japan has met with the equivalent group of Japanese students for the past twenty years, although that has not been the custom here.

Summary

Because of the important symbolic nature of the Japan Prefecture student exchange program, we recommend reconsideration of a meeting with the President and the 47 specially-selected Japanese students.

Background

Our original June 7 recommendation that the President meet with the students was turned down on June 13 (see recommendation and turn-down, Tab A). The Japanese students, representing each of Japan's 47 Prefectures, are part of the first official bilateral exchange project with Japan under the President's International Youth Exchange Initiative. The project is a reciprocal American gesture to an exchange program for American students sponsored by the Government of Japan.

In our memo, we indicated that Prime Minister Nakasone would meet with the American students. The meeting took place on June 25 and received nationwide news coverage on Fuji and Asahi Television (See Tab C). He is also scheduled to meet on July 31 with the Japanese students coming to the United States under our program.

On June 28, we recommended that the Vice President meet with the students, but this meeting was also not possible. (see Tab B).

I would like to discuss this idea again with you because of the symbolic importance attached to these student exchanges in Japan. Given the interest of Prime Minister Nakasone and the Japanese Government generally, a Presidential meeting would be appropriate and would demonstrate equal American commitment to cultural understanding between the United States and Japan.

Dear Mr. Wick:

Your recent memorandum requesting that the President meet with participants in the Japan-U.S. Senate Scholarship Program, June 18-22, 1984 and with the participants of the Prefecture Program, August 2-3, 1984 has been referred to me by Michael Deaver.

We appreciate your bringing these outstanding groups of young people to our attention. I know that it is encouraging to watch the Japan-U.S. Senate program doing so well and exciting to be launching the Prefecture Program.

Unfortunately, I regret to write that the President's schedule for the summer is such that we are unable to arrange for meetings with these groups. However, please extend to each of these students our best wishes for enjoyable and educational experiences this summer.

**SUBJECT:**

Request for the President to Meet with  
Japanese and American High School  
Exchange Students

Under the President's International Youth Exchange Initiative, 47 Japanese high school students will be in Washington, D.C. August 2 and 3 for an orientation session prior to joining their American host families for a year-long stay in the United States. These students represent each of Japan's Prefectures, the equivalent of our states. In return, 100 American high school students will meet in Washington June 19-22 for orientation prior to their departure for Tokyo under the Japan- U.S. Senate Scholarship Program.

Both the Japanese and the American students will be received by Prime Minister Nakasone and other high level government officials in Tokyo. Since the Youth Exchange Initiative has always placed great emphasis on the reciprocal nature of exchanges, our Bureau of Educational and Cultural Affairs feels strongly that it would be an appropriate gesture for the President to meet with these two groups of students.

The Prefecture Program, fully funded by USIA, is the first official bilateral youth exchange project with Japan under the President's Initiative. During their year in the U.S., the Japanese students will live with American families and attend American high schools in various communities around the country.

The Japan-U.S. Senate Scholarship Program, fully funded by the Government of Japan, is now in its third year. The 100 young American participants are officially appointed by their Senators and spend a summer in Japan living with Japanese families.

During his visit to Japan last November, the President said in an interview for Japanese television that he would like to see an increase in student exchanges between Japan and the U.S. Both of the programs described above are making important strides in that direction. If the President can meet with only one of the two groups, our recommendation would be that he meet with the Japanese students. Please let me know if you think either of the two meetings, or both, would be helpful.

The project is a reciprocal American gesture to an exchange program for American students sponsored by the Government of Japan.

In our memo, we indicated that Prime Minister Nakasone would meet with the American students. The meeting took place on June 25 and received nationwide news coverage on Fuji and Asahi Television (See Tab C). He is also scheduled to meet on July 31 with the Japanese students coming to the United States under our program.

On June 28, we recommended that the Vice President meet with the students, but this meeting was also not possible. (see Tab B).

I would like to discuss this idea again with you because of the symbolic importance attached to these student exchanges in Japan. Given the interest of Prime Minister Nakasone and the Japanese Government generally, a Presidential meeting would be appropriate and would demonstrate equal American commitment to cultural understanding between the United States and Japan.

THE WHITE HOUSE

WASHINGTON

Dear Mr. Wick:

Your recent memorandum requesting that the President meet with participants in the Japan-U.S. Senate Scholarship Program, June 18-22, 1984 and with the participants of the Prefecture Program, August 2-3, 1984 has been referred to me by Michael Deaver.

We appreciate your bringing these outstanding groups of young people to our attention. I know that it is encouraging to watch the Japan-U.S. Senate program doing so well and exciting to be launching the Prefecture Program.

Unfortunately, I regret to write that the President's schedule for the summer is such that we are unable to arrange for meetings with these groups. However, please extend to each of these students our best wishes for enjoyable and educational experiences this summer.

With best regards,

Sincerely,

*Fred*

**MEMORANDUM FOR:**

The Honorable  
Michael R. Deaver  
Deputy Chief of Staff and  
Assistant to the President

**FROM:**

Charles S. Wick

**SUBJECT:**

Request for the President to Meet with  
Japanese and American High School  
Exchange Students

Under the President's International Youth Exchange Initiative, 47 Japanese high school students will be in Washington, D.C. August 2 and 3 for an orientation session prior to joining their American host families for a year-long stay in the United States. These students represent each of Japan's Prefectures, the equivalent of our states. In return, 100 American high school students will meet in Washington June 19-22 for orientation prior to their departure for Tokyo under the Japan- U.S. Senate Scholarship Program.

Both the Japanese and the American students will be received by Prime Minister Nakasone and other high level government officials in Tokyo. Since the Youth Exchange Initiative has always placed great emphasis on the reciprocal nature of exchanges, our Bureau of Educational and Cultural Affairs feels strongly that it would be an appropriate gesture for the President to meet with these two groups of students.

The Prefecture Program, fully funded by USIA, is the first official bilateral youth exchange project with Japan under the President's Initiative. During their year in the U.S., the Japanese students will live with American families and attend American high schools in various communities around the country.

The Japan-U.S. Senate Scholarship Program, fully funded by the Government of Japan, is now in its third year. The 100 young American participants are officially appointed by their Senators and spend a summer in Japan living with Japanese families.

During his visit to Japan last November, the President said in an interview for Japanese television that he would like to see an increase in student exchanges between Japan and the U.S. Both of the programs described above are making important strides in that direction. If the President can meet with only one of the two groups, our recommendation would be that he meet with the Japanese students. Please let me know if you think either of the two meetings, or both, would be helpful.

Dear Mr. Wick:

Thank you for your recent request for the Vice President to meet with the Japanese high school students who will be participating in the President's International Youth Exchange Initiative during their orientation session, August 2 - 4.

Unfortunately, the Vice President is scheduled to be out of the city at that time and will be unable to meet with the students. He has asked, however, that I express his appreciation for your thinking of him and extend his best wishes.

Sincerely,

MEMORANDUM FOR:

The Vice President  
The White House

FROM:

Director

SUBJECT:

Request to Meet with Japanese  
High School Exchange Students

Under the President's International Youth Exchange Initiative, 47 Japanese high school students will be in Washington, D.C. August 2, 3 and 4 for an orientation session prior to joining their American host families for a year-long stay in the United States. These students represent each of Japan's Prefectures, the equivalent of our states. They are participating in the exchange as full scholarship winners in the Japan-Prefecture Program.

The students are scheduled to be received by Prime Minister Nakasone and other high level government officials in Tokyo. Since the Youth Exchange Initiative has always placed great emphasis on the reciprocal nature of exchanges, our USIS post in Tokyo, the Bureau of Educational and Cultural Affairs and I, personally, feel strongly that it would be an appropriate gesture for you to meet with these students.

The Prefecture Program, fully funded by USIA, is the first official bilateral youth exchange project with Japan under the President's Initiative. During their year in the U.S., the students will live with American families and attend American high schools in various communities around the country. The Program was launched in response to a five-year exchange, fully funded by the Japanese government, which brings 100 outstanding U.S. high school students to Japan for a summer homestay visit.

During his visit to Japan last November, the President said in an interview for Japanese television that he would like to see an increase in student exchanges between Japan and the U.S. The Prefecture Program is making important strides in that direction. A meeting to welcome the first group of Japanese students under this exchange will provide you an excellent opportunity to demonstrate the importance the President and his Administration attach to the Initiative, will promote increased exchanges with Japan, and underscore the important cultural ties within the U.S.-Japan bilateral relationship.

I would appreciate your consideration of this request.

SUBJ: YOUTH EXCHANGE; PRIME MINISTER GREETES SENATE  
EXCHANGE STUDENTS

1. JAPAN-U.S. SENATE EXCHANGE STUDENTS ARRIVED IN  
TOKYO JUNE 24 AND HAD ONE DAY OF COURTESY CALLS AND  
BRIEFINGS JUNE 25 BEFORE JOINING HOST FAMILIES.  
HIGHLIGHT OF THEIR RECEPTION WAS WELCOME BY PRIME  
MINISTER NAKASONE AT HIS OFFICIAL RESIDENCE.  
FOLLOWING IS TEXT OF PRIME MINISTER'S WELCOMING  
REMARKS, DELIVERED IN ENGLISH:  
REMARKS, DELIVERED IN ENGLISH:

2. BEGIN TEXT: YOUNG FRIENDS, IT IS A GREAT PLEASURE  
FOR ME TO BE WITH YOU TODAY. FIRST OF ALL, ON BEHALF  
OF THE JAPANESE GOVERNMENT AND THE JAPANESE PEOPLE, I  
SHOULD LIKE TO EXTEND A MOST HEARTY WELCOME TO YOU  
ALL. MY SENSE OF WELCOME IS EVEN GREATER AS ALL MY  
CHILDREN, TWO DAUGHTERS AND A SON, HAVE HAD THE  
PRIVILEGE OF STAYING IN THE UNITED STATES AT ABOUT  
YOUR AGE; STUDYING AT AMERICAN SCHOOLS, LEARNING THE  
AMERICAN WAY OF LIFE, AND OBSERVING DEMOCRACY AT WORK.

3. YOU WILL BE IN JAPAN FOR ABOUT TWO MONTHS, STAYING  
WITH JAPANESE FAMILIES. DURING THE COURSE OF YOUR  
STAY, YOU MAY MEET LOTS OF PEOPLE FROM DIFFERENT  
WALKS OF LIFE. IN SO DOING, PLEASE OBSERVE JAPAN AS  
SHE IS, THE JAPANESE PEOPLE AS THEY ARE. THE  
AMERICAN WAY OF LIFE IS PREVAILING IN JAPAN AND YET  
YOU MAY FIND THE JAPANESE VERY DIFFERENT. (THIS IS)  
NATURALLY SO, AS OUR TWO COUNTRIES, JAPAN AND THE  
UNITED STATES, ARE DIFFERENT IN HISTORIC AND CULTURAL  
BACKGROUNDS.

4. STILL, IN MORE THAN ONE WAY, WE JAPANESE AND  
AMERICANS MAY BE ALIKE: IN THE PATHS OF ADVANCEMENT  
AND FREEDOM, IN OUR HOSPITABLE AND OPEN CHARACTER  
AND, ABOVE ALL, IN OUR EFFORTS TO UPHOLD DEMOCRACY.  
HISTORY BROUGHT ABOUT DIFFERENT CIVILIZATIONS TO  
DIFFERENT REGIONS OF THE WORLD. AND IT WAS RUDYARD  
KIPLING WHO SAID IN THE LAST CENTURY, "EAST IS EAST  
AND WEST IS WEST. THE TWAIN SHALL NEVER MEET."

5. BUT CAN THERE REALLY BE AN ABSOLUTE EAST OR WEST?  
MY DEAR FRIENDS, AFTER ALL, THIS EARTH IS ROUND.  
PEOPLE, DEEP INSIDE US WHERE WE ARE HUMAN, AREN'T WE  
ALL THE SAME? IN THIS AGE OF JET TRAVEL AND  
SATELLITE COMMUNICATION, THE PACIFIC OCEAN SEPARATING  
OUR TWO COUNTRIES IS NARROWER THAN IT WAS IN THE LAST  
CENTURY. AFTER TWO MONTHS, YOU WILL BE RETURNING TO  
EACH STATE AND COMMUNITY OF AMERICA. AND IN A FEW  
YEARS, YOU'LL BE ENTERING INTO VARIOUS SPHERES OF  
AMERICAN SOCIETY. THEN AND THERE, I PRAY THAT YOU  
EACH BECOME A BRIDGE CONNECTING JAPAN AND THE UNITED  
STATES AND MAKE THE PACIFIC OCEAN EVER  
WISHING YOU A PLEASANT STAY IN JAPAN.

5. FOLLOWING REMARKS, THE PRIME MINISTER POSED FOR  
GROUP PHOTOS AND MET STUDENTS INDIVIDUALLY, ADDING A  
WARM AND PERSONAL TOUCH TO THE EVENT.

6. THE PRIME MINISTER'S WELCOME WAS COVERED IN NOON  
NEWS BROADCASTS BY NATIONWIDE FUJI TV AND ASAHI TV.

7. THE STUDENTS ALSO VISITED MINISTRY OF EDUCATION,  
WHERE MINISTER OF EDUCATION YOSHIRO MORI MET AND  
ADDRESSED THEM, AND MINISTRY OF FOREIGN AFFAIRS FOR  
BRIEFINGS.

8. AMBASSADOR WAS NOT IN COUNTRY SO DCM GREETED AND
