Dear Mike,

after the inauguration tumult and the shouting died I was going to drop you a line just to say how great to know you were in Washington and the President was in good hands!

after the incredible and tragic events of March 30 I must let you know how grateful we are that you were not injured. When I saw your face on the TV film in slow motion, I thought, oh God - Mike's been shot! The bullets must have come very close. We are deeply shocked and saddened by the shooting of our President, Mr. Brady, Mr.Carthy and DeLoach. We pray for their speedy recovery.

May guardian angels watch over all of you at the White House. Henry and I send our best wishes for the future to you and Mrs. Beaver, and a fervent hope for better days for this country.

It's a long way from Santa Barbara County and the RSCCC, isn't it?

Thank God for your safety, and the Presidents, following yesterday's tragic events. California was never like this?

All your friends are praying, and crossing their fingers, for the momentous objectives that we all stand for in our nation. All my 3 M friends and the many friends in California wish you well. We are all impressed with the efforts that the California Presidential team is accomplishing in Washington.

As an observer of your personal nimbleness, as shown in N.B.C. coverage, when the shots were fired, I would almost believe, Mike, that you should run for office.

Mike, if I can be of any political, or personal help to you--with no strings attached, or selfish motive, please call on me. I always remember good piano players.

Best personal regards to you and your wife..

Dear Mike :

Altho we really never knew each other all that well at $\Delta E \phi$, I have noted with some interest your activities through the media throughout the years from the glass door incident in Mexico to the tragic events of the past several days.

I would like you to know how truly pleased I was to find out that you were not injured in the shooting and felt very strongly that I wanted to express this thought to you.

This next thought may really seem strange and quite unbelievable, but I was aware that you were in some personal danger but hesitated to contact you for all of the obvious reasons. In the last two years I have become aware of a psychic gift and, as result, have been giving psychic readings (and seemingly quite accurate ones too!) It is not important to me that you believe this, or even believe in psychic readings in general, but I wanted you to know that your role in the government is so important that it was no mistake that you personally avoided any personal danger.

Now... I have hesitated to write this because I know how "kooky" this whole concept can sound (and how it can be misunderstood) but

I felt you would understand and maybe appreciate knowing that someone "out there" is supportive of your efforts.

Additionally, I feel that someone will try to undermine your authority in June and that you might be alert to this. Also, you might experience a discomfort in your lower left side but I don't see a long range problem.

I trust you will not misunderstand my intentions in writing you this note and hope that you don't think that I have flipped out and label me as a "weirdo", but as one who "browned out" with you back in the good old days, I wanted you to know that I truly cared.

Dear Mike:

My heart was in my mouth as I watched you successfully ducking away from the assassin's bullets in a film clip run innumerable times on our local TV.

Surely the Lord was with you, and with The President and those that survived those awful moments, but you were specially favored.

May your luck and faith continue steadfast in your important office, without such hazards!

Cordially

HUGH S. KOFORD

Dear Ernie:

Thank you sincerely for your good note.

We're all very grateful to have been spared what initially looked like certain tragedy, and I'm particularly thankful that I had the good sense to duck when I did.

The President and Jim Brady and the others are doing very well, and business is returning to normal.

Again, many thanks for your thoughtfulness.

Sincerely,

MICHAEL K. DEAVER
