Dear Mr. Deaver:

Hi! My name is Jane Vuturo and I am a Senior at Salpointe Catholic High School in Tucson, Arizona. Recently, our class studied the Judicial, Legislative, and Executive Branches of our Federal government in some depth. However, I did not fully understand your role in the complex system. Therefore, I would appreciate any literature you could send me regarding your job and anything you would like to include about yourself. I would also appreciate an autographed picture. I understand you are a busy man so I will therefore cut this short.

Thanks again for your time.

God Bless-

Dear Mrs. Deaver

I would like to extend you my sincere congratulations on being elected to one of the highest offices of our United States. If possible would you please send me an 8"x10" autographed picture of yourself and your family, also a brief biography, and a filing card with your State Seal and your autograph on it. Also an 8"x10" picture of the seal of your office.

The above request is my desire to add you to my collection of autograph pictures and biographies of prominent people.

This is a hobby I started November of 1972. On March 26, 1972, I had a spinal operation and was unable to work for a year and two weeks. During the recuperation period I became very bored and depressed. I thought, I had better do something to get out of the rut. Writing to well known people seemed interesting and also proved good therapy. This is how my hobby and collection got started. I find it fascinating and take great pride in showing my collection, called "My Library of History." I only wish I had started sooner.

"My Library of History" first started with pictures of United States Presidents. To date my collection includes all Presidents and their families from President and Mrs. Carter back to President and Mrs. Coolidge. Many other prominent figures have contributed to my hobby such as Vice President Mondale and other former Vice Presidents and wives. Of the 435 members of Congress most have sent me autographed pictures, biographies and many interesting letters. Included are some Senators and Governors. I hope to have them all soon.

Others that have responded to my request are: The Pope, our Bishop, Billy Graham and other religious leaders, five Generals and many officers from World War II.

I recently started a picture history of airplanes and spacecraft. One of my most prized possessions is a beautiful picture of Capt. Eddie Rickenbacker standing beside his 1918 Spad, also his autograph and memorian prayer card. I have pitures of the 32 picked Astronauts, pictures of Blast Off, In Space, On the Moon and Sky Lab I,II,III, Apallo-Sayuz, later pictures of Mars, etc, 3150 Shuttle.

Included in "My Library" I also have autographed pictures of famous actors, actresses and have started a collection of Indians, sports, campaign aricles, small cloth state flags and stamps from all over the world and the United States.

I plan some day to pass this collection on to my son and then his son. (With the help of God)

I sincerely hope you will contribute to my hobby and enlarge my collection. I would be very grateful and honored to be able to include you in "My Library Of History".

Thank you.

Respectfully yours,

b6

P.S. Good health and happiness to you and yours.

Mr. Deaver

SUBJECT: Request for Autographed Photo

TO: Michael Deaver  
Deputy White House Chief of Staff  
The White House  
Washington, D.C.

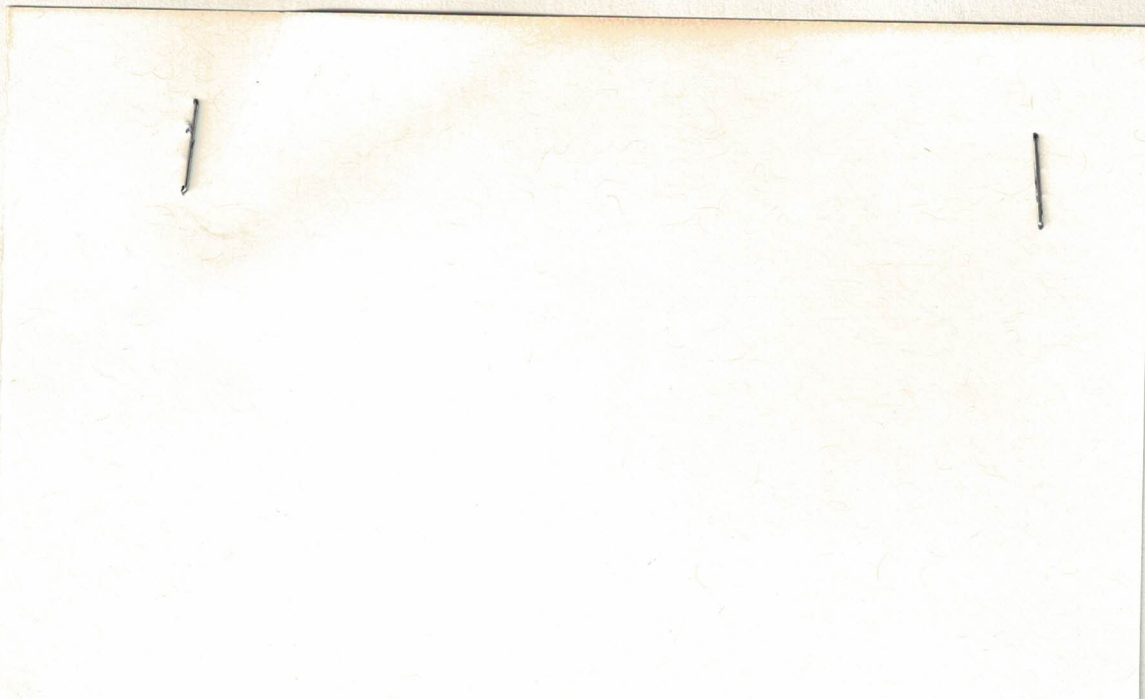

Sir:

I enjoy collecting actual autographs of individuals who have made or who continue to make significant contributions to world society. Your accomplishments place you squarely in this category. Therefore, I would like to request your autographed photo for inclusion into my modest collection. If an autographed photo is not possible, please sign the enclosed card.

Please accept my apology for any inconvenience and I thank you for your time.

Sincerely,

Donald R Falls

John E. McInerney

January 28, 1985

Dear Mr. Deaver:

For the past several administrations I have sought and received the autographs of the most notable and influential members of the White House staff.

If it is possible, I would like to have one of your official cards personally autographed (not by autopen) by you for my collection.

Often in past administrations the secretaries frequently either stamped or autopenned the signatures to the cards. I hope that your secretary will not do that.

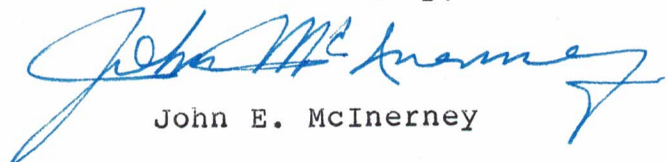

I am the past President of the Manuscript Society for the Greater Washington Area. I have built up over the period of over twenty years a nice collection of documents, letters, personally signed photos, and just autographs of 20 of the 40 Presidents of the United States, and 23 of the Vice Presidents. The major problem I and others have is that it has been next to impossible to get authentically signed material from the modern Presidents from Kennedy on. Only one member I know of in the Manuscript Society was able to get the Presidents from Kennedy to Reagan to personally sign. He had an album in which one page contained the signatures of Abraham Lincoln (with Andrew Johnson signing the reverse as Vice President), then Theodore Roosevelt and every President since then. So, if I ever have the rare opportunity and good luck to meet the President, I plan to ask him to sign his photograph or his inaugural speech, which I will have with me.

I wish you well during the second term. I am sure that you have many goals you wish to see accomplished in your area of responsibility. I wish you well.

Thank you very much for your time and for your autograph. I appreciate it.

With best wishes, I remain

Yours sincerely,

John E. McInerney
