MEMORANDUM FOR: Mr. John Herrington  
Office of Presidential Personnel  
The White House

You will recall that at our last meeting with Mike Deaver we decided that Mrs. Keogh should be offered appropriate employment. Upon checking back with the Department, I found that the Foreign Service has traditionally made a special effort to employ the widows of officers killed on duty. Accordingly, the Director General has been in touch with Mrs. Keogh, who would like to join the Foreign Service in a few months once she sorts out her affairs.

Honorable Michael K. Deaver  
Deputy Chief of Staff and  
Assistant to the President  
The White House  
Washington, D.C. 20500

Dear Mike:

I would like to take this opportunity to offer my strong support for the appointment of Jackson F. Lee as a Commissioner for the Federal Communications Commission.

I have known Jack for many years and sincerely believe that he is the most-qualified person for the job soon to be vacated by Anne Jones. You need not look any further!

As you are aware, Jack is currently serving as the Director of Legislative Affairs at the FCC and has served in that capacity since June 1981. Prior to that appointment he served in many noteworthy capacities.

His professional endeavors include service as the Mayor of the City of Fayetteville, North Carolina; the President of the Fayetteville Chamber of Commerce; the President of the North Carolina Association of Broadcasters; and membership on the Fayetteville State University Board of Trustees.

Furthermore, he has extensive experience in radio broadcasting, working in the field for almost 40 years, and has a keen sense of the issues confronting the FCC due to his present activities within the Agency.

I have worked very closely with Jack for many years and want to once again, express my strong support of his nomination. I hope that you, too, can offer your support in this effort.

I will be happy to discuss this with you in more detail if you feel that it would be helpful.

With best regards,

Dear Mike,

Just a short note to thank you for your recent assistance.

In December 1982, I applied for the 1983-84 White House Fellows Program. I was selected as a regional finalist and participated in the Eastern Regional interviews, chaired by Mrs. Kathryn Wriston, in New York City on March 11th. Unfortunately, I was not selected by the regional panel to go on to the national interviews.

I have just received copies of the letters of recommendation submitted on my behalf and the evaluations of my application. Additionally, a copy of your memorandum to Jim Roberts, dated December 9th, was also provided.

Since I had sent a copy of my application to Shirley and Pat in December to read--not wanting to disturb you, I was surprised to see your memorandum. Nonetheless, I want to express my deepest gratitude for your thoughtfulness and kind words in support of my endeavor.

As to my future, I will be completing my Visiting Fellowship at CSIS on June 24th and returning to Headquarters, Marine Corps where, most likely, I will be working for the next few years on joint strategy and planning issues within the Plans Division.

Again, thank you, Mike, for your support and friendship. If I can be of any help to Carolyn and you in the future, please don't hesitate to ask.

Best wishes for continued success.

With warmest regards,

Edward G. Lewis

Dear Jack:

The position of Assistant Administrator, Information Resources Management at the General Services Administration is presently held by a Democrat appointee held over from the Carter Administration. The position is SES.

The responsibilities of this job are to assure the proper and efficient acquisition of data processing equipment and telecommunications services and to interpret and establish policies related to the acquisition and implementation of those products and services.

As of the first of January, 1983, I will be leaving Honeywell after 25 years in the data processing industry. While these years have been professionally rewarding and have given me broad experience in the field, both domestically and internationally, I am looking forward to moving on to a second career.

I believe I have an outstanding set of capabilities and the experience to carry out the Assistant Administrator's responsibilities. In addition to the background and accomplishments outlined in the attached resume, I have been a strong and loyal Republican all of my life. I continue to be a sustaining member of the Republican party and have raised funds for two presidential campaigns. Further, I have worked for the candidacy and election of several members of Congress including Don Rumsfeld, Ed Brooke and Bob Griffin.

While the appointment to this position will mean a considerable decrease in income, I would enjoy the challenge and the opportunity to serve and appreciate very much your consideration of this request.

I look forward to further discussions with you and David Pruitt.

Best regards

M. A. Longworth, Jr.

Dear Ms. Von Damm:

An individual who has been a strong supporter of the Republican Party and of several candidates, including myself, is well qualified for the position of Assistant Administrator, Information Resources Management at the General Services Administration. As you know, this position is presently held by an appointee of the Carter administration and I believe that it would be timely to now take the opportunity to appoint a capable Republican to this position.

Mr. Longsworth's letter to me and his accompanying resume demonstrates that he is highly experienced in the data processing and telecommunications field.

I would appreciate very much your giving him every consideration and letting me know of your progress as you pursue this request.

Sincerely yours,

Jack Edwards  
Member of Congress
