Miss Marguerite Lehand,
The White House,
Washington, D. C.

Dear Miss Lehand:

Enclosed is your place card as originally prepared for use at the Georgia Hall presentation dinner.

On account of a number of late necessary changes in personnel it was found impracticable to carry out the original plan.

I felt you would like to have this as a souvenir both of the dinner and the campaign.

Sincerely,

ML MD

PPF

File

December 13, 1933.

Dear Mr. Callaway:

I think it was terribly nice of you to send me the place card. I am delighted to have it. That was such a pleasant dinner and such a happy occasion! Also, let me tell you how much I appreciated the corsage which you were thoughtful enough to bring for me.

It was a great pleasure to have the opportunity to meet Mrs. Callaway, and I so enjoyed the luncheon at your house.

Do let us know if you are to be in Washington. My best wishes to you and Mrs. Callaway and the children for the Holiday Season. I hope the cruise is a great success.

Very sincerely yours,

M. A. LE HAND

January 29, 1935.

TO THE BOARD OF DIRECTORS OF CALLAWAY MILLS:

I am in receipt of the audit made by Richardson, Jackson & Company, covering operations of Callaway Mills for the last quarter, October, November and December, 1934. This audit had not been completed at the time of our last Board meeting. These figures show that our Company sustained a manufacturing loss for the last quarter of \$107,919.07.

Since the present market price of our goods is lower than our cost of producing these goods, which forecasts a continuation of this loss for 1935, I feel that I would be remiss if I did not bring this to your attention.

The difficulty at this time is unusual. It is not the lack of demand for goods, since we could sell under present conditions enough goods to run substantially full time. The trouble is that we cannot sell our goods for as much money as it costs us to manufacture them.

This situation is not occasioned by the reduction of hours of labor to 40 per week, since this applies equally to all cotton textile plants, nor is it occasioned by the \$12.00 per week minimum wage, as this equally applies to other manufacturers, nor is it occasioned by the provision of the Code that no employee shall receive less for 40 hours work than for the longer work-week prevailing at the time of the application of the Code, since this also applies equally to other manufacturers, but is occasioned by our company having put in at the time the Code became effective, raises in pay which were in excess of those required by the Code.

Last Spring, realizing our inability to compete, due to the foregoing, and in an endeavor to correct our situation without lowering wages, we employed outside engineers to study the work-load of the various jobs, hoping that by a scientific assignment of work we could overcome our competitive disadvantage. While the majority of the studies have been completed, the purpose has not been accomplished, as application of these scientific work assignments is held up pending the findings of the Textile Work Assignment Board.

#2

The loss shown in the foregoing, which is at the rate of over \$400,000.00 a year can be overcome, as far as I can think of, only in one of the following ways:

1 - For the market price to be increased due to great business activity to the point where our higher wage scale alone would not be insurmountable.

2 - To reduce wages to a point where they are only equal to those required by the provisions of the Textile Code.

3 - By the application of scientific work assignments.

4 - By shutting down the mills now operating, using our finished stock as far as it will apply on orders and buy any balance due on orders in the open market. Most of such goods can be bought more cheaply than we can make them. Then invest in stocks and bonds the money which the Company now has tied up in operating cash, cotton, goods on hand and accounts receivable. The income from such investments should be more than sufficient to pay for insurance, taxes and upkeep on the entire properties, providing a remainder for dividend purposes.

Since this situation, unless corrected, will lead to the gradual drying-up of the Company, I trust that each of you will give me the benefit of any thoughts that occur to you on the subject, without waiting for the next meeting of the Board.

Respectfully submitted,

Cassius Fallaway
President

Miss Marguerite LeHand,

~~The White House.~~

Poughkeepsie NY

Strike vote being taken here for probable action tomorrow
I believe it would be helpful to the whole industrial situation
and certainly to our company and our people here if the
President would ask Madam Perkins to inform the United
Textile Workers that the Department of Labor would not
approve a strike in callaway mills. Madam Perkins has all
the information of what we are doing in letter from me.

Cason J. Callaway.

Asks Mr. McIntyre to call Pres. attention to telegram.

"The Chaos in the present cotton situation is in my opinion the inevitable result of not carrying out the plan of ten million bales for the bankhead act this year. As you will recall last December I was so anxious that this ten million bales maximum be had I could hardly talk about anything else. I believe the best way to remedy the situation now is to state that the 12 cent loan will be kept in force to growers until August first and that 13 cents will be lent the farmer on next fall crop. The Prewar parity on cotton will be at least 1 cent a pound higher this fall than last and unless 13 cents is lent the program will be going backward instead of steadily progressing. I am still enjoying recalling each minute of your delightful hospitality in Washington."

MEMO FOR MAC

Will you arrange to get
these letters for Cason Callaway?

M. A. L.

Mrs. Callaway, our two boys Cason and
I are planning to go to the Orient
if it would not be too much trouble for
right. It would be fine if the other
letters to the Governor General at
at Honolulu and the Ambassador at
Hong Kong and Shanghai.

When the question of really
we would make no definite plan
and moved with so much pleasure
incident and his party at Hana
the year. I note, however, from the
and up to go to South America. I
great disappointment to us. I feel
a vacation and that the
to him, we would not be happy
to otherwise.

Since it is a personal matter
with you, which I hope is in order.

CASON J. CALLAWAY
LA GRANGE, GA.

November 9, 1936

get him the letters

Dear Miss LeHand:

In June, 1934 I wrote you that Mrs. Callaway and I were planning to go to Europe and that if it was not too much trouble and quite all right, it would be fine if the Chief would give us letters of introduction to several of the Ambassadors there.

You had sailed for Europe but Miss Tully replied sending the letters and stating that the President was glad to write them for us. We only used one of them but it was a great comfort to know that we had them.

Mrs. Callaway, our two boys Cason and Howard and I are planning to go to the Orient in December. Again if it would not be too much trouble and quite all right, it would be fine if the Chief would give us letters to the Governor General at Manila, the Governor at Honolulu and the Ambassador or Minister at Tokio, Hong Kong and Shanghai.

When the question of making this trip first came up, we would make no definite plans since we were looking forward with so much pleasure to seeing the President and his party at Warm Springs and Blue Springs this year. I note, however, from the papers that he is planning to go to South America. While this will be a great disappointment to us, I feel that he so deserves a fine vacation and that the sea trip will be so restful to him, we would not be selfish enough to want him to do otherwise.

Since it is a personal matter I am taking it up with you, which I hope is in order.

With best regards from Virginia and me to you all,

Cordially yours,

Cason Callaway

CASON J. CALLAWAY
LA GRANGE, GA.

September 10, 1936

Dear Mr. President:

I don't know when I have felt better than I do this morning.

Our program of balancing the supply of cotton with the demand, due to your untiring efforts in this direction and the cooperation of the farmers and the weather, has placed this staple in a firm position instead of the almost chaotic position of three years ago. The cotton farmers of the state are looking toward the future with hope and confidence and are gradually acquiring larger equities in their property. x 258

The system since the Civil War of planting all cotton and corn without regard for the depletion and erosion of the land, has been turned back. A trip through Georgia will show new and modern terraces, fields of cover crops, many new roofs, fences being built or repaired, even an occasional pasture of sheep, and painted houses.

As for our mills, we are running two full shifts at each plant, of course forty hours each, with an average pay for full time of \$16.33 per week. This is taking only the actual operatives not including any supervisory force.

With the full cooperation which we will have from yesterday's election, from all state authorities next year, we should be able to make the Pine Mountain Park development all that is desired, which will be of enduring benefit to all the people of this section.

I am looking forward to your visit South this fall with great pleasure and delight. Take care of your good self. The next four years are in the bag.

Sincerely your friend,

Cason

Dear Mac:

Due to the opposition of the United States
Chamber of Commerce to the Chief, we let our member-
ship lapse some time ago.

xPP71483
x105

I am in receipt of a letter from a friend
who is a director in the Chamber, asking that we
renew our affiliations and including in his letter
the following paragraph:

"I believe that the Chamber is
doing a well worth while job
under the leadership of President
Harper Sibley, who is a personal friend
x of President Roosevelt."

I would like to know confidentially if this
implication is correct before taking any action.

Yours sincerely,

Cason

CJC:k

March 31, 1937

Dear Cason:

I showed the President the quotation in your letter of March twenty-sixth, and he said to tell you that Sibley was at school with him, and in that sense he is an old friend.

We are all homesick already for Warm Springs, and are just counting the days until our next trip, which I hope will be next fall.

My very best to you and Virginia.

As ever yours,

M. H. McINTYRE

COPY

December 2, 1937

Dear Mr. President:

A comprehensive and complete map has been prepared by the Department of Natural Resources, Division of State Parks, showing what has been accomplished and our aspirations for the completion beyond the Flint River of our Pine Mountain Park and Parkway. Also, I have the old deeds executed by you which I have not turned over to the State, as well as forms for the new deeds which I think should be supplemented.

I believe that these plans are sufficiently comprehensive for you to get the entire picture almost at a glance and I am anxious that you have this picture before your deeds are turned in, or before further plans are definitized. I hope an opportunity can be made for you to at least go over this map in general.

Virginia and I realize that your time at Warm Springs will be very short and are afraid that you will be unable to give us the pleasure of coming to Blue Springs. However, we, as well as Graham Jackson, are standing by in case this can be accomplished.

Sincerely yours,

President Franklin D. Roosevelt
Warm Springs, Georgia

PPF

CASON J. CALLAWAY
LA GRANGE, GA.

December 13, 1937

THE WHITE HOUSE
DEC 15 11 06 AM '37
RECEIVED

Dear Mr. President:

I am enclosing copy of letter sent you to Warm Springs. Since I did not get an opportunity of going over the Pine Mountain Park Project with you, I am enclosing information which I believe is complete. This includes

1 - Map showing the proposed park extension all the way from the Atlanta-Columbus Road via Chipley to the Atlanta-Albany Road via Thomaston.

2 - A map showing the rights-of-way acquired and in the course of being acquired.

3 - Two new deeds for your signature, which are plotted on the #2 map enclosed.

You will note that the road from the right-of-way to and including Dowdell's Knob is not covered either on the map or by the deeds. The work on this road has been completed, including a turn-around at the Knob, but I see no occasion for this being included in the park right-of-way, and it has been handled accordingly.

I believe this Parkway outlined on map #1 will be of lasting benefit to this section. To complete the program in two years, it will require two additional CCC camps to be located at approximate distances between the present park site and the highway from Thomaston to Atlanta.

I have endeavored, with the cooperation of the Department of Natural Resources, Division of State Parks, to make the information enclosed just as complete as possible and hope it will serve your purpose. Of course, I will be glad to get up any further information you desire.

The deeds may be sent to me or to Mr. Wm. M. Robinson, Jr., Chief Engineer, Division of State Parks, 421 State Capitol, Atlanta, as you prefer.

#2

All of us were greatly disappointed that you were unable to stop by this fall, but are more interested in your speedy recovery than even this great pleasure.

With personal regards and best wishes,

Sincerely yours,

Casm -

President Franklin D. Roosevelt
Washington, D. C.

Dear Jeff:-

My very good friends, the Cason J. Callaways, with their two children and Mrs. Callaway's mother, Mrs. Hand, are going to Rio on the Normandie, sailing from New York on February fifth, to be in Rio for six or seven days. They are a delightful family, and Cason Callaway is one of two brothers who own the very large Callaway Mills in LaGrange, Georgia, and several other places.

They are old friends of mine at Warm Springs, and I hope you will be able to give them a good time at Rio and let him learn as much about conditions in Brazil as possible. Perhaps Dr. Nabuco, who was so nice to us last year, will show them around, and I hope also that they can see that wonderful house of Dr. Ernesto Fontes outside the city where I lunched.

xPP74186

I hope all goes well with you and don't forget that I am keen to meet Mrs. Caffery when you come North.

xPP74195

Always sincerely,

Honorable Jefferson Caffery,
American Embassy,
Rio de Janeiro,
Brazil.

CASON J. CALLAWAY
LA GRANGE, GA.

January 6, 1938

Dear Miss LeHand:

Virginia, Jinks, Howard, Virginia's mother Mrs. Hand and I are going to South America on the Normandie sailing from New York on February 5. We will be in Rio six or seven days, this being the only port where we will spend any time.

This may be our only visit to South America and I am anxious to learn as much about conditions there as I can.

If not too much trouble and entirely in order, it would be fine if the Chief would give us a letter of introduction to the Ambassador or Consul at Rio.

With personal regards and best wishes to you from Virginia and me,

Cordially yours,

Cason Callaway

Miss Marguerite LeHand

MEMORANDUM FOR

CASON J. CALLAWAY

The President has asked
me to send you the enclosed copy
of a letter which he has sent
to our Ambassador in Brazil.

M. A. Le Hand
PRIVATE SECRETARY

(AIR MAIL)

EMBASSY OF THE
UNITED STATES OF AMERICA

Rio de Janeiro, February 5, 1938.

P.P.E.

1345

Dear Mr. President:

I am, of course, delighted to get your letter of the twenty-fifth ultimo and shall of course be glad to look out for your friends, the Cason J. Callaways, their two children, and Mrs. Callaway's Mother, Mrs. ~~Hand~~ [#], who are coming to Rio on the NORMANDIE. I am sure that Dr. Nabuco, whom you mention, will be happy to show them around, and it will be easy to arrange for them to see the Fontes' house outside the city where you lunched.

Needless to say, my wife is looking forward to meeting you when we next go North, and you are very kind to say that you will be glad to see her.

Respectfully yours,

John C. Labbey

P.P.F.
1345

Dear Mr. President:

It is difficult to express how much I enjoyed my trip to Washington. Being with you is a fascinating stimulation that does me much good.

As wired you today I regret that I happened to be deep in the Alabama woods quail hunting when you called. I returned from the hunt directly to the Hardaways for Louise's birthday dinner, therefore had my first word of your call when I arrived there late yesterday afternoon.

I will be in LaGrange or Blue Springs from now until Sunday, going by Percy Johnston's for a few days hunt at Kingstree, S. C., leaving there February first for New York, where I will be at the Waldorf until the Normandie sails on the 5th.

As indicated in my wire, if I can be of service to you in any way, I will consider it a pleasure and privilege to be called on.

Sincerely,

Cason

President Franklin D. Roosevelt
Washington, D. C.

Dear Miss LeHand:

The other day I took the map of Pine Mountain Park to Mr. Fechner's office. Attached to the map was a letter from me to the President, on December 13. I am returning this letter, as it is a part of your file.

I am sending an additional map in case Mr. Fechner does not return the one originally sent, and in case the President might call for it at some future time.

With personal regards,

Sincerely,

Cason J. Callaway

Miss Marguerite LeHand

April 15, 1938.

Dear Cason:-

I really am sorry that you are not coming to Washington. However, I understand perfectly how you feel and I know you gave it real consideration.

The silver Neptune is a lovely one. Thank you both ever so much for thinking of me and sending it to me.

I, too, was disappointed not to have had a chance to get to Blue Springs, but I am looking forward to my next visit to Warm Springs with the hope that I shall see you both.

My best wishes to you,

Cason J. Callaway, Esq.,
La Grange,
Georgia.

CASON J. CALLAWAY
LA GRANGE, GA.

THE WHITE HOUSE
APR 8 9 10 AM '38
RECEIVED

April 6, 1938

Dear Mr. President:

While in Rio I found a small silver Neptune which is supposed to be old Portugese. It was used during that time by the fashionable as a toothpick holder. Its modern use is for small sausages on toothpicks for hors d'ouvres. I thought of you due to the gentleman's nautical association.

We were greatly disappointed that you could not be with us at Blue Springs but realized the enormous call on your time and told Mac we wanted you to do whatever best suited your plans. We do, however, trust that nothing will prevent your being with us for at least a day or two on your next visit.

Your suggestion that I come to Washington as Assistant Secretary of the Treasury is deeply appreciated. My happiest endeavors during the last several years have been in the opportunity of putting my shoulder to the wheel in a small way on some of your fine plans. I hope that I will have a further opportunity from time to time of being of such service as I can.

It is impractical, however, for me to take on this job. I would not undertake it unless I planned to give it my entire time and energies. Callaway Mills is now running half time and due to this situation and my knowledge of and personal relationship with many of the customers, I am going back on the road; that is, taking up my old job of traveling salesman, to do my part in trying to give our employees nearer a full time job.

I wish to assure you of my appreciation and to reiterate my desire of being of service to you, from time to time, in any way I can.

With warm personal regards and best wishes,

Sincerely yours,

Cason

President Franklin D. Roosevelt
Washington, D. C.

P. P. F.

1345

April 25, 1938

Dear Cason:

I am perfectly thrilled by that very wonderful flawless aquamarine. It is such a beauty that I am putting it in the front of a little glass vetrine wherein I keep a few treasures and there I can see it very often. This is really much more delightful than trying to wear it--or even giving it to one of my girl friends! It was grand of you to give it to me.

x PP79-A

x PP79-7

Also on my mantelpiece is good old Neptune--to remind me of you and of the ordeal of being haled before Neptune's Court on crossing the line. It is a lovely thing and I take it it is old Portugese.

I do hope you will come to Washington soon but there is just a possibility that I may get on a cruiser this Friday to be gone "somewhere in the Atlantic" for a week. Come as soon as you get back and bring Virginia with you.

Always sincerely,

Cason J. Callaway, Esq., ✕
LaGrange,
Georgia.

April 14, 1938

THE WHITE HOUSE
APR 16 10 10 AM '38
RECEIVED

Dear Mr. President:

While in Rio I got for you what is supposed to be a flawless aquamarine. I planned to have this mounted and took it up with the jewelers for that purpose, but they are unable to recommend a satisfactory man's mounting for this stone.

I am therefore sending it on to you for you to keep as it is or do with it as you see fit.

I am going to the middle West for about ten days on a business trip already scheduled. After I return, I would enjoy very much coming to Washington at your convenience to see you for five or ten minutes and thank you in person for the confidence and consideration indicated by your recent suggestion.

Sincerely your friend,

Cason

President Franklin D. Roosevelt

April 20, 1940

Dear Mr. President:

This is to welcome our friend and good neighbor and to express the hope that your visit will be pleasant and happy.

I am sending a dozen Mallard ducks which I kept over in the quick freezing plant in order to prolong the season for you. As a matter of fact, the winter here has been so cold that the quick freezing plant was hardly necessary. I have eight thousand Mallard eggs in the incubator, and two thousand young ducks in the brood houses.

Virginia and I are leaving for West Virginia and Ohio on Tuesday morning. I would like very much to come by and say howdy before I go and if you can work this in, would be glad for you to have someone call me at Hamilton, advising your most convenient time.

Sincerely,

Cason—

President Franklin D. Roosevelt
Warm Springs, Georgia

25 minutes for
Rare - c/c

SUGGESTED RECIPE FOR COOKING MALLARD DUCK

Thaw before Cooking -

Dress and prepare the duck as usual and then chop up half an onion and half an apple for each duck. Stuff this in the duck and then put the usual stuffing in afterwards. Have the oven pre-heated for twenty minutes at full maximum heat and then put the duck in the oven with water in the pan, baste frequently and cook for thirty-five minutes at the highest temperature. This keeps in the juices of the duck and cooks it fairly well done, not bloody. The object of the apple and onion is to give a nicer flavor to the duck.

The duck carcass and wings and legs can be saved and put in an iron pot with two large onions sliced, together with the wild rice that is left over and let simmer all day. Add one can of tomatoes. This makes a delicious duck soup.

Honorable Claude R. Wickard
Secretary of Agriculture
Washington, D. C.

Dear Mr. Secretary:

We have four agricultural experiment stations in the University System. One of our objectives, of course, is to find new crops which can be successfully grown in this section.

I understand that medical herbs and plants that have been imported are now difficult to get, due to the world situation.

Our experiment stations cover most of the climatic conditions of Georgia, ranging from the Coastal Plains at Tifton to the hills of North Georgia.

Chancellor Sanford and I would like to discuss with you the best method of procedure and will be glad to come to Washington for this purpose, at your convenience. //

My address is Hamilton, Georgia.

With best wishes,

Sincerely,

Chairman of the Board

Washington, D. C.

Dear Pa:

Thanks for your second telegram
advising of the President's full schedule.

Since I believe the President will
be pleased with the outcome of the campaign
by the Georgia Committee this year, I am en-
closing a letter to him, giving this
information.

With personal regards,

Sincerely,

Casm -

CASON J. CALLAWAY

HAMILTON, GEORGIA

March 9, 1942

Dear Mr. President:

I believe you will be gratified with Georgia's results in the campaign against Infantile Paralysis for the celebration of your birthday.

We have in the bank \$142,433.77, with eight small counties to be heard from. This amount is net, all central campaign expenses being taken care of otherwise.

I organized the state into ten districts, with a chairman for each, holding luncheons in the ten districts, which were attended by the county chairmen. The money was secured by the March of Dimes, birthday balls and all types of celebrations. In addition to this, sixty special donations of \$1,000.00 each were secured, in honor of your sixtieth birthday. These sixty special contributions represent individuals and firms over the entire state and the amazing part to me is that I asked only sixty-three people, securing sixty donations.

As a matter of interest, I am listing these subscriptions, the list being headed as follows: "We, the undersigned, subscribe \$1,000.00 each to the National Foundation for Infantile Paralysis, Inc., as a special contribution toward the celebration of our President's sixtieth birthday, January 30, 1942:"

I believe "where your treasure is, there is your heart also", has considerable merit, and that the individuals making these subscriptions will feel closer to Warm Springs than before, for having done so.

I haven't said anything to anyone, but I think it would be fine, when you are here in the spring, if I would invite these sixty people for an outdoor luncheon at Blue Springs, your coming over for an hour to be with us at the luncheon.

With warm personal regards,

Sincerely,

Casim -

President Franklin D. Roosevelt

*General Watson
Will you tell him
I am coming on
Tues*

Dear Mr. President:

I am planning to be in New York on Wednesday and Thursday of next week, to attend the organization meeting of the Trustees of the Nutrition Foundation.

I would like to show you, in person, the results of our Georgia "Campaign for the Celebration of the President's Birthday".

If it is convenient for you to see me on Tuesday, the 10th, I will leave here Monday, arriving in Washington Tuesday morning.

I will appreciate your wiring me if this is convenient, so I can make my reservations.

I am looking forward with much pleasure to seeing you.

With warm personal regards,

Sincerely,

Casm -

President Franklin D. Roosevelt
The White House
Washington, D. C.

HAMILTON, GEORGIA

March 2, 1942

Dear Grace:

I am enclosing a letter to the President.

It is interesting to look out of the window here, since we are having one of the heaviest snow-falls that I recall.

I hope this indicates a beautiful spring and that all of you can be with us in Georgia during that time.

With personal regards and best wishes from Virginia and me,

Sincerely,

Cason -

Miss Grace Tulley

Dear Mr. President:

I believe our Mallard ducks, this year, have been the finest we have raised.

In spite of raising 10,000, we received more orders prior to Christmas than we could fill.

I was able to save out a few for you and for me; yours are being expressed in time to reach you for New Year's.

With every good wish to you and yours from Virginia and me,

Sincerely,

Cason —

President Franklin D. Roosevelt

My dear Mr. Callaway:

The President has asked me to drop you a line and explain why your note to him of November fourth was not acknowledged.

It arrived while plans for his trip abroad were under way and, as they were of a strictly confidential nature, it was not possible to explain to his friends why he could not keep engagements during the month of November. I know you understood as soon as the trip was given publicity but I wanted you to know that your letter had not been overlooked.

The President sends you his best wishes, in which I join.

Very sincerely yours,

EDWIN M. WATSON

My dear Mr. President:

I very much regret that I will be unable to be at Warm Springs on Founder's Day. We are having a meeting of the Nutrition Foundation, of which I am Vice Chairman, in Minneapolis. Since this meeting some time ago was arranged, and since I made a personal promise to Chancellor Coffey some time ago that I would be there, there is nothing else for me to do.

I will return here Sunday, December 3d.

Virginia and I hope very much that you will come over for lunch and/or dinner Monday or Tuesday, December 4th or 5th.

It seems a long time since I have had the pleasure of seeing you and it would, as you know, make us most happy to have you with us.

With esteem and warm personal regards,

Sincerely,

Cason —

President Franklin D. Roosevelt
Warm Springs, Georgia

Dear Mr Roosevelt, -

We are so happy
to learn that you
will soon be in
Georgia again, but
very sorry that
Cason has a busi-
ness trip to New
York and Minnesota
which will take

Blue Springs
Hamilton, Georgia

him away for the
first part of your
visit. He expects to
return from his
trip, and I, from
a visit to my Mother
on Saturday morning
Dec. 2nd. It would
make us very happy
if you could have

Blue Springs
Hamilton, Georgia

Lunch or dinner with
us on the following
Monday or Tuesday.
We'd like also to
have anyone you'd
care to bring. Since
we are to be away,
will you please
have Grace phone Cassin's
secretary, letting her
know if you can

Blue Springs
Hamilton, Georgia

be with us and just
how many will be
with you. It has
been a long time
since we have had
more than a
glimpse of you, so
we shall be looking
forward with much
pleasure to the
hope of a visit

Blue Springs
Hamilton, Georgia

from you,

for the swim and tea. Please

FOXCROFT
MIDDLEBURG, VIRGINIA

Dear Mr. President,

Thank you ever so much
for the swim and tea. Please
don't leave the pool behind, if
and when you vacate, because
a republican probably wouldn't
have the democratic idea of
sharing, and it was such fun. The
whole thing couldn't have been
more perfect.

It was very kind of
you to extend the tea invitation.

One of our better Foxcrofters was
allowed to go to Washington
with an influential brother. We
wish we could have adopted
you.

Is it sheer presumption
to ask if you could possibly
arrange to come to our house
show on May 10? It would
flatter our ego no end, and
aside from that it would be
great fun having you.

Love,

Virginia and Joan

THE WHITE HOUSE
WASHINGTON

8/8 - 1.30 P

Conversation between MHM and Cason Calloway:

C - (Thought that announcement should be made of 12¢ loan at close of market today) I don't think there is any doubt in the Chief's mind but what he is going to make the 12¢ loan.
Bankhead --

M - Bankhead told me this morning that it was reasonably certain.

C - I think the President is exactly right in not announcing it prior to the time that the bill --

M - What happened to the market today?

C - Opened 11.24 for Jan. Now 10.97 - down 27 points.

M - That's not bad. I laid a bet that there wouldn't be any disturbance regardless.

C - Mac, the President knows no matter what happens, on the basis of this year's American crop, if you lifted it to 16 or 18 cents a pound, the Gov. couldn't collect over a million ~~bales~~ bales, because no matter what the price, the consumption is 10½ million bales. I think the crop will sell from 12 to 14¢ anyway. Cotton is already moving and if the announcement were made now it would stabilize conditions. I don't think there would be any difference and I think now is the psychological time to put it out.

M - You talked to Wallace?

C - Wallace called me first. The Sec. hasn't I know the same mind as the President.

PRESIDENTIAL Memo for Mr. Fechner,
3-26-34.

"In view of this telegram relating to the definite project of a parkway from the western border of Georgia to near the center of the state, I would be grateful if you will arrange to have the camp at Warm Springs, Georgia, kept there at least through the month of April, until we can determine definitely whether the necessary land can be acquired to continue the project through the summer."

The President refers to and forwards letter received by Miss LeHand from Cason J. Callaway relative to efforts to acquire strip tiptop east toward or to Flint River, and the proposed abandonment of Warm Springs CCC camp before the effort can be made.

SRE 268

CALLAWAY, Cason J., Esq.,
Lagrange, Georgia.
May 18, 1934

Writes to Miss LeHand with regard to the recommendation from the Tariff Committee on restricting the importation of foreign cotton rugs; expresses the hope that nothing will prevent this document from getting on the President's desk, since the Japanese importation of cotton rugs has practically eliminated their production in this country.

See 60-Miscel. Reports - Cotton Rugs.

P.P.F.
1345

VEREEN, William J. (Member - Cotton Textile Code)
August 24, 1934

Writes Mr. McIntyre re their conversation in which he said it would be more pleasing to a great majority of the textile manufacturers if the industry was on two 36 hour shifts, as there simply isn't enough business for the present schedule of two 40 hour shifts. Thinks the pay should remain the same though. Says that Cason Callaway, who is now in Europe, stated at a textile code authority meeting some two months ago, that he was in favor of shorter hours and increased pay for the textile industry. Pencilled note to Mr. McIntyre by the President directs him to telephone this information to the Cotton administrator today. Mr. McIntyre asks Mr. Forster, August 25, to take this up first thing Monday morning (Aug. 27). Mr. Forster pencilled a note on the memo stating he phoned Miss Robinson, who promised to pass this on to the Cotton Administrator as soon as he came in. (Dated - Aug. 27.)

CALLAWAY, Mr. Cason J.
La Grange, Georgia.
1-10-35. (telegram)

Says that the number of bales of cotton controlled by the government is different from the number tentatively stated in his memorandum, however this does not change the necessity of proper limitation under the Bankhead Act for next year. Expresses the opinion that the cotton growers should be given exactly the same privilege as last year -- of voluntarily selling curtailment of acreage up to 40%.

With reference to the above telegram, Mr. Chester C. Davis, Administrator, A.A.A. wrote to Mr. McIntyre on Jan. 14, and suggested a reply to Mr. Calloway with regard to the 1935 quota.

Telegram to the President: Since I do not believe that under any circumstances the farmer should be lent less than twelve cents for their next years cotton and since the cotton textile situation is in deplorable condition particularly due to lack of confidence in next years market believe announcement of twelve cents loan or better should be made at once. As a matter of fact a loan of thirteen cents since prewar parity has advanced would be more in line with entire program. Trust your trip to Florida pleasant and beneficial in every way. Regards.

TELEGRAM

La Grange, Georgia, August 26, 1935.

THE PRESIDENT.

I am much disappointed with announcement of the cotton plan for this year. I believe the farmers feel they do not want a bounty, they are not now striving to attain economic independence by their own cooperative efforts in connection with the aid given them in curtailment from the processing tax and the loan to distribute the weight of their product coming on the market over a limited period. I believe a bounty will be disastrous to this objective. Since I know of your keen interest in this objective I hope that you can find some way to go back to the loan eliminating the bounty. If this cannot be corrected I believe the announcement that the government would hold its present cotton on hand for twelve months or thirteen cents and that the government would buy in the open market an additional two million bales to be used by manufacturing and supplying relief cotton goods that otherwise would not be consumed would be helpful. However I believe while this announcement would be extremely helpful in the present situation that to eliminate the bounty and go back to the twelve cent loan would be preferable to any other action that could be taken.

Regards (S) CASON J. CALLAWAY

HARDAWAY, B.H., Jr.,
Columbus, Ga.
Feb. 24, 1936

Writes Miss Leland that while at the (Cason J.) Callaway's place at Blue Springs last fall the President stated he was desirous of securing Cove Shoals and Flat Shoals from the Georgia Power Company and would pay them their purchase price, plus 4% interest and agree not to develop same for twenty years. Says shortly after the conversation he discussed this with W.E. Mitchell of the Georgia Power Company, who advised that it would be agreeable to sell the property if the President so wished it. Encloses copy of letter which Mr. Mitchell wrote showing he is having trouble locating these two pieces of property. Asks for more detailed information re the property. - President replied on Feb. 27 saying he cannot imagine how he got the impression that he or the Government were desirous of purchasing Flat Shoals or the Cove (on the Flint River) from the Georgia Power Company. Says what he thought he said was that the Cove on the Flint River would make an ideal place for a State Park in continuation of the Pine Mountain Parkway. Says he suggested further that if any utility company owned potential power sites, such as the Cove or Flat Shoals, they should be carried on the books of the company, while still in an undeveloped condition, at the actual cost or value of the property at the time of acquisition. Says there are many valid reasons why public utilities should not make profits, paper or otherwise, on real estate operations during any period in which the real estate has lain idle. Sends best wishes to him and Mrs. Hardaway.

GALLAWAY, Cason J.
Hamilton, Georgia
February 8, 1941

Wrote to the President re scenic road to Thomaston. The State Highway Dept. is now grading the road from Route 41 to Mitchell's Gap, and the paving is expected to be done this Spring from the Southern Railroad to Route 41; they are at a standstill for future plans, not knowing which route to take, since this involves the placing of a proposed bridge over the Flint River. This land is owned by the Georgia Power Company, but expecting to build a power dam. It would be ideal if this dam could be used as road. The only alternative would be a bridge and their immediate problem is the placing of this proposed bridge. Asks suggestions re matter. -- Referred to Hon. Thomas H. MacDonald for recommendation by President's memo of Feb. 14, 1941. -- Mr. MacDonald replied by memo of Feb. 21, 1941, to the President advising that he will have to obtain the information and advise the President later. -- Mr. MacDonald supplied the requested information by his memo to the President, April 12, 1941, in which he states that the project in which Mr. Calloway is interested is a part of the Pine Mountain Parkway which is being developed by the State. Also states objections to the construction of a dam at this site. -- Attached is President's memo of April 18, 1941, to Mr. Calloway re this, in which President asks if he can't find a place to cross the Flint where a relatively cheap wooden bridge could be built or a much shorter steel bridge. President forwarded memo of 4/12/41 from Mr. MacDonald re the road between Manchester and Thomaston, Georgia.

The President sent the following telegram to each of the above: "In order that the part of business in the national effort may be most effective I am asking a small representative group to consult with me from time to time on all matters concerning the participation of business and industry in the war. It is my thought that this group would meet with me and therefore it should be sufficiently small to make this a real "round table" talk. I do hope that you may find it possible to come to see me. I have called the first meeting for twelve noon Wednesday October twenty-seventh and will appreciate it if you can let me know as soon as possible whether you can attend." ----- Attached is above list of names, with information that the group is to be called Combined Industry War Board and the first meeting is to be Oct. 27, 1943. --- Gen. Watson sent identic memos to the Sec. of Commerce and the Hon. James F. Byrnes, 10-25-43 advising each that he is to be included in the meeting, and transmitting to each a list of those invited, all of whom have wired acceptance.

SEE 5446(Official File)

--- Mrs. Anna Rosenberg transmitted a letter she received under date of 9-27-43 from F. C. Crawford, Pres., Nat'l Ass'n of Manufacturers, New York, and a letter under date of 9-17-43 from Eric A. Johnston, Pres., U. S. Chamber of Commerce, Washington, D. C. - both suggesting names for appointment to above-mentioned Board.
