My Dear Mr. President you will recall the writer best as past Dist. Governor of Kiwanis and the Personal Friend of the late Monsignor Sheahan haveing has a Neighbor and Friend watched your progress since 1910, thru sickness and your every office. What I could not glean from the Press I used to learn from Tom Lynch. Since a good percentage of Secret Service Boys stop here, with me, at Hotel I have a good opportunity to inquire how you are. the privalege to See you is Denied me, and rightly So, I have to resort to the pen. haveing enjoyed the years of your Leadership and Especially during the year you assumed the office of President, when we found the unsettled state of Political and Finantial state of affairs, it was after this storm had spent its rage, and you ministered to the wants of our average man, they Soon forget. the most dificult problem for me is to have to listen to those who speak disparingly of you. Some, I considered the source, others that knew better I wonder if Free speech is being taken Advantage of.

Well I have tolerated this from the out side, but Ill be Damed if I will from the inside, especially those who ride around with you, Day after Day to give you an Idea of what was Said, ? How is the Boss O.K. Did you go to Mdland yes and he made a Big Mistake you know he is Bullheaded, all of his good Advisors left him you know he is all Union, just think Democrats took 452,000.00 from John L. Lewis, why Mr. Lloyd, we will be 50 Billion in the red he dont mind spending money but you Know up the House, they laugh, he wont spend any more than \$15,000.00 for his House, but he will give the Farmer money not to Grow Corn, how are we ever going to get out not in my life time if they put a man down in Washington like Leahman we would come back in Six years, and etc. Now President Frank, Judas Died 2000 years ago they pop up here and there but they have no right to ride in the Same wagon, with my Neighbor and my President and get away with it.
