Dear Mr. Blumberg:

When I made inquiry about seeing you this week, I was sorry to learn that you were in the hospital for repairs. I trust that you are getting along well and that you will soon be back on your feet again.

In the meantime, I want you to know how much I appreciate everything that you have done and I especially want to express my thanks for the loyal and conscientious work that Lube tells me was done by Mrs. Blumberg, your daughter Doris, Patsy Schulman and Mrs. Lottie Maslowski.

MEMORANDUM

TO: MR. NILES x4847

FROM: MR. LUBIN x4529

I take it that there is little or no chance of the Boss seeing Nate Blumberg before he goes back West. He is in the hospital just now. Do you think you could persuade the Boss to send him this letter? It would be a cheap price for him to pay to be relieved of having to see people.

The people mentioned in the last paragraph worked day and night for weeks. They came East for a vacation with the Blumbergs and spent all of their time at headquarters up to the election. x300
