1. Advice has been received from the Chief, American Graves Registration Service, Q.M.C. in Europe that communications addressed to father in Italy, requesting him to advise as to the disposition he desired made of the body of the late Private Joseph Antrillo, Company G, 39th Infantry, have brought no replies.
2. No request for the removal of the body of the late soldier to the United States can now be favorably considered as it is assumed that in the absence of contrary instructions from the nearest relative it is their desire that his body be buried in the country in which he fell. The decision of the Secretary of War that no requests for removal of bodies will be considered after March 31st, 1922 will preclude the granting of a request from the father should one later be submitted.
3. The grave will be marked by a suitable headstone and will be perpetually maintained by this Government in a most careful and reverent manner.
