INSTRUCTIONS.

1. When articles of clothing and equipment are issued to an enlisted man they will be entered in the "issue" column, with the date of issue entered in figures (e. g., 10/30/17) on the date line. The column will be initialed by the witnessing officer and, except in the case of issue of clothing, by the soldier, a line being drawn through each blank space in the column by the witnessing officer. When articles are first issued to an enlisted man the sizes that have been determined to be the proper ones will be entered in column headed "size."

2. When articles are turned in, lost, damaged, or destroyed, they will be entered in a column under the heading "Turned in," and the column completed and initialed by an officer and the soldier as in the case of issues. The officer who receives the articles turned in or enters the articles lost, damaged, or destroyed on statement of charges will initial the column. (117, 685-687, A. R.)

3. When an individual equipment record form is filled a new one will be started and the old record retained with the individual clothing slips (Q. M. C. Form No. 165) pertaining thereto, until the next inspection by an inspector, after which all filled individual equipment records and clothing slips may be destroyed. When a new equipment record is started the number of articles transferred will be entered in first issue column of new record, and the column initialed as prescribed in paragraph 1.

4. No record will be made of a transaction where an article is turned in and replaced by a like article at the same time.

5. When a soldier is transferred or detached from his company the word "canceled" will be written in columns showing articles issued and turned in to date. The articles which the soldier carries with him, or for which he is indebted to the United States, will then be entered in the next issue column; the column being initialed by the soldier and witnessing officer, as prescribed in paragraph 1. These articles, except clothing and individual mess equipment, will be entered on Form No. 600, A. G. O., as required by paragraph 681-O, A. R. The individual equipment record will be forwarded with the service record to the soldier's new commanding officer.

Dear Madam:

The Quartermaster General desires to invite your attention to the inclosed card which gives the permanent cemetery location of the soldier's grave in which you are interested.

This American military cemetery is one of those to be maintained by the United States for all time in Europe. Each grave will be marked by a headstone of white marble, of dignified design, with the name, rank, division, organization, date of soldier's death and State from which he came. Headstones will be placed at all graves in connection with the improvement work now in progress, as soon as possible and without waiting for special action or request on the part of relatives.

Please be assured that in effecting removal of the dead, the utmost reverential care was exercised and more than willingly accorded by those who performed this sacred duty. For the future, these graves will be perpetually maintained by the Government in a manner befitting the last resting place of our heroes.

Very truly yours,

R. P. HARBOLD
Assistant.
