Dear Sir:

With reference to office letter of March 16th, 1926, The Quartermaster General desires that you be informed that the following report has been received from the European Office:

Investigation reveals the fact that the tombstone herein referred to is still in possession of Monsieur A. Fouche, 31, rue de la Volonte, Gravelle-Havre, Seine-Infre., France, in whose care it was shipped to Le Havre. M. Fouche was at that time the Caretaker of our Cemetery at Le Havre, Seine-Infre.

M. Fouche acknowledges receipt of the tombstone under date of April 16, 1926, in answer to a letter from these Headquarters and advises that the tombstone is at our disposition when same will be called for and upon payment of French francs 20.00 per year, or for the five years, French francs 100.00.

On inquiry, this office has ascertained that shipment of this stone from Le Havre to Los Angeles can be made for approximately \$10.00. The weight of the stone is 220 pounds.

There is no appropriation by the Government to pay the expenses of the shipment of private monuments. However, should you still desire the headstone returned to this country, it is suggested that you communicate with the American Express Company. They have a form of authorization they furnish their Paris agent, who, in turn, takes the matter up with the Chief, American Graves Registration Service, Q.M.C., in Europe, 20 rue Molitor, Paris, (16eme) France, and arranges to pay the expenses of crating and transportation to this country.

Dear Sir:

Your letter of May 21, 1920, regarding the placing of a headstone on the grave of Private George C. Barnick, Machine Gun Co. 362nd Inf. is acknowledged.

This case has been fully considered and it has been decided that the markers on the graves in Europe shall be uniform at least, until the final policy regarding standard markers is decided. This stone will, accordingly, remain in the possession of the caretaker in the cemetery of Bonnières-sur-Seine until such time as the operations of the American Graves Registration Service in Europe shall have completed the work in that area. If after that time you have received authority from the Quartermaster General of the Army to take possession of the body where it now lies, this office will be glad to turn the grave over to your care, and the grave marker will be put in place by the employees of this service.

WAR DEPARTMENT
OFFICE OF THE DIRECTOR OF PURCHASE AND STORAGE
WASHINGTON

June 7, 1921.

293.8-Cem. #7722 (Barnick, George O. Pvt.)

The Quartermaster General, U. S. Army, (Cemeterial Division).

Mr. Phillip H. Barnick, Wells, Minnesota.

Disposition of Remains.

1. In further reply to your letter of April 18, 1921 together with G.R.S. Form #120 referred to this office by our branch office at Hoboken, N. J., requesting that the remains of your brother, the late Private George O. Barnick, Machine Gun Company, 362nd Infantry, be interred in a permanent American Cemetery in France, you are advised that instructions will be issued that your wishes be complied with.

2. The remains of the deceased are now interred in Grave #26, American Plot, Cimetiere de Freneuse, Freneuse, Department of Seine and Oise. This is a temporary cemetery and will not be maintained by the Government. The remains of our soldier dead now interred in temporary American Cemeteries and whose legal next of kin desire interment in permanent American Cemeteries in France will be removed at some future date to the permanent American Cemeteries referred to in paragraph #9 of the enclosed bulletin. The work of concentrating the remains of our soldier dead to these permanent American Cemeteries will be one of the last phases of the work of our field forces in France, therefore it is impossible to state definitely when any particular removal will be made. The legal next of kin will be duly advised of the new grave location and name of the cemetery in the case of the deceased after the reburial has been effected.

3. This office is controlled by the wishes of the legal next of kin with respect to the final disposition of the remains of our soldier dead. The legal next of kin change their requests from time to time, therefore it cannot be said definitely how many of our soldier dead interred in this cemetery or in other temporary cemeteries in France will remain permanently interred overseas. It is estimated at the present time that about sixty per cent of our soldier dead will be returned to the United States and forty per cent will remain in Europe.

BARNICK, George C.

Mr. Phillip H. Barnick,
Wells, Minn.,
U.S.A.

Dear Sir:

Your letter of May 21, 1920, regarding the placing of a head-stone on the grave of Private George C. Barnick, Machine Gun Co., 362nd Infantry, is acknowledged.

This case has been fully considered and it has been decided that the markers on the graves in Europe shall be uniform, at least, until the final policy regarding standard markers is decided. This stone will, accordingly, remain in the possession of the caretaker in the cemetery of Bonnières-sur-Seine until such time as the operations of the American Graves Registration Service in Europe shall have completed the work in that area. If after that time you have received authority from the Quartermaster General of the Army to take possession of the body where it now lies, this office will be glad to turn the grave over to your care, and the grave marker will be put in place by the employees of this service.

Gentlemen

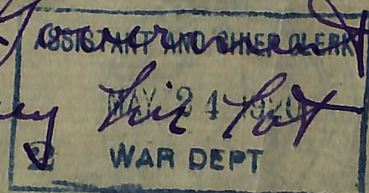

With Reference to your over Sea
Graves Registration Service R.M.C.

12 Rue Boissy d'Anglas Paris, France

I am informed that this Department
is holding up a small Freight Ship
made from this Country to Bouviers France
The Shipment is now in Le Havre France
and contains a grave marker of 200 lb
in weight 2 ft in height about 5 in diameter
of Stone Emerald Pearl and is intended
to mark the grave of Pvt Geo O Barnes
362 M. H. Co Infantry whose grave has been
adopted and is cared for by a French Family
near Bouviers France where I intend
his Remains shall remain in its present
resting place where he now sleeps in Rest
that now no waste

By audited, not
repeated, not
6/29/20

And it was with this understanding
that his Remains are to be left in France
that is to Rest where he now lays were all
arrangements have been arranged to the final
Now as to the Location of the Cemetery we
say from the Best Information to be
had it is an area to a French Cemetery
near the Village of Bonnières where he to go
With 28 Comrades were instantly killed
in a Train Wreck. This Cemetery is now at
No 367 and is not located in some field
of an undesirable location and is of a
more or less private order and fenced and en-
closed by local Citizens as each Grave of the
unfortunate has been adopted by some local
family. I see of no just and fair reason
why the Oversea Department should hold
up this shipment or with the temporary
of sitting the same at his grave until
I would can give the matter my personal
attention in sitting this little matter
as this is of no expense to the Govt
even though I have to buy this lot
where he now is at Rest
hoping you may bring about an early
understanding in the matter
Yours very truly
