November 10, 1926.

Mr. H. Bennetts,
8 Duke St.,
St. Austell, Cornwall, England.

Dear Sir:

The Quartermaster General desires to invite your attention to the inclosed card which gives the permanent cemetery location of the soldier's grave in which you are interested.

This American overseas military cemetery is to be maintained by the United States for all time. The graves will be permanently marked by white headstones inscribed with the name, rank, division, organization, date of soldier's death and State from which he came. Headstones will be placed at all graves, as soon as possible, and without necessity for special action or request on the part of relatives.

Please be assured that in effecting removal of the dead, the utmost reverential care was exercised by those who performed this sacred duty. For the future, these graves will be perpetually maintained by the Government in a manner befitting the last resting place of our heroes.

Very truly yours,

F. H. POPE,
Colonel, Q. M. G.,
Assistant.

Subject: Grave 62 has been carried on records as containing the body of Harry Bennetts but upon disinterment for concentration a tag was found bearing the name of Arthur Baron a French soldier.

16-A was forwarded from Europe requesting this office to check Dental Chart of this soldier with that found on this form. Also, letter contained a statement from French Authorities to the effect that Arthur Baron had been discharged Sept. 21 1919. Investigator finds this organization was in this locality at the time of Pvt. Bennetts death.

By your letter N° 6652 dated April 29th. 1922, you informed us that the Am. G.R.S. has exhumed the body of a soldier bearing on his wrist an identity tag on which the following indications are mentioned :

B A R O N Arthur

1916 - NARBONNE 1918.

which seem to correspond to a French soldier.

After enquiry made at the "Bureau de Recrutement" at NARBONNE, it results that the said BARON, Arthur, Cl.1916 N° 918 belonging to the 75th. Inf. is not deceased, he having been relieved 21/9/19.

From the identity tag found on the body we are unable to identify the deceased.

The examination of the body and the uniform are the only way to recognised the nationality.

In the case of a French soldier would you be kind enough to inform us and also indicate from where he has been exhumed.
