Dear Sir:

The Quartermaster General desires to invite your attention to the inclosed card which gives the permanent cemetery location of the soldier's grave in which you are interested.

Enter information, as noted below, on reverse side of sheet in the *corresponding numbered space*. This form is supplemental to and is to be forwarded with G. R. S. Form 1-a, reporting reburial locations. To be used in answer to Questions 26, Form 114, in case no means of identification on body.

1. Show soldier's name, serial number, rank and organization, and by whom disinterred and reburied.
2. Give date and accurate information as to location from which the body was disinterred and the group and unit which made disinterment.
3. Give date and accurate information as to location of reburial and the group and unit which made reburial, and how reburial was made—in casket, wooden box, etc.
4. State to what degree decomposition has progressed, whether recognition is possible, and how the body was originally buried—in a casket, box, burlap, etc. This statement should be as complete as possible.
5. (a) State whether identification tags were found buried with body and on grave marker by reporting "Yes" or "No".
(b) State whether or not body appears to have been a hospital case. Were any identifying articles found in or on body or grave? Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspids (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

CARIES (CAVITIES)	Outline location and size of cavity, shade in thus:	 <p style="text-align: center;">CAVITY DECAYED DECAYED</p>
DENTURES (PLATES)	Draw diagram of relative size and shape of plate block in teeth attached and indicate retaining clasps on natural teeth with the word "clasp"	

7. Show name of person supervising the disinterment and the name and title of the person approving same.
